Welcome

Welcome to the School of Health and Human Sciences.

It's my pleasure as the Dean of Health and the Head of School to welcome you in the various disciplines we offer within the School.

Our goal here is to improve the health, over the lifespan, of our people through the provision of quality education, research, and regional engagement working closely with the health and health science community.

It's a time of tremendous change within society, not just with regard to higher education, but also with regard to the healthcare industry and related sciences. All governments, across the globe, are beginning to think and change how they provide healthcare to the populations in which they serve. Their desire is to keep us healthier, for longer, rather than wait for us to become sick and need expensive services. In the near future, hospitals will become different in their orientation and the types of activity that they pursue will change. Superclinics are being developed to provide primary and community care, offering much more interdisciplinary care and learning in order to target chronic disease, ageing, and youth and children's issues in terms of healthcare provision. There is a stronger focus on encouraging healthier lifestyles. The impact on Schools, such as the School of Health and Human Sciences, is to ensure we produce knowledgeable, skilled practitioners and scientists who can help meet these challenges.

The School is divided into various discipline areas to help us meet these challenges. Each led by a discipline lead. There are a number of program areas across these disciplines, including nursing, osteopathy, nutrition, occupational therapy, exercise science, clinical exercise physiology, sport management, psychology, midwifery and various generic clinical pathways such as nutrition and remedial massage. The School offers under graduate and post graduate courses as well as continuing professional education programs. These program areas are expanding. In 2013 we plan to introduce programs in speech pathology and podiatry. Also in partnership with the TAFE and VET sectors we will continue to develop new pathways within our Clinical Sciences degree e.g. Podorthics. An exciting development will be in the offering of an Associate Degree in Allied Health. This will be followed by a pathway in Ageing. The courses we offer are approved by various professional accreditation bodies and conform to legal requirements.

Most of our courses require work-based learning, so you will get out and meet real people with real issues thereby enabling you to be part of a healthcare team resolved to promoting health, restoring health, preventing ill-health or helping people to adapt or seek a dignified death.

Getting your degree is a journey, it's not a destination. We're here to help you. It's a partnership between us. We are the first partnership in helping you to forge a career in your chosen field. A career which could take you far and wide over the next 40 years.

Professor Iain Graham
Dean of Health
Head of School
School of Health and Human Sciences

How to use this guide

This course enrolment guide has been developed to assist students with unit selection, to facilitate online enrolment and provide advice about important contacts, resources and support services available. It is also a valuable resource containing easily referenced material that no student should be without.

- **Part One** contains course-specific information and sets out the structure of the course, maps suggested or compulsory unit progressions and shows specialisation sequences per study period, if applicable.
- **Part Two** provides helpful information in relation to important dates, useful websites and relevant administrative information including the contact details of specialist staff within the University who are available to assist with specific enquiries.

What to do next

1. Visit the [Getting Started](#) website. This site contains the steps needed to:
 - gain access to [My Enrolment](#)
 - check student details
 - accept an offer
 - choose a payment option
 - gain access to [MySCU](#) and [SCU webmail](#).
2. **Print or download this Course Enrolment Guide** and retain it for reference throughout the duration of the course.
3. Choose units to study using the course structure and unit information provided in this Course Enrolment Guide. Remember to:
 - read this guide carefully as it will recommend units for enrolment in each study period
 - choose units for each Session or Trimester within the academic year and understand where those units fit into the course structure
 - consider using Session 3 (an optional study period) to spread study load, dedicate time to studying units that might need a concentrated effort, or fast track and complete studies earlier.
4. Enrol in units for the **whole year** using [My Enrolment](#).
Enrolment for 2013 opens on 2 October 2012. Students will receive a notification advising that enrolment is open in their SCU Webmail account. Look out for this email and enrol early.
SCU requires students to plan their studies in advance and enrol in units for the full academic year. Students self manage their enrolment online in My Enrolment and can change enrolled units, add more units or withdraw from units up until the start of each study period.
5. Check the census date for each unit using [My Enrolment](#).
Each unit of study (subject) has a census date that is the day upon which a student's enrolment for unit(s) in the study period becomes final. After the census date a student cannot enrol or withdraw from units without financial and/or academic liability.
Census dates can be found in *My Enrolment* under *Study Plans* then *Current Enrolment Including Census Date*.
6. Access the School Student Centre and Unit Learning Site(s) in [MySCU](#).
A Unit Learning Site is generated for every unit in which a student has an official enrolment.

One week before the start of each study period, the Unit Learning Sites will open. Inside the Unit Learning Site students will find the **Unit Information Guide** and **Study Guide**. It is very important students visit this site regularly – SCU recommends students visit every day during the study period.

7. Check the [Class Timetable](#).
Internal students will need to check the class timetable to find out when classes have been scheduled for the activities that have been planned for the on-campus units in which they are enrolled.
8. Register for on-campus classes online through [My Enrolment](#):
 - Students who enrol in any on-campus units (internal mode), should attend the scheduled on campus classes for the activities listed in the class timetable.
 - Session students must check the [class timetable](#) to see whether they need to register into any classes. Classes fill up quickly so register early. Students will receive an email in their SCU Webmail account to advise when registration will open.
 - Trimester students do not register into classes as there is usually only one class to attend.
 - Distance education (university-wide; external mode) and online students do not need to attend classes and will find all the information to start studying in their Unit Learning Site(s).
9. Once students are admitted to their course, enrolled in units and registered into classes, they are ready to start studying. SCU recommends students now visit the [Orientation](#) website to find out about scheduled activities, sporting facilities, mentors, counselling services and lots more.

Need assistance?

For assistance with My Enrolment refer to:

- the [Demonstration Guides](#) located on the Student Enrolment and Support Services site; or
- contact Student Services on 1800 626 481; or
- email enrol@scu.edu.au

For assistance with course structure and study plan advice, students should contact the School Student Liaison and Support Team. Contact details are listed at the end of Part One in this guide.

Welcome to SCU! We hope you enjoy your studies. Remember, staff are here to help, so don't be afraid to contact us.

[Important notice](#)

A student's course is governed by the Award Rules for the year in which they commenced study. It is important students become familiar with the Award Rules for their course, which can be found in the [Student Handbook](#).

If a student is unable to adhere to the structure in place when study commenced, they must consult with a School Student Liaison Officer.

The information contained in this guide is correct at the date of publication. This guide is revised each year.

Course and Enrolment Information

Course overview

Master of Clinical Leadership

The Master of Clinical Leadership provides a pathway for health professionals seeking to develop and/or upgrade their clinical leadership and management knowledge skills. It also provides the opportunity for senior health leaders to develop best practice within clinical education and teaching contexts. The course was planned in collaboration with, and support from the School of Health, University of New England, and key health service providers in the North Coast Area Health Service and the Hunter New England Area Health Service. Candidates study up to 50% of the award by enrolling at either the Southern Cross University or University of New England, for which cross-institutional credit will be provided.

Career opportunities

Graduates will be equipped with management and leadership skills at senior levels within the health care system. Their career paths can range from advancements to senior management, health education, advanced clinical practice and clinical consultation. The focus of the course is the preparation of senior leaders and managers in health knowledge, skills and clinical teaching.

Major areas of study

Specialisations include:

- Health Management and Leadership
- Clinical Education and Teaching

2013 Course Rules

The Award Rules for each course are published in the *Student Handbook*. Copies of the Handbook are available for purchase at the Coop Bookshop. An online version of the Handbook is available from the Southern Cross University website at www.scu.edu.au/handbook

Level of Award	Postgraduate Degree
Academic Organisational Unit	School of Health and Human Sciences
Campus	Lismore
Course Mode	External
Duration	12 study periods
Total Units	16

Specific Award Rules

See the University's Rules Relating to Awards, in conjunction with the Specific Award Rules listed below.

4.1 Admission to Candidature

- a) As an alternative to Rule 2.3(a) of the University's Rules Relating to Awards, applicants for admission to candidature in the Master of Clinical Leadership (Advanced) may be selected where they can demonstrate academic or professional standing considered by the School Board to be equivalent to the requirements of Rule 2.3(a); and
- b) (i) Have been born in one of the countries listed in Schedule A attached to rule 2.2(g) and have completed at least one year of full time (or equivalent) study at the level of AQF diploma (or equivalent) or above and the language in which that qualification was taught was English; or
- c) (ii) An applicant must be able to demonstrate proof of English proficiency by obtaining an overall band score of not less than 6.5 in the International English Language Testing System (including a minimum score of 6.0 in the sub-bands) or equivalent TOEFL or comparable test as determined by the Academic Board.

4.2 Requirements for an Award

- a) To be eligible for the Master of Clinical Leadership (Advanced) a candidate shall successfully complete not less than sixteen (16) units comprising:
 - i. All units listed in Part A of the Schedule of Units; and
 - ii. Four (4) units from a named specialisation in Part B of the Schedule, or any four (4) units from Part B of the Schedule; plus
 - iii. Four (4) units from Part C of the Schedule; and
 - iv. Two (2) double-weighted units from Part D of the Schedule attached to these Rules or prescribed units from the University of New England
- b) To be eligible for the Master of Clinical Leadership a candidate shall successfully complete twelve (12) units comprising:
 - i. All units listed in Part A of the Schedule of Units; and
 - ii. Four (4) units from a named specialisation in Part B of the Schedule, or any four (4) units from Part B of the Schedule; and
 - iii. Four (4) units from Part C of the Schedule attached to these Rules.
- c) A candidate, who while enrolled in the Master of Clinical Leadership (Advanced) has satisfied the requirements for the Master of Clinical Leadership, may elect to be awarded the Master of Clinical Leadership following withdrawal of candidature from the Master of Clinical Leadership (Advanced).

