

## ProQuest Dissertations & Theses

### Looking for a thesis in your topic area, or investigating research methodologies?

ProQuest Dissertations & Theses database provides online access to citations and abstracts for doctoral dissertations and masters' theses in North America and Europe.

The database includes the first U.S. dissertation, accepted in 1861, to those accepted as recently as last semester. Citations for dissertations published from 1980 forward include 350-word abstracts written by the author. Citations for master's theses from 1988 forward include 150-word abstracts.

Dissertations and theses published since 1997 have a 24 page preview and are available in fulltext PDF digital format for purchase. For information on how to obtain the full dissertation, phone 1800 659460 for Document Supply Services or go to their website at <http://www.scu.edu.au/library/docsupply/index.html>.

To Access Proquest Dissertations & Theses:

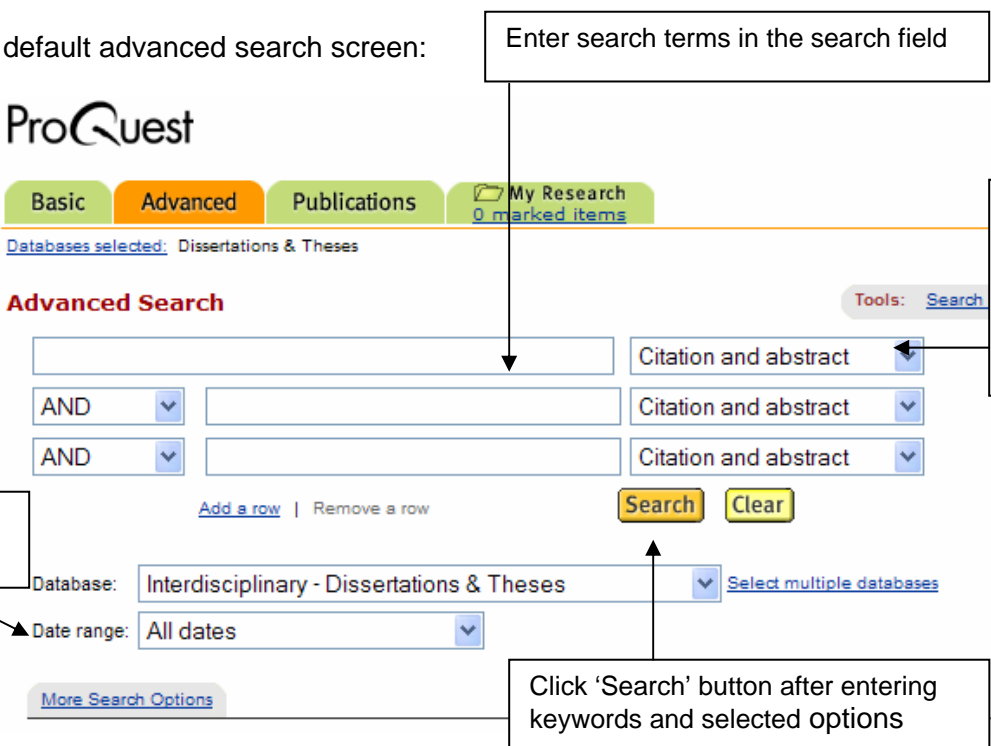

Go to the library homepage at <http://www.scu.edu.au/library>

Under Finding Information, click on Library databases

From the library databases page – click “P” – select **ProQuest Dissertations & Theses**.

## Searching

This is the default advanced search screen:

The screenshot shows the ProQuest Advanced Search interface. At the top, there are tabs for 'Basic', 'Advanced', 'Publications', and 'My Research'. Below the tabs, it says 'Databases selected: Dissertations & Theses'. The main section is titled 'Advanced Search' and features a search field with a dropdown menu set to 'Citation and abstract'. Below the search field are three rows of search criteria, each with an 'AND' dropdown and a search field. At the bottom, there are 'Search' and 'Clear' buttons. A 'Date range' dropdown is set to 'All dates'. The database is set to 'Interdisciplinary - Dissertations & Theses'. Annotations with arrows point to various elements: 'Enter search terms in the search field' points to the search input; 'Select 'Citation and abstracts' from the drop-down menu or other field: author, title, etc.' points to the dropdown menu; 'Select the date range required' points to the 'Date range' dropdown; and 'Click 'Search' button after entering keywords and selected options' points to the 'Search' button.

## More search options

Use the specialised fields to simplify your search, eg you can search for papers submitted to a particular university or school, or you want your results to only include doctoral dissertations and not masters theses or other document, etc.