- d) A candidate, who while enrolled in the Master of Clinical Leadership (Advanced) or Master of Clinical Leadership has satisfied the requirements for the Graduate Diploma of Clinical Leadership, may elect to be awarded the Graduate Diploma of Clinical Leadership following withdrawal of candidature from the Master of Clinical Leadership (Advanced) or Master of Clinical leadership award.
- e) A candidate, who while enrolled in the Master of Clinical Leadership (Advanced) or Master of Clinical Leadership has satisfied the requirements for the Graduate Certificate in Clinical Leadership, may elect to graduate with this award following withdrawal from the Master of Clinical Leadership (Advanced) or Master of Clinical Leadership award.

4.3 Advanced Standing

- a) Candidates who have successfully completed a professional development program offered by a State or National Government health authority may apply to have the relevant prior study assessed for advanced standing, on a case by case basis.
- b) Candidates completing cross institutional study of prescribed University of New England units by cross institutional study will be awarded advanced standing for the relevant units on demonstrated successful completion.
- c) Candidates may not be awarded overall more than 50% of advanced standing into this award including advanced standing awarded on the basis of cross institutional study with the University of New England.

Choose units to study

Students should use the following sections of this Course Enrolment Guide to:

- make a decision regarding the units they wish to study for the whole year and enrol in these units in [My Enrolment](#)
- determine where those units fit into the course structure. Please note, it is much easier for students to enrol in their chosen units when they know what part of the course structure they belong to. For example, if a student has chosen to enrol in a unit that is part of a major, then when enrolling online, students must choose the major before they can choose the unit
- check the availability and requisite information of each unit using the Unit Availability Table and the SCU *Schedule of Units*.

Course structure

Master of Clinical Leadership (Advanced) (without a specialisation)	Master of Clinical Leadership (Advanced) (with a specialisation)
Masters (Advanced) Students must complete 4 units from Part A; <i>and</i> Any 4 units from Part B; <i>plus</i> 4 units from Part C; <i>and</i> 2 double weighted units from Part D or prescribed units from the University of New England.	Masters (Advanced) Students must complete 4 units from Part A; <i>and</i> 4 units from a named specialisation in Part B; <i>plus</i> 4 units from Part C; <i>and</i> 2 double weighted units from Part D or prescribed units from the University of New England.
Masters Students must complete 4 units from Part A; <i>and</i> Any 4 units from Part B; <i>plus</i> 4 units from Part C.	Masters Students must complete 4 units from Part A; <i>and</i> 4 units from a named specialisation in Part B; <i>plus</i> 4 units from Part C.
Graduate Diploma Students complete 4 units from Part A <i>and</i> Any 4 units from Part B.	Graduate Diploma Students complete 4 units from Part A <i>and</i> 4 units from a specialisation in Part B.
Graduate Certificate Students to complete 4 units in Part A	

Exiting with a lesser award

If you wish to exit the Masters program at the Graduate Certificate or the Graduate Diploma level, please request your withdrawal from the Masters program in writing by sending an email to healthscience@scu.edu.au.

Cross-institutional studies

Students ready to commence units with the University of New England (UNE) as part of the cross-institutional studies are required to contact the Student Liaison Team in Health Science for an approval letter from our Course Coordinator by emailing healthscience@scu.edu.au

Students must provide the following information to SCU when requesting cross-institutional studies:

- Name and Student ID No.
- UNE unit code and unit name

- Study period you wish to commence
- Provide completed UNE Cross-Institutional Study Home Provider Endorsement Form to the Course Coordinator

Once the above information is provided we will be able to supply you with a letter which is required by UNE.

Students will need to complete the UNE Cross-Institutional Study Home Provider Endorsement Form and apply online by going to the following weblink:

<http://www.une.edu.au/for/current-students/forms/ss-xinst-non-award.php>

Checklist for students to do cross-institutional studies with UNE:

1. Letter for approval from SCU Course Coordinator
2. Complete UNE cross-institutional study home provider endorsement form
3. Apply for cross-institutional studies online

Students will need to organise enrolment at UNE, and to be aware that UNE has different requirements and deadlines for admission from SCU.

Schedule of Units

The Schedule of Units lists, alphabetically by unit name, all units planned to be taught at SCU in a particular study period, including:

- the unit code
- the unit availability (eg: Lismore, Coffs Harbour, Gold Coast, External)
- any pre-requisite conditions of study and enrolment restrictions.

There is a Schedule of Units for each study period (trimester and session) and separate schedules for undergraduate and postgraduate units.

The Schedule of Units printed in this guide is correct at the time of printing, however it is recommended students check the online [Schedule of Units](#) prior to enrolling as availabilities are updated regularly.

Master of Clinical Leadership Schedule of Units

Part A – Core units

Unit Code	Unit Name	University	Pre-requisites
CMM03140	Evidence Based Practice	SCU	Nil
HEA03414	Clinical Leaders as Clinical Innovators	SCU	Nil
HSHM400	Leadership, Teams and Decision-Making	UNE	Nil
EHPS590	Research Methods I	UNE	Nil

Part B - (Specialisation)

Health Management Specialisation

Unit Code	Unit Name	University	Pre-requisites
CMM03415	Health Systems Leadership	SCU	Nil
MNG00755	Strategic Issues in Health Management	SCU	Nil

Unit Code	Unit Name	University	Pre-requisites
HEA03416	Clinical Accountability: Principles and Practice	SCU	Nil

GCB	Gold Coast – Beachside Campus	DE	Distance Education (External)
L	Lismore Campus	ONL	Online

Definitions

Internal is a lecture-based course of study at a physical location e.g. Coffs Harbour, Lismore, Gold Coast, etc. Such a course may be web enhanced e.g. MySCU.

External (EXT) is an externally delivered course with study guides and course materials delivered via the post or made available online. Also called distance education or study via correspondence. It is typically web enhanced.

Online (ONL) is a course of study delivered exclusively online. All material for the unit is delivered online via the web.

Anti-requisite means a specified unit that is deemed to have content that is too much in common with another unit, thereby prohibiting enrolment in the other unit either concurrently with the specified unit, or where the specified unit has been successfully completed.

Co-requisite means a unit which a candidate is normally required to enrol in concurrently with another specified unit.

Pre-requisite means a unit which a candidate must have successfully completed before enrolling in another specified unit.

Elective unit means a free choice unit drawn from anywhere within the University.

Enrolment Restrictions are the enrolment conditions for a particular unit or course that if relevant are found directly under any requisites for the relevant unit in the Unit Availability Table.

Unit descriptions

Core units - Part A (compulsory)

CMM03410 Evidence Based Practice

Introduces students to an evidence based approach to clinical and public health practice. Students are taught how to frame a relevant clinical or public health question, search and appraise the available evidence, and use this to develop appropriate responses in day-to-day practice and policy setting.

HEA03414 Clinical Leaders as Clinical Innovators

Clinical simulation allows health professionals to develop and refine problem solving decision making skills and clinical competence. This unit will introduce guidelines and principles for incorporating simulation as a teaching/learning strategy in health, by exploring teaching and learning methods, clinical models and educational practice used in the simulation pedagogy. The unit focuses on exploring theoretical approaches to best-practice teaching and learning strategies that are used to develop and deliver high and low fidelity simulated clinical education across a range of contexts and health professions.

HSHM400 Leadership, Teams and Decision-making

The aim of this unit is to develop students' interpersonal communication knowledge and skills, and to introduce them to a range of management theories and leadership concepts to aid their understanding of the functions, activities, and skills required to successfully perform the role of administrator. To these ends, the unit involves consideration of the behaviour of individuals, groups, and organisational communication in health care administration.

EPHS590 Research Methods I

This unit will introduce students to the characteristics of quantitative and qualitative research paradigms by exploring a diverse range of methods and designs. Students will be required to demonstrate skills in critical analysis and application of method(s) relevant to their discipline.

Part B units

Health Management and Leadership Specialisation

CMM03415 Health Systems Leadership

This unit aims to allow students to explore the complex interactions between population-based characteristics which impact on health systems and health care systems. This exploration includes a range of inputs and outputs to and from these systems.

MNG00755 Strategic Issues in Health Management

This unit examines health services management from the strategic management and planning perspectives. Factors from the external environment, such as the locus of power and control and economic, ethical and social influences will be critically applied to contemporary health services management issues. Critical examination of factors from the internal environment will include; organisational structure, professional workforce mix and planning and management within multidisciplinary organisations. Selected health issues will be used to exemplify the principles of strategic management. The pivotal role and the application of theoretical skills required of the health service manager will also be critically examined.

HEA03416 Clinical Accountability: Principles and Practices

This unit aims to assist students to develop an understanding of clinical accountability within the health care context. Students will be introduced to frameworks that make them accountable professionally, ethically and legally in their practice which is essential for understanding the role of clinical governance in safeguarding high standards of care and fostering an environment of practice development.

HSHM412 Health Systems Policy and Approaches

This unit is designed to facilitate an understanding of the health care service provision in Australia in the context of social, political and economic influences, which have shaped and continue to shape that system. The unit also compares health care systems operating in different countries of the world.

HSHM449 Management Issues and Approaches

Topics covered will include best practice in care delivery; policy directions and funding issues; overview of services, facilities and programs; understanding classification instruments; accreditation of services and facilities; human resource management; understanding financial management and budgeting.

HSHM444 Quality Management

This unit provides a broad description of the quality movement in health care, from 'quality' as defined by clinicians and health professionals, to 'quality' as defined by government and health consumers.

Clinical Education and Teaching Specialisation

TCH03409 Clinical Teaching and Supervision

This unit has been designed for health professionals who have responsibility for student learning within clinical contexts. Participants will have the opportunity to explore a range of approaches to clinical teaching and supervision, reflect on practice and apply best practice principles to their own clinical teaching contexts. The unit provides participants with opportunities to engage with the standards of their profession, make explicit the culture embedded within individual professions and to facilitate their students' exploration of the inter-relationship with other health disciplines. In addition, participants will explore various techniques of assessment used in clinical learning and methods for providing constructive feedback.

TCH03195 Curriculum Design and Review in Higher Education

This unit aims to assist current teachers in higher education to advance their understanding of contemporary curriculum issues in higher education and to improve their practice in curriculum development, design and review.

TCH03410 Community Engagement: Scholarship and Practice

The unit aims to introduce and enhance an understanding of community engagement in higher education through the lens of community engaged scholarship. It seeks to foster

critical reflection to consider the application of community engaged scholarship in the context of academic practice. Literature review and case study evaluation will identify principles of good community engagement practice. A community engaged practice plan will describe a process for orienting the practices of the learner to align with good practice principles in either community engaged research or community teaching and learning in their own disciplinary context. The unit will provide the opportunity to undertake structured reflection, peer exchange and dialogue.

HSNS470 Clinical Simulation and Skill Development for Health Curricula

Clinical simulation allows health professionals to develop and refine problem solving decision making skills and clinical competence. This unit will introduce guidelines and principles for incorporating simulation as a teaching/learning strategy in health, by exploring teaching and learning methods, clinical models and educational practice used in the simulation pedagogy. The unit focuses on exploring theoretical approaches to best-practice teaching and learning strategies that are used to develop and deliver high and low fidelity simulated clinical education across a range of contexts and health professions.

HSNS423 Theories and Models of Teaching and Learning in Health

This unit will examine various theories and models of teaching and learning in relation to health and health care environments. This unit will provide a theoretical basis for enabling clinical teaching and learning in various health care settings associated with education of undergraduate nursing students, professional health carers, clients and their significant others. The unit will focus primarily on adult teaching and learning theories that relate to clinical health care settings.

HSNS424 Reflective Teaching and Learning in Health

This unit develops the concept of reflective practice in health as an essential component of teaching skill development for health practitioners. It will utilise critical incident analysis and journal writing to examine issues and identify pathways to personal and professional change in health practice. Assessment will consist of an analysis of literature and a reflection on a critical incident.

Part C units

CMM03373 Program Development and Evaluation

This unit aims to provide students with a comprehensive understanding of program development and evaluation including program planning in response to identified health needs. Students will have the opportunity to develop a program plan that incorporates program design, implementation, monitoring and evaluation. The unit aims to extend students' knowledge and skills in the application of program development and evaluation.

CMM03374 Ethics, Human Rights and Health Law

This unit aims to provide students with the opportunity to examine the interface between ethics, human rights, public health law and public/primary health practice.

MAT003372 Biostatistics for Health Professionals

The unit will develop students' understanding of basic statistical methods and how they apply to the analysis of studies either from raw data or from scientific publications. Students will be required to become familiar with Microsoft Excel spreadsheet software and how to use its data analytical tools.

TCH03411 Higher Degree Research Supervision

This unit aims to develop and extend participants' repertoire of supervision skills and understandings through engagement with current literature, institutional practices and professional networks. Participants will have the opportunity to engage in critical self- reflection,

critical analysis and the scholarship of higher degree research supervision. This critical and practical engagement will be applied to their own supervisory practices and scenarios.

MNG00724 Human Resource Management

Discusses issues relating to the acquisition and maintenance of resources in the current organisational context of rapid change. Topics considered include job analysis and design, human resource planning, health and safety, selection and recruitment including equal employment opportunity considerations, career planning, performance appraisal, remuneration, training and development and global international HRM issues.

CMM03378 Rural, Regional and Remote Public Health

This unit aims to provide the opportunity for students to apply knowledge, technologies and skills of public health principles and practice to population health issues and service models relevant to regional, rural and remote settings of developed and developing nations.

CMM00705 Health and Epidemiology

The aim of this unit is to teach the fundamentals of epidemiology to facilitate the development of evidence-based health care policy. This is achieved by demonstrating the scope of epidemiological investigation, its methodologies and use of biostatistics with reference to issues in Australian and global health and disease. This unit is designed for students from a range of professional backgrounds who work in, or plan to work in the Australian health care system.

CMM03375 Population Health: Challenging Health Inequities

This unit aims to provide an overview of the language, key principles and frameworks which inform health equity practice. Students will be provided with the opportunity to examine current local, global and national strategies, tools and interventions that aim to reduce disparities in health.

HSHM443 Health Information and Knowledge Management

The understanding of the role of information, information systems and their management is one of the challenges for managers. This unit looks at the nature of information and the way it is used to support clinical services and to manage health organisations. It also discusses the revolution in technologies, the range of systems that are being developed and their impact on the operation and management of services. It finally deals with the challenges for management presented by these systems.

HSNS434 Strategies and Techniques for the Clinical Educator

This unit examines the environment for clinical teaching and learning in various health care settings and will focus on teaching methods and resources that facilitate learning.

HSNS427 Preceptorship in Health Care Settings

This unit will examine in detail the role and functions of the preceptor including teaching-learning styles, socialisation of neophytes, conflict management and extended communication strategies. Students will be asked to apply the theoretical concepts in their own contexts and to critically evaluate their level of achievement as preceptors.

HSHM542 Health Workforce and Human Resources (Human Resource Management)

This unit is designed to explore and analyse concepts related to the health workforce and to human resource management. It examines how an organisation's goals can be achieved through effective planning for and attracting, selecting, motivating, developing and compensating people who are willing and capable of contributing to the provision of quality health care.

HSHM447 Contemporary Issues in International Health

This unit is designed to provide an understanding of the mechanisms involved in the production of health including the role of social, economic and political factors in increasing health inequities in both developed and developing countries. The course reviews the relationship between health and development and provides a brief overview of the origins of some of the major health initiatives developed in the late 20th century. It questions the impact of these initiatives on the global burden of disease and explores possible alternatives for attaining improvements in health.

HSHM421 Financial and Economic Management in Health Services

This unit provides students with the knowledge and skills to promote effective, efficient and economic utilisation of the physical, material and fiscal resources in health services. The major topics include the economics and financing of health care, cost analysis, case-mix understanding, understanding the hospital accounting system and approaches to budgeting and variance analysis.

HSHM441 Management of Health Services

This unit provides an introduction to the context and role of health service management, management theory and the processes of management in health services. It aims to extend the student's thinking on issues currently affecting health services and encourages them to develop a firm understanding of theoretical concepts behind modern management practices.

Part D (Advanced)

CMM03260 Postgraduate Studies Project I (double weighted)

This unit provides students with the opportunity to develop a research plan to investigate a self-selected area of interest and relevance to their professional practice, with a view to broadening and deepening their understanding of literature analysis and research design.

CMM03262 Postgraduate Studies Project II (double weighted)

This unit provides students with an opportunity to obtain experience in conducting research, under supervision, and to produce a report that presents the research design, findings and implications of the investigation.

EDUC559 Education Dissertation (double weighted)

In this unit students will undertake an individual research project in which primary data shall be collected, analysed & discussed. The topics of this project and its subsequent implementation shall be determined in consultation with an academic supervisor.

EHPS591 Research Methods 2

This unit will introduce students to the characteristics of quantitative and qualitative research paradigms by exploring a diverse range of methods and designs. Students will be required to demonstrate skills in critical analysis and application of method(s) relevant to their discipline.

HS554B Reading Unit

This unit provides the opportunity for detailed study of a particular topic within a relevant area of health care which the student nominates and develops with the guidance of the unit coordinator. Students produce a significant review of the literature to answer the nominated question.

School contacts

Student Liaison Team

The Student Liaison Team aims to provide students with a high level of friendly, efficient and professional service and can be used as the first point of contact for enquiries regarding their course. If the Student Support/Liaison Team does not have the answer to a question, they will be able to refer students to the relevant area within the University or to the appropriate staff member.

Staff in the Student Liaison Team can provide assistance during the course of the students studies in relation to the following types of enquiries:

- enrolment advice
- course structure and planning
- unit selection
- assignment administration
- advanced standing
- special consideration
- general course administration
- support for Distance Education students.

Location: Student Support/Liaison Staff are located on each campus.

Hours: 9 am – 5 pm Monday to Friday.

Lismore Student Liaison Reception

Z Block
02 6626 9585

healthscience@scu.edu.au

Academic Staff

Academic staff are available to discuss any questions or issues students may have regarding specific unit or course content.

- **Course Coordinators** have responsibility for the overall coordination, development, review and administration of a course. Students should familiarise themselves with the name of their Course Coordinator.
- **Unit Assessors** have responsibility for the overall coordination, development, review and administration of a unit. Students should familiarise themselves with the name of their Unit Assessor.

Course Coordinator

Dr John Hurley

02 6659 3688

john.hurley@scu.edu.au

Part Two

Administrative and General Information

This section of the guide is a summary of administrative and general information relevant to students and their studies. Wherever possible students will be directed to sources of further information and assistance. A comprehensive list of useful websites is located at the end of this guide.

Fees

The cost of attending university will vary and much depends on your program of study. Expenses can generally be broken into three groups: study costs, living expenses and other expenses. This section focuses on study costs or fees and includes important information to remember when enrolling into units of study in a course.

At SCU a student is either a Commonwealth supported student or a fee-paying student, also known as a non-Commonwealth supported student.

Fee-paying students are required to pay full tuition fees for each unit of study.

Undergraduate courses

The University offers very few undergraduate fee-paying courses. Generally, undergraduate courses are Commonwealth-supported for eligible students.

Postgraduate courses

The majority of SCU fee-paying courses relate to postgraduate study and FEE-Help is available to eligible students.

Commonwealth-supported students

Every unit of study undertaken under Commonwealth support has a cost. The Commonwealth Government meets part of that cost and the student pays the other part. This student cost is called the Student Contribution Amount.

At SCU the Student Contribution varies and is determined by the units selected by each student, the discipline category or 'band' of the units studied and the year the student commenced their course of study or degree. To find out exactly which band(s) your unit/s of study belong to visit the University's [Fees and Financial Assistance website](#)

Before enrolling in units for the first time, new students must read the 'Information for Commonwealth Supported Students' booklet available from SCU Student Services or at www.studyassist.gov.au

Students complete the request for Commonwealth Support Form (and HECS-Help) from SCU. This is known as an electronic 'Commonwealth Assistance Form' (eCAF), which is completed and submitted electronically via 'My Enrolment'. The eCAF must be completed before enrolment into any units.

The deadline for finalising payment arrangements for each unit of study is the census date.

Commonwealth-supported students can pay for all or part of their Student Contribution up front or defer payment to the Australian Tax Office (ATO) and repay it later through the Australian tax system when their income is above the nominated minimum threshold.

If the Student Contribution is paid on or before the census date a 10% discount applies for payment of \$500 or more.

Domestic fee-paying students

A fee-paying student, also known as a non-Commonwealth supported student, is required to pay full tuition fees for each unit of study in a study period. Eligible fee-paying students can either:

- pay some or all of their tuition fees up front on or before two weeks prior to the start of the study period; and/or
- apply for an Australian Government FEE-HELP loan for some or all of their tuition fees by submitting a 'Request for FEE-HELP assistance form' (eCAF). The Australian Government will pay the amount of the loan to SCU on the student's behalf. A loan fee of 25% applies for undergraduate courses of study. There is no loan fee to a FEE-HELP loan for postgraduate study, enabling courses, units of study with Open Universities Australia and bridging study for overseas trained professionals.

The deadline for finalising payment arrangements via a FEE-Help loan is the census date.

To be eligible to receive a FEE-HELP loan the student must be an Australian citizen or holder of a Humanitarian visa. FEE-HELP is not available to New Zealand citizens or permanent residents.

Students, who wish to access a FEE-HELP loan, must read the 'FEE-HELP information booklet' available from Student Services or at www.studyassist.gov.au. They must also complete and submit an eCAF via 'My Enrolment' and provide their Tax File Number.

Payment of a FEE-HELP loan is deferred to the Australian Tax Office (ATO) and is repaid later through the Australian tax system when the student's income is above the nominated minimum threshold.

Services and Amenities Fee

During 2011, the Commonwealth Government passed legislation that enables Universities to levy an annual capped Services and Amenities Fee to students starting in 2012. In 2013, the capped fee is \$273 per student. The Higher Education Legislation Amendment (Student Services and Amenities) Bill 2011 clearly outlines the ways in which these funds can be used by Universities and focuses on essential student services that will support and enrich the student experience.

Eligible students are able to defer their Services and Amenities Fee (SAAF) to the Australian Taxation Office (ATO) by completing a 'Request for SA-HELP Assistance' eCAF in My Enrolment. To be eligible for the SA-HELP loan scheme the student must be an Australian citizen or holder of a Humanitarian visa. SA-HELP is not available to New Zealand citizens or permanent residents. The deadline for finalising payment arrangements via the SA-HELP loan is census date of the study period in which the fee is charged.

Students who wish to access a SA-HELP loan must read the 'SA-HELP information booklet' available from Student Services or at www.studyassist.gov.au and complete and submit the SA-HELP eCAF with a valid Tax File number through My Enrolment.

For more information about the Services and Amenities fee, what it will be used for, fee schedules, payment details, loan schemes available for eligible students and Frequently Asked Questions, please go to the [Services and Amenities Fee](#) website.

International onshore and miscellaneous fee-paying students

International onshore students and miscellaneous fee-paying students are required to ensure that their fees are paid on or before two weeks prior to the start of the study period.

International tuition fee information, including information about unit withdrawal impacts, due dates for student fees and refund rules, is available from the International Office and the SCU [Fees and Financial Assistance website](#).

To contact the International Office:

Phone: +61 2 6620 3876
Email: intoff@scu.edu.au

Remission of Student Contribution Amounts

Where extenuating circumstances exist, students may apply for a remission of the Student Contribution Amount by contacting Student Services.

More information

For more information on University fees or Commonwealth-supported places go to the University's [Fees and Financial Assistance website](#) and www.studyassist.gov.au

To contact Student Services:

Phone: 1800 626 481
Email: enrol@scu.edu.au

Other related costs

There are a number of other administrative fees that students may be required to pay at some time during their university life. These may include such things as textbooks, field trips, penalty charges (sanctions) and costs associated with graduation etc.

For further information see Administrative Charges in the [Student Handbook](#).

Income support and the Three-Session Teaching Calendar

The Southern Cross University three-session teaching calendar provides students with the flexibility to spread their full-time study load over three sessions, if they choose. This does not mean that students have to enrol in all three sessions to qualify for income support. There are many combinations of study that satisfy the eligibility criteria for income support. Students will still be able to study a full-time load over Session 1 and 2 and take Session 3 as a break. It is an optional study period. Schools will be offering units during Session 3 that will enable students to accelerate their learning or spread their study load. **Please note**, not all courses offer units in Session 3, students will need to check the Schedule of Units for that study period to see what is available to study.

Centrelink considers students to be full time if they are doing at least 75% of the full-time workload. At Southern Cross University one single weighted unit of study has a HECS loading of 0.125. Students need to demonstrate to Centrelink that they are studying at least 6 single-weighted units over the full teaching calendar year in order to be entitled to income support.

There is no obligation to study in all three sessions of the Teaching Calendar.

Requirements regarding full-time study can be found on the Centrelink website at <http://www.centrelink.gov.au/>. Students should discuss their eligibility for income support with Centrelink's Youth and Student Services by telephoning 132490.

Advantages of studying in Session 3

Session-based students are not obliged to study in Session 3; however there are advantages in doing so. Studying in Session 3 can help students to:

- fast track their studies
- dedicate time to studying a unit that might need a concentrated effort
- maintain their study momentum by undertaking a unit or units over the break between the end of Session 2 and commencement of Session 1 the following year
- catch up on failed units so that course progression and completion is not extended
- graduate sooner, if nearing course completion with 4 or less units to complete, consider studying these over session 3;
- negotiate a study plan with their School or College to align with Session 3 unit availabilities that suits individual goals and career aspirations

Please note, not all courses offer units in Session 3.

To find out more about the units available to study during Session 3 visit the SCU [Units Search](#). Here students will be able to search for units (subjects) by name, code, school or campus. Once a unit or list of units has been retrieved, students can also see a description of the unit by clicking on the unit name.

HINT: Prior to enrolling in a unit remember to check the [Schedule of Units](#) for any requisite requirements.

Study load for International onshore students

International onshore students must complete their course within the expected duration of study as specified by Standard 9 of the National Code of Practice 2007. This means Southern Cross University must monitor the study load of International onshore students to ensure they complete their course within the duration specified in their Confirmation of Enrolment (CoE) and do not exceed the allowable portion of online or distance learning. SCU will only enable students to extend the expected duration of study for the course through the issuing of a new CoE in limited circumstances.

International onshore students are required to complete eight (8) single-weighted units of study each year, or pro-rata if a student commences after the first study period.

Students can study up to twenty-five percent (25%) of their course by online and/or distance learning. Approval to study online or by distance education must be sought from the International Office using a 'Unit Approval Request' submitted through My Enrolment. Students undertaking a session or trimester based course must study at least one (1) unit that is not by distance or online in each mandatory study period.

Students studying in sessions

International onshore students who undertake a session-based course must study a minimum of four (4) units in each of the mandatory sessions (Sessions 1 and 2) to satisfy full-time enrolment. In special circumstances this can be varied.

Students not studying four units in each of the two mandatory sessions (Sessions 1 and 2) are required to liaise with an International Student Advisor to map and sign their study plan for each year of study.

Students studying in trimesters

International onshore students who undertake a trimester course are required to enrol in four (4) units per study period or in certain courses they are required to enrol in three (3) units per study period.

All trimesters are compulsory study periods; international onshore students must be enrolled in all study periods while on a student visa. Any variation to the required study load for trimester students must first be discussed with an International Student Advisor.

More information

For more information go to Southern Cross University's [International Office website](#) or the Australian Government – Australian Education International website at www.aei.gov.au

To contact Southern Cross University's International Office:

Phone: +61 2 6620 3876

Email: intoff@scu.edu.au

Census dates

Each unit of study in a study period at SCU has a census date that is the day upon which a student's enrolment for unit(s) in the study period becomes fixed and final. After the census date a student cannot enrol or withdraw from units without significant financial and/or academic liability.

If using the HECS-HELP or FEE-HELP Government loan schemes, the debt for units in the study period is deferred on the census date.

Census dates vary depending on the unit/s in which a student is enrolled. Therefore, it is important that students are aware of the census date for each enrolled unit for a particular study period.

To determine the actual census date for each unit of study, students must check My Enrolment:

- log into My Enrolment
- select *My Study Plans*
- from the menu to the left of the screen select *Current Enrolment*.

Each unit in which a student is enrolled will be displayed with the census date clearly identified.

Commonwealth Assistance Notices (CAN)

A Commonwealth Assistance Notice (CAN) is issued to all Commonwealth Supported, FEE-HELP and OS-HELP assisted students within twenty-eight (28) days past the census date for each unit of study. The CAN shows detailed enrolment information for each unit of study within the relevant study period including upfront student contribution amounts and/or amounts deferred via HECS-HELP, FEE-HELP or OS-HELP. The CAN is available by accessing My Enrolment (use the *My Finance* menu option). It is important to check all the information on your CAN within fourteen (14) days of its release. If you believe the information on the CAN is incorrect, please make a request in writing to enrol@scu.edu.au to have your information corrected.

More information

For more information on census dates or Commonwealth Assistance Notices go to the University's [Fee and Financial Assistance website](#).

Final date to enrol in unit/s

The final date to enrol in unit/s online without approval is the end of Week 2 (Sunday) of each study period. Students wishing to enrol in unit/s after this date will require approval from the relevant School and should submit a Unit Approval Request through My Enrolment stating the reason for the late enrolment. Where approval is not granted, the relevant School will contact the student.

Deferring studies

Students who cannot commence studies in this academic year can defer their studies and secure their place in the following year. However, if a student can commence studies in Session 2 or Session 3 they do not need to defer, they simply enrol in that study period, except for students enrolling into the Bachelor of Psychological Science (Hons) or the Post Graduate Diploma of Psychology who must commence study in Session 1.

Deferment is only available to applicants who have been made a Commonwealth Supported or Hotel School Employer Reserved offer. Deferment is not available for Bachelor of Education (Secondary) graduate entry, Bachelor of Laws graduate entry, Bachelor of Education (4th year upgrade), Bachelor of Psychological Science (Hons), Post Graduate Diploma of Psychology and all one year Honours courses. Deferment is also not available to continuing students (continuing students wishing to take a break from studies should refer to the section 'Leave of Absence').

Students can defer an offer to a course prior to accepting through My Enrolment. To defer an offer once a student has accepted, declined or enrolled in units, please send a request by email to defer@scu.edu.au.

Requests to defer an offer to a course must be submitted by the census date. Southern Cross University does not charge a deferment fee.

For more information about how to defer an offer please download the '[My Offers – Request to Defer your Offer](#)' guide, which is located on the Student Services downloads page under Student Support Material.

Advanced standing – recognition of prior work or study

At Southern Cross University a student's previous work or study experience may help them cut months off their degree.

Students who have completed tertiary study elsewhere, for example TAFE or university, or had work experience at a professional level during the past 10 years, may be eligible for Advanced Standing.

Advanced Standing is also known as Credit for previous study, Exemption, Recognition of Prior Learning (RPL) or Credit transfer.

The amount and type of credit awarded will determine a student's study plan so we recommend, where possible, students apply for advanced standing at the same time as they apply for admission.

International students should apply to be pre-assessed for advanced standing (Credit Transfer) at the time of lodging their application for admission to the International Office.

Students wishing to apply for advanced standing during their studies should submit an application to their School or Shared Services Centre at least one month before the start of the relevant study period. All requests for advanced standing must be completed before the final study period. This will ensure that course completion and graduation are not unnecessarily delayed.

Students should also check that the basis on which they are applying for advanced standing aligns with that stipulated for the course or the relevant School or College. Therefore, if applying for advanced standing solely on the basis of professional level experience it is important to

check with the relevant School or College to ensure that applications for advanced standing are accepted on this basis.

If applying for advanced standing based on previous tertiary study, including study at TAFE, private providers or other universities, please attach the following:

- Transcript/s for completed or partially completed qualification/s (including failures and an explanation of the grading system)
- Detailed course and/or unit outline/s

and where applicable:

- Statement of Attainment for partially completed qualification/s OR Testamur/Certificate for completed qualification/s.

Students who have previously been enrolled at Southern Cross University (SCU) will not generally need to submit their transcript of results but may need to supply copies of unit statements for units completed.

The documents submitted must be originals or certified copies of originals. Non-English documents must be submitted in the original language, accompanied by an authorised English translation. For further guidance download the Certification and Translation Guidelines, this is located on the [Advanced Standing website](#).

To apply for Advanced Standing students should first download and complete the [Advanced Standing Application Form](#).

Be sure to:

- read the form carefully
- print clearly and neatly, in English, using black pen, completing all relevant sections in full
- initial and date any change that you make to the form
- sign and date Part 3, DECLARATION
- photocopy the completed form for your records
- securely attach supporting documents to the form. Individual schools may have particular documents that will be required, if this is the case those documents will be noted in Part One of this guide.

Submit the Application for Advanced Standing together with supporting documents to the relevant School or College, or Shared Services Centre.

It may take from one to four weeks to process and assess an application, depending on the level of assessment complexity and whether complete information and sufficient supporting documents have been supplied.

Students will be notified of the outcome in writing. International students studying in Australia, who have applied and been granted advanced standing following the commencement of the course, are required by the Education Services for Overseas Students (ESOS) Act to acknowledge, in writing, acceptance of the advanced standing granted. The 'Advanced Standing Acceptance Declaration', supplied with the notification of advanced standing, must be signed, dated and returned to the SCU International Office within two calendar weeks of the date of the 'Advanced Standing Notification'. The International Office will then vary the period of study on an International student's Confirmation of Enrolment (CoE).

Students may query the outcome of their Application for Advanced Standing and may appeal any decision except academic judgement. Appeals will be dealt with in accordance with the Student Grievance Policy.

A student who has accepted advanced standing may at any time, apply in writing to the relevant School or College to rescind (withdraw, overturn or cancel) part or all of this credit. Requests to rescind credit will only be approved for sound academic reasons (e.g. the student wishes to undertake the unit, to change direction in their degree or undertake an approved

exchange or study abroad program). Once credit has been rescinded, students will not automatically be re-granted that credit.

Any advanced standing granted or rescinded will affect a student's study plan and the units in which they will need to enrol to complete their course. For study plan and unit sequence advice contact the relevant School or College. International students should consult their International Refund Policy ('Listed in your Acceptance of Offer Agreement') about the refund impacts this may have.

Advanced Standing Search Website

The Southern Cross University (SCU) [Advanced Standing Search](#) allows you to see how much advanced standing you may be granted for your previous studies.

More information

For more information go to Southern Cross University's [Advanced Standing website](#).

Class timetabling

Information about class timetables is available from the University's [Class and Exam Timetables](#) website. This represents the most up-to-date timetable information for SCU on-campus students and does not apply to external studies.

Students can use the timetables online search facility to check class timetables for the following locations:

- Coffs Harbour
- Gold Coast–Beachside
- Lismore
- Port Macquarie
- Tweed Heads - Lakeside
- Tweed Heads - Riverside

Please continue to check timetables periodically as times may change.

Class registration

Students who elect to enrol in units offered internally must register for classes online. Students will receive an email from Student Services advising when online class registration is open for each study period. All Schools/Colleges use online class registration and students must register for classes through My Enrolment. Please note some students do not register for classes, for example, distance education/external/university-wide students.

It is easier for students to register into their preferred class if they already know the class they wish to take. Therefore, we recommend students review the class timetables for their enrolled units prior to class registration opening and to have alternative classes selected in case their preferred class is already full. This will make online registration easier. Remember – you must be enrolled in the unit before you can register into classes.

There are very few classes that do not register online. However, if a unit has only one class scheduled (i.e. there is no choice about the days students can attend classes), then students will be automatically allocated to that class. Students will see they have been registered into the class when they look at their timetable in My Enrolment.

Where there is a choice of classes (usually for tutorials, workshops or Lab sessions), then students must register for classes online through My Enrolment (use the *My Classes* menu option).

Class registration opens progressively during the week for Schools/Colleges. Please note, units belong to each School; students should ensure that classes are open before they try to register. This is particularly important for students who are studying units across schools.

HINT: the earlier a student registers for classes once class registration opens the greater chance they have of gaining their first preference of class.

For more information about class registration download the Student Services Demonstration Guides: [My Classes – Registering in Classes](#).

Leave of absence

Students can apply for a Leave of Absence for up to one year (12 months) provided they have remained enrolled in at least one unit of study past a given census date. Students can apply for an extended Leave of Absence up to two years (24 months) upon approval from the relevant School.

Applications for Leave of Absence are submitted through My Enrolment.

Students who do not make application for a Leave of Absence will be automatically withdrawn from their course of study where no enrolment is evident after a certain period. Should the student wish to return to study at a later date, they will need to re-apply to the University either directly or via UAC/QTAC and either provide the same supporting documentation as the initial application or evidence of the SCU study prior to withdrawal.

International onshore students are only permitted six (6) months Leave of Absence. All International onshore students considering taking a Leave of Absence must first seek approval from the SCU International Office.

For further information please refer to Rules Relating to Awards in the Student Handbook (see Rule 2.7(a-f)).

Variation to enrolment

A student may vary their original unit enrolment details through My Enrolment. Deadlines exist for enrolment variations and course and unit withdrawals. Changing the mode of study, for example internal (on-campus) to external study (distance education/university wide), and unit substitutions are enrolment variation requests and are subject to the same deadlines.

The dates by which a student must vary their enrolment are set out in the Principal Dates section of the Student Handbook. Enrolment variations after the prescribed dates can affect a student's academic record and financial liability.

International onshore students on a student visa are only permitted to study twenty-five (25) percent of their course by distance education (external/university wide). All International onshore students considering varying their enrolment to include external units must first seek approval from the SCU International Office.

Withdrawing from a course or unit

After certain dates in the academic calendar have passed, withdrawing from a course or unit can have a serious impact on a student's financial liability and/or academic record.

Withdrawing from unit/s without incurring a Student Contribution Amount

The final day to withdraw from unit/s without incurring a Student Contribution Amount (SCA) is the census date. Census dates vary depending on the unit/s in which a student is enrolled. Students can check the census date for each enrolled unit through My Enrolment. Each enrolled unit will be displayed with its census date clearly identified. Students who withdraw from unit/s after census date will incur a SCA.

Withdrawing from unit/s without incurring a Fail grade

The final day to withdraw from unit/s without incurring a Fail grade is referred to as the 'Withdrawal Without Failure' date. Withdrawal Without Failure will still incur a Student Contribution Amount as the final day to withdraw without incurring this debt is census date. Students who withdraw from unit/s after the Withdrawal Without Failure date will incur a Fail

grade. To check the final day to withdraw without incurring a Fail grade go to the teaching calendar [Key Dates](#) published on the SCU Student Services website.

Fee-paying courses

If you are enrolled in a fee-paying course and you withdraw from your course or unit/s after the start of the study period you may be liable for a partial fee. Refer to the University Refund Policy set out in the Rules Relating to Student Fees and Charges in the Student Handbook.

It is the responsibility of each student to be aware of the relevant dates and consequences before withdrawing from a course or unit. Course or unit withdrawal can be done through My Enrolment.

Regulations relating to a course or unit withdrawal are also set out in the Enrolment Rules, which are printed in the Rules section of the Student Handbook.

Students who require further information or assistance should contact Student Services on:

Phone: 1800 626 481

Email: enrol@scu.edu.au

International onshore students

International onshore students should contact the International Office if they intend to withdraw from their course.

Phone: +61 2 6620 3876

Email: intoff@scu.edu.au

Further information about unit withdrawal impacts for International students are detailed at www.scu.edu.au/students/fees/index.php/14/

Cross-institutional studies

It may be possible for SCU students to undertake a unit/s of study at another university and have the unit/s credited to their award (course, degree or program).

Students interested in applying for approval to study cross-institutionally at another institution should first discuss their intention with their school. The School may require the application to be in writing and accompanied by the unit statement/s for the unit/s a student wishes to study.

Where the request is approved, the School will provide written approval, which will be required by the university that you wish to study at. It is the student's responsibility to organise enrolment at that university. As each university will have different requirements and deadlines, students will need to check these carefully.

On completion of cross-institutional study, the student will need to provide their School with their academic transcript, or a certified copy, attached to a completed Advanced Standing Application form to have the unit/s credited towards their SCU degree. To avoid delays with graduation, please make sure that all applications for advanced standing are submitted as soon as possible after the completion of cross-institutional study.

International onshore students on a student visa are only permitted to study twenty-five (25) percent of their course by distance education (external/university wide), which includes cross-institutional studies. All International onshore students considering undertaking a unit of study at another university must first seek approval from the SCU International Office.

Students studying at other universities may apply to study cross-institutionally at SCU. Application is made direct to SCU using the University's Direct Application form. Normal admission deadlines apply.

Please note, not all courses allow students to undertake cross-institutional study.

For more information please contact your School Student Liaison Officer (contact details in Part One of this guide) or Student Services:

Phone: 1800 626 481

Email: stadmin@scu.edu.au

International onshore students should contact Southern Cross University's International Office:

Phone: +61 2 6620 3876

Email: intoff@scu.edu.au

Course transfer

If you are currently admitted to a course at Southern Cross University you may apply for a course transfer to study a different Southern Cross University course. Students can apply to do so by making application online through My Enrolment.

If you are seeking credit transfer (advanced standing) for units in the course that you are transferring to based on similar units you have studied in your current course, please complete an Advanced Standing Application form. You will not have to supply supporting documentation as a copy of your academic record will be accessed to ascertain your eligibility to course and credit transfer.

Students cannot transfer to another course at another University or Higher Education Institute. Instead you must withdraw from the SCU course using My Enrolment and make application to the new institute via their published application process.

Please note students wishing to exit from an SCU course with a lesser award should contact the relevant School or College for further information.

Further information about enrolment issues

Further information or assistance regarding enrolment issues is available by consulting:

- the relevant course and unit entries in the Student Handbook
- the relevant Enrolment Rules in the Rules section of the Student Handbook
- the relevant School or College Student Liaison or Support Team
- a Student Services Enrolment Officer:

Phone: 1800 626 481

Email: enrol@scu.edu.au

MySCU

MySCU is a student's point of entry to a range of online services and resources that support study and student life. The portal includes **Unit Learning Sites** and **Information Sites** where students can access resources, communication tools and useful links that are integral to their studies.

Students should regularly check the following location in their browser:

<http://study.scu.edu.au>

This opens the MySCU student intranet page.

MySCU Information Sites

MySCU information sites contain the Student Centres for each School and are typically online information forums specifically developed to support students studying units offered by a particular school. Following are examples of the information that may be contained within School Student Centres:

- **Notice Board** contains important announcements posted in relation to administrative deadlines, re-enrolment, examinations, upcoming events and internship opportunities, as well as a range of other relevant details.

- **Information** about advanced standing, leave of absence, candidature extension and graduation together with links to other University sites such as Schedule of Units, principal dates, Student Handbook, special consideration and examination, maps, student classifieds and My Enrolment.
- **Textbooks and Timetables** - links students to information about textbooks and timetables for classes and examinations.
- **Course Information** contains links to current course enrolment guides and relevant course related information.
- **Unit Assessor List** for units on offer in each study period.
- **Discussion Board** - an interactive forum that allows students to communicate with staff and/or network with other students.
- **Staff Contacts** - lists School staff and their contact details.
- **Job Opportunities** - provides students with information in relation to employment vacancies and where applicable opportunities for industry scholarships.
- **Important Links** are also provided to the University Co-op Bookshop, Schedule of Units, University Library, Student Services, Academic Skills Development and Counselling Services.

MySCU Learning Sites

A unit Learning Site is a central place to access information, learning resources and activities for each unit of study in which a student is currently enrolled. Within these sites students can access essential information including the Unit Information Guide and content (that can be presented as text and multimedia formats), participate in learning activities such as online sessions and assessment tasks, and interact with teaching staff and fellow students.

The **Unit Information Guide** is important for study as it contains details of the aims, objectives and syllabus of the unit, details of essential readings and textbooks (if applicable) as well as due dates for assessment tasks.

Through Learning Sites students may be provided with access to interactive communication tools to share ideas and content with your teachers and fellow students. For example, students may have access to discussion forums, blogs and wikis, email, instant messaging, recordings of lectures and online class sessions via **Blackboard Collaborate** with live audio, video, text chat and shared, interactive content (e.g. PowerPoint presentations, Excel spreadsheets).

Students will obtain access to MySCU Learning Sites one week prior to the commencement of the study period providing they are enrolled in that unit. Please note Learning Sites will be open to allow students to become familiar with the site and to download information but teaching and online interaction will not occur until the first teaching day of the study period.

If the symbol  is displayed to the left of the link to the Learning Site this means the site is not yet available. Where a student cannot see a particular unit listed under Learning Sites they should first check their enrolment status through My Enrolment. If it appears the student is not enrolled in that unit, they should either enrol in that unit or email a variation request to Student Services at enrol@scu.edu.au. If a student is enrolled in a unit but still cannot see the Learning Site they should send an email to helpdesk@scu.edu.au.

Blackboard Collaborate

The web-based program **Blackboard Collaborate** delivers advanced online learning environments for students and lecturers to communicate and collaborate through virtual meeting spaces and classrooms. They can share files, presentations, and applications. If the session is recorded, students can view it afterwards. Blackboard Collaborate is used in many SCU units (both on-campus and external). To use audio in Blackboard Collaborate sessions, students are advised to use a headset with a microphone.

MySCU login details

To access MySCU students will need their account details.

New students

A student's letter of offer provides the information needed to log in to My Enrolment. Please note, new students will need to log in to My Enrolment to access their MySCU account details.

After logging in students should ensure that they click on the MySCU Details tab and record their username and password. This section provides students with access to their study portal. It is separate to My Enrolment.

Continuing students

Continuing student should use their existing username and password. If a student has forgotten their password they should contact the IT Service Desk:

Phone: +61 2 6620 3698

Email: servicedesk@scu.edu.au

Changing your password

Students can change their password by accessing the following link:

www.scu.edu.au/changepassword. It is important that students change their passwords regularly.

HINT 1: Commencing/first year students should check MySCU as soon as possible as it will assist their preparedness for university studies.

HINT 2: It is important students read and understand the information contained in the Unit Information Guide.

Textbooks

Prescribed textbook details can be found on the University Co-op Bookshop website www.coop-bookshop.com.au and are also contained in your Unit Information Guide for each unit.

Approximately two to three weeks prior to each study period commencement students can check their prescribed textbook list on the University Co-op Bookshop website. Information regarding prices and availability can also be checked on this site.

Prescribed textbooks can be purchased from on-campus Co-op Bookshops at Coffs Harbour, Lismore and Beachside, or online for delivery to residential addresses.

When searching for textbooks or ordering online students should use the text search facility. Go to the website and find 'Text List Search' in the 'Book Search' drop down menu at the top left. Enter the Southern Cross University campus, relevant study period and unit code/s. Searching or ordering using the 'Text List Search' will link automatically to the textbook information a Southern Cross University member of staff has given the University Coop Bookshop and will ensure that the correct books are selected.

Limited copies of required texts are placed on reserve in the University Library.

The University Co-op Bookshop contact details are:

Lismore campus

Online: www.coop-bookshop.com.au

Phone: +61 2 6621 4484

Fax: +61 2 6622 2960

Email: lismore@coop-bookshop.com.au

Coffs Harbour campusOnline: www.coop-bookshop.com.au

Phone: +61 2 6659 3225

Fax: +61 2 6659 3226

Email: coffs@coop-bookshop.com.au**Beachside campus**Online: www.coop-bookshop.com.au

Phone: +61 7 5599 4191

Fax: +617 5599 4568

Email: scubeachside@coop-bookshop.com.auFor further information visit the website: www.coop-bookshop.com.au

Study materials and Books of Readings

Copies of study materials are available online. The Unit Information Guide and Study Guide are available on the MySCU Learning Site for each unit. The Book of Readings, if applicable to a unit, is available on the University Library [eReadings](#) website (for online viewing and saving). Some Study Guides and workbooks, if applicable, may also be available on eReadings.

Delays in obtaining study materials may be experienced if you enrol (or vary your enrolment) only a few weeks before the study period commencement date. If study materials are not available one week before the commencement of the study period, students should immediately contact their School or College External Studies Dispatch Officer by email or telephone.

Students can obtain printed copies of study materials using Rapidprint, which is a student print-on-demand system where printed copies of the study materials in eReadings can be purchased. Your SCU username and password are required.

Hardcopies of study materials are usually only available upon request.

Students in Correctional Centres

If you are currently in a Correctional Centre, please advise the relevant School or College as soon as possible. We are aware that students in Correctional Centres may require Southern Cross University to make special arrangements to ensure access to study materials.

Books of Readings

Books of Readings are often produced by Schools or Colleges to supplement textbooks and are available on the University Library [eReadings](#) website. In eReadings study materials are available for students to browse. Students can obtain printed copies using RapidPrint.

RapidPrint is a student print-on-demand system where printed copies of the study materials in eReadings can be purchased. Credit cards are accepted and any Australia Post charges are added to the cost of the order. Your SCU username and password are required. Distance education (university wide/external) students receive a copy of the Book of Readings in their study materials but are welcome to use the services of RapidPrint, if they wish.

More information

For more information on RapidPrint or to access their printing services go to the SCU [RapidPrint](#) website.

School specific arrangements

Where a School has alternative arrangements in place regarding study materials and Books of Readings, students will find specific information in Part One of this guide.

Turnitin

Many assignments at the University will be submitted (through MySCU) to Turnitin, a text-matching system that finds similarities between assignments and other documents such as web pages and academic journals.

Turnitin produces an 'Originality Report', a report identifying sections of text in the submitted assignment which match sections of text in these other documents. Turnitin at SCU is set up so that students can self-check their work before submitting a final copy of their assignment.

For further information see the SCU [Turnitin](#) website.

Orientation and transition

The orientation program at Southern Cross University is a four-week program welcoming first-year and returning students to SCU. The program offers essential information to help students start and recommence their university life. This essential information includes course information sessions, academic support sessions and student support information. There is also a comprehensive sport and cultural program and there are opportunities to meet other students and staff in a supportive environment.

To find out more go to the SCU [Orientation](#) website.

Beat The Stress Week

'Beat The Stress Week' is an integral part of the Southern Cross University Orientation Program. It showcases support services and associated staff and puts a face to a name. The Beat The Stress Week program includes a festival day, clubs and societies day, informative sessions and workshops, entertainment and much more.

To find out more go to the SCU [Orientation](#) website.

Student Health and Support Services

Southern Cross University Student Health and Support Services (SHSS) offer a range of services to encourage academic success and increase a student's enjoyment of study and university life. SHSS provides students with personal assistance including counselling, medical and dental services, disability and equity services, and pastoral care.

The Student Health and Support Services website will assist external students and students on all campuses to locate the services available either on campus or online. The website can be found at www.scu.edu.au/studentssupportservices

The contact details for Student Health and Support Services are:

----------------	-----------------

Indigenous Australian Student Support

Indigenous Australian Student Support (IASS) provides an extensive service to all Indigenous Australian people who are studying at Southern Cross University. The aim of IASS is to provide the highest quality support to Indigenous Australian students within a culturally safe and welcoming atmosphere. The IASS team is made up of a number of specialist staff who are dedicated to supporting Indigenous Australian students throughout their University experience. As a whole, the team is dedicated to developing a sense of scholarship, community and growth amongst staff and students. IASS provides a space for students to get together at an informal social level as well as tutorial rooms and a computer lab for Indigenous Australian student's use. At IASS we welcome Indigenous Australian students, families and local community to drop in and share our space. We acknowledge and respect all Indigenous Australian Elders and encourage them to be part of our support strategies. Their contribution, like yours, is of vital importance to all our learning journeys.

University Library

The Library provides a wide range of services, print and electronic resources to support students in their study and assessment tasks, including distance education students and students with special needs.

Students should visit the Southern Cross University [Library](#) website to discover the range of services, online resources and various sources of assistance available.

Library services and resources include:

- **Getting Help:** librarian assistance, finding information, referencing, EndNote and copyright
- **Online Resources:** catalogue, databases, Ebooks, eReadings, journals, past examination papers, and search tools
- **Library Services:** borrowing, document supply and podcasts
- **SCU Library Guides:** subject guides.

Southern Cross University Library contact details are:

Lismore campus (located in Block A)

Phone:	+61 7 5589 3100
Fax:	+61 7 5589 3702
Email:	goldcoastlibrary@scu.edu.au

Academic Skills Development

Academic Skills Development (ASD) at Southern Cross University provides educational support to students, staff and the university as a whole. The team's primary role is to improve the quality of learning by developing students' academic language, learning, critical thinking and numeracy skills as well as providing strategies for effective study.

Academic Skills Development supports internal and external students at all levels of study and have developed a range of resources and support services for students to access. To view these services go to the [Academic Skills Development](#) website.

Staff are based across three campuses at Lismore, Coffs Harbour and Gold Coast/Tweed Heads.

ASD contact details are:

Website: www.scu.edu.au/academicskills/

Email: academicskills@scu.edu.au

Lismore campus (located in Block A, 3rd Floor)

Phone: +61 2 6620 3386

Fax: +61 2 6620 3523

Phone: +61 7 5506 9219

Fax: +61 7 5506 9363

Services for distance education students

Distance education students (external, university-wide) can access all Southern Cross University services in-person at any one of the SCU campus locations. Distance education students can also access SCU information and services via the SCU website, telephone, email, instant messaging, SCU Connect and MySCU.

The University has also established a Student Services freecall number for external students – 1800 111 890.

Information technology support

Information Technology Services (ITS) provides a range of services, information and support to students. Services include computer accounts (access to MySCU, MyEnrolment), internet access, email and calendaring, and computing lab facilities. Information on these services is available online through the MySCU portal (study.scu.edu.au) or SCU Connect (scu.edu.au/scuconnect). SCU Connect is the online point of contact for accessing information on all ITS services and resources. Additionally, general information relating to IT services and facilities can be found at scu.edu.au/it.

IT Support: Students needing IT assistance can contact the ITS Helpdesk online through the MySCU portal (under the Computing & IT tab) and logging a call.

Alternatively, students can phone for assistance between the hours 9 am and 5 pm weekdays on:

Freecall: 1800 111 890

Or directly:

Lismore, Tweed and Gold Coast students	Coffs Harbour students
Phone: +61 2 6620 3698	Phone: +61 2 6659 3080
Email: servicedesk@scu.edu.au	Email: chec.helpdesk@scu.edu.au
Website: scu.edu.au/it/servicedesk	Website: checit.scu.edu.au

Early engagement and intervention support

Southern Cross University has a whole-of-university approach to early engagement and intervention support for students. Part 3 of Academic Policy relates to student retention and standing and focuses on the first-year experience and on improving student retention and student success, which includes enhancing preparedness for study, enhancing the first year experience, ensuring a quality curriculum and authentic, engaging assessment with timely feedback and clear expectations about standards. Southern Cross University has also implemented formal early interventions and strategies to assist students to better their academic performance where necessary.

Early engagement and intervention support includes:

- appropriate orientation to the social and academic culture of the University
- information about the various forms of assistance and student support services available to students
- targeted intervention and support for those students who have not engaged with their studies or do not pass early assessment items. For example, most Schools or Colleges will require students to undertake an early online orientation assessment or activity that is associated with at least one core unit during the first year. Students who do not participate or struggle with the activity will be contacted and offered appropriate assistance and support to develop the necessary skills to successfully undertake their studies
- opportunities within each course to participate in community-building activities such as peer mentoring schemes
- tracking student progress through the allocation of academic standings based on a student's Grade Point Average (GPA) and implementing appropriate intervention procedures, academic support and learning assistance activities for students who require support.

Students should become familiar with Academic Policy Part 3, Student retention and standing.

For further information refer to the [SCU Policy Library - Students](#) or contact the relevant School or College.

Examinations

Final examinations are held at the end of each study period. Not all units require examinations so students should carefully check the assessment requirements of all the units in which they are enrolled. Examination dates are detailed in the [Southern Cross University Teaching Calendar](#).

Examinations are held in many cities and towns throughout Australia and in some countries overseas. If a student is living within 120km of an established Exam Centre they are expected to attend that centre. Examinations can be arranged outside of Australia, however they attract a fee.

Distance education students (external, university-wide) are required to select an Examination Centre through My Enrolment when they select their first units of study. Distance education students will receive a letter from the Examinations and Progression Unit, Student Services detailing the exam timetable, the exam location, the exam supervisor and any special instructions regarding the centre. Distance education students should ensure that they check their examination centre and special instructions immediately. Changes to an examination centre can be made in My Enrolment. Select the 'Change External Exam Centre Details' link under 'My Details'. Changes less than three (3) weeks prior to the commencement of an examination period attract an additional administrative charge. If a student is unable to select a suitable Examination Centre they should contact the Examinations and Progression Team.

Students who need to sit an examination at an overseas location must contact the Examinations and Progression Team to make the required arrangements. These arrangements need to be made no later than six (6) weeks before the commencement of the exam period.

All students will receive two emails to their SCU email regarding the examination timetable. The first is to notify that the 'Draft Exam Timetable' is available. The second is to notify that the 'Final Exam Timetable' is available. The 'Draft Exam Timetable' and the 'Final Exam Timetable' are published on the SCU website and in My Enrolment. To view, select 'Exam Timetable' under 'My Exams'. Please read all information carefully and follow all instructions.

It is a student's responsibility to check their Final Exam Timetable, exam centre details and to complete all required examinations. Details will not be given out by telephone. Misreading an examination timetable is not grounds for special consideration or a special examination.

Student Services must be notified immediately if you cannot attend an examination at a nominated external examination centre.

The University's rules governing Student Assessment and Examinations are set out in the Rules section of the Student Handbook.

For assistance please contact the Examinations and Progression Unit:

Phone: +61 2 6620 3431 or 1800 626 481

Email: ssexams@scu.edu.au

Special consideration/special examination

The Student Assessment and Examination rules provide for students to be granted a special examination or special consideration in appropriate circumstances.

A student may apply for special consideration to vary the deadline for an assignment assessment task (extension). This does not apply to an end of unit examination.

Where a student completes an assessment task (examination or assignment) and they believe their preparation or performance was adversely affected by health (including impacts of religious fasting); compassionate circumstances; religious observances or celebrations; serious unforeseen personal events; selection in State, national or international sporting or cultural events; rendering genuine and unforeseen emergency service in a professional or voluntary capacity; or rendering any service (including undertaking training) in the Defence Reserves, the student may apply for special consideration regarding the marking of the assessment.

If a student is unable to sit for an examination due to medical or other exceptional circumstances they may apply for a special examination by completing an Application for Special Consideration and submitting it to the relevant School or College. Except in exceptional circumstances, a special examination will not be granted once a student sits for an examination. Misreading the exam timetable is not grounds for a special examination.

An application form for Special Consideration is available from the Student Centre, from your School or College and on the Student Services website. All applications for special consideration/special examination **must** be accompanied by supporting documentation and/or corroborative evidence as follows:

Health grounds

- A health certificate from a registered health practitioner that must include the date of consultation and a specific statement of effect of medical complaint and/or treatment on your ability to complete any relevant task.

Compassionate circumstances

- Factual details of the circumstances or event and corroborative evidence that may support your claim e.g. health certificate, newspaper death notice.

State, National or International sporting or cultural events , or religious observances or celebrations

- A statement signed by an authorised officer of the appropriate organisation which validates a conflict with the University's timetable.

Rendering genuine and unforeseen emergency service in a professional or voluntary capacity, or rendering any service (including undertaking training) in the Defence Reserves

- A statement signed by an authorised officer of the appropriate organisation which details the nature of the service rendered, and validates a conflict with the University's timetable.

Grades and academic standing

At the end of each study period upon the release of grades a student can check their grades for each unit, print a copy of their grades and identify their academic standing for that study period. Students can access their grades and academic standing in My Enrolment by selecting 'My Grades'.

Student academic progress

Student academic progress will be reviewed using University Policy and Rules that relate to course progression including professional experience components of courses and specific Award Rules. Southern Cross University Academic Policy outlines the requirements for satisfactory academic progress including academic standings and students should become familiar with their responsibilities under this policy.

Students who have been excluded because of unsatisfactory course progress will be informed they have been excluded and advised of their re-enrolment and appeal rights, which are set out in detail under Rule 2.10 in the Rules Relating to Awards.

International onshore students who receive notification that they have not met satisfactory course progress requirements or have been excluded are advised they must contact the International Student Advisor at their campus.

Further information about course progress requirements can be found in the Southern Cross University Academic Policy, Part 3, Student retention and standing - refer to [SCU Policy Library - Students](#), and the Rules Relating to Awards in the [Student Handbook](#).

Querying a grade

Students may query the grade awarded for any unit by first contacting their Unit Assessor to discuss the matter. The Unit Assessor will provide advice regarding the process, which is specified under [Rule 3.15 Query of Final Grade](#) in the Southern Cross University Rules Relating to Awards.

Students have a responsibility to adhere to the University Rules, which are published in the [Student Handbook](#). Students should also refer to the Rules for guidance on University process and applicable timeframes. Further advice and support can be obtained by contacting the relevant School or College Student Liaison and Support Team.

Staying in touch with SCU

Students should ensure that they keep their contact details up to date in My Enrolment, including work, home and mobile telephone numbers and residential, postal and delivery addresses.

Students should also regularly access MySCU, (the University's online learning portal). Most lecturers make use of MySCU for announcements to all students regarding unit-related matters, to answer individual or commonly asked questions and to offer assistance, tips or feedback with assignments.

The University encourages the use of email to enhance communications and the sharing of knowledge and ideas. University email services are intended to allow greater efficiency and support teaching, learning, research and administration activities. The University student email address is viewed and used as the University's primary form of written communication with students. Students should access their SCU webmail weekly (even during University vacation periods) as changes to enrolment details, all-student notices and important reminders relating

to University studies are sent to student SCU email accounts. Forwarding of SCU student email to a private email address is permitted. Forwarding instructions are detailed in My Enrolment under 'Email Forwards' – click on the 'Webmail Forward' link.

For further information please refer to the IT&TS *Email Policy, 2.2.1. Access and Availability – Student Email Accounts*.

MySCU and webmail login details

To access most technology services (MySCU, MyEnrolment, webmail etc), students will need their account details.

New students

A student's letter of offer provides the information needed to log in to My Enrolment.

After logging in students should ensure that they click on the MySCU Details tab and record their username and password. This section provides students with access to their study portal. It is separate to My Enrolment.

Continuing students

Continuing students should use their existing username and password. If a student has forgotten their password they should contact the IT Service Desk:

Phone: +61 2 6620 3698

Email: servicedesk@scu.edu.au

Complaints @ SCU

The University has a commitment to seeking feedback from students and staff, and acknowledges the right of students, staff or members of the public to complain if they are dissatisfied.

The University has established a Complaints Management Framework to provide for the timely and fair resolution to complaints. The Framework will help students to decide how to proceed with a complaint or concern.

Students are encouraged to make a complaint informally, as many complaints can be sorted out with the staff member directly responsible. However, if a complaint submitted informally is not resolved, then students should set out their complaint in writing to the nominated officer.

For further information about how to submit a complaint please refer to:

[Complaints @ SCU](#)

[Complaints Management Framework](#)

General information

Key dates for 2013

2013 SESSIONS	Session 1, 2013	Session 2, 2013	Session 3, 2013-2014
Online Enrolment Opens	Tuesday 2 October 2012	Tuesday 2 October 2012	Tuesday 2 October 2012
Orientation Starts	Wednesday 13th February	Wednesday 12th June	Wednesday 9th October
Studies Commence	Monday 18th February	Monday 17th June	Monday 14th October
Last date to enrol online	Refer to the 2013 Teaching Calendar

Southern Cross University Orientation Program

ALL WELCOME!

The Orientation Program at Southern Cross University marks the beginning of university life for our new students and a big welcome back to our returning students.

The Orientation Program, **Get Started**, provides new and returning students with the 'must have' knowledge to start university life. The program includes important orientation sessions such as:

- essential course information sessions
- academic skills development sessions
- library and campus tours
- IT essentials.

UniLife, in conjunction with student groups, also offers a variety of social, sporting and cultural programs and coordinates a "Get Connected Week", in the last week of the orientation program. It is your chance to meet other students and make valuable networks and form study groups.

Start by going to scu.edu.au/orientation and get all your orientation information – we welcome you to SCU!
