***Welcome from the Vice-Chancellor
Professor Paul Clark***

It is a pleasure to be able to welcome all new students to the University, and to welcome back all those who are returning. We are delighted you have chosen to study at Southern Cross University and we will do all we can to assist you to achieve your goals.

Southern Cross University is an exciting place to be. While its three campuses at Lismore, Coffs Harbour and Tweed Gold Coast offer quite different experiences, each campus is committed to offering the same high quality courses and excellence in teaching.

Southern Cross University is at the forefront of international research in fields including cetaceans (whales and dolphins), plant genetics and acid-sulphate soil remediation.

In addition to ongoing studies of the migratory patterns and behaviour of humpback whales, the SCU Whale Research Centre is developing the world's first non-invasive and non-lethal method of determining the age of humpback whales.

The Centre for Plant Conservation and Genetics has continued ground-breaking research into rice, discovering the gene that controls the temperature at which rice cooks. The University has also received substantial funding to implement a Laboratory Information Management System, to enable the Natural Plant Products Research Institute to more effectively manage new projects and resources.

SCU researchers have also received substantial funding to investigate the control of acid rock drainage, a major environmental problem in mine sites.

We think that bringing research knowledge into our teaching is an important way to keep our innovative and exciting courses up to date. We also know that you want the skills and knowledge you will gain at Southern Cross University to be useful and relevant. That's why we work with leaders from the disciplines and the professions to ensure our courses meet their needs and expectations.

I am sure you will enjoy the challenge that studying at university brings. And I look forward to seeing you at the graduation ceremony that will mark your success in meeting that challenge.

Professor Paul Clark

How to use the 2006 Student Handbook

The Student Handbook has been divided into six main sections to ensure that information is easily accessible. These sections include:

1. General Information (*Principal Dates, Contact Information etc.*)
2. Faculties of the University
3. Student Services and Information
4. Course Information
5. Unit Information
6. Rules

Students are advised to make full use of the many comprehensive tables of content and indexes at the beginning of each section.

Do you want to find a course?

If you know the name of the course you are interested in....

Turn to the first page of the Course Information section (page 48) where you will find an alphabetical listing of all courses

Course details include such important information as the course code, the campus where the course is taught, its duration, course rules, and the schedule of units which need to be studied.

Do you want to find details of individual units that form part of a course?

If you know the name of the unit you are interested in....

Turn to the Index of unit titles on page 358

If you know the unit code and want to find details of the unit.....

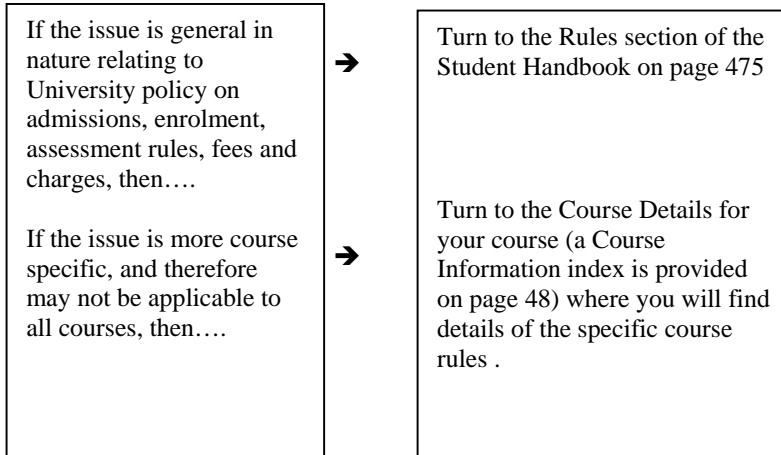

Turn to the Unit Descriptions by Unit Code on page 380

Unit details include such important information as the unit code, availability information, any pre-requisites, and unit description.

Students should always take account of course and unit availability when planning their studies. Students can check the availability of both courses and units by viewing the Schedule of Units on the website www.scu.edu.au/admin/asu/.

Tip: Use the index at the back of the Student Handbook to help you find everything you want!

Do you want to find out about a particular rule?

Students are advised to refer to both the Rules section of the Student Handbook, in conjunction with the specific course rule detailed under the relevant course entry.

Further information about University governance and rules can be found in the 2006 Calendar. The Calendar is an on-line publication and can be found at the following world-wide-web address www.scu.edu.au/calendar.

STUDY INFORMATION

Fees, including Student Body Fees and Commonwealth Supported Places

The University invoices students for fees each study period. Payment of fees must be made by the due date specified on the invoice (details regarding methods of payment are included with the invoice).

Commonwealth supported place

A Commonwealth supported place is a higher education place where the Commonwealth government makes a contribution towards the cost of your education. All Southern Cross University's undergraduate courses include Commonwealth supported places. Most postgraduate courses are non-Commonwealth supported (fee-paying) and students undertaking postgraduate studies pay tuition fees directly to the university. Your letter of offer will confirm whether you have been offered a Commonwealth supported place or a fee-paying place.

Commonwealth supported students (previously HECS students)

On 1st January 2005, all domestic students will be provided with a Student Learning Entitlement (SLE) by the Commonwealth government. Domestic students include Australian citizens, Australian permanent residents and New Zealand citizens. The SLE is equivalent to 7 years of full-time study. A student with SLE is entitled to Commonwealth support. This means that the Commonwealth government will subsidise the cost of these students education.

Every unit of study undertaken under Commonwealth support has an associated cost. For Commonwealth supported students part of that cost is met by the Commonwealth government and the remainder is paid by the student. This payment was previously called HECs, but it is now called the student contribution amount.

Fee Paying Students

A non-Commonwealth supported student is also known as a fee-paying student and includes any domestic student who is paying a tuition fee for a unit of study. Fee paying students are required to pay full tuition fees for each unit of study directly to Southern Cross University.

New Zealand citizens and permanent residents of Australia must pay the full tuition fee for each unit of study in which they are enrolled by the due date on the relevant invoice.

Australian citizens and holders of permanent humanitarian visas are eligible to pay their tuition fees with a loan from the Commonwealth government called FEE-HELP. The loan is repaid through the taxation system once a minimum income threshold for compulsory repayment is reached.

Whilst FEE-HELP loans are interest free, they are indexed to CPI. A 20% loan fee applies to FEE-HELP loans for undergraduate studies. No additional loan fee is applied to loans for postgraduate studies.

For more information visit the Commonwealth government web-site www.goingtouni.gov.au

Student Body Fees

(At the time of publication the Commonwealth Government was considering the Voluntary Student Unionism (VSU) legislation)

All students are liable for student body fees, regardless of whether you are enrolling in a Commonwealth supported or tuition fee course. For further information concerning fee levels, please refer to the Rules relating to Student Fees and Charges in the Rules section.

Refund of Fees

It is important you read and understand the University Refund Policy as set out in the Rules Relating to Student Fees and Charges in the Rules section of the Student Handbook.

Deferment of Course Commencement

Deferment of course commencement may be available for a period of 6 or 12 months to applicants undertaking undergraduate courses. An applicant who is offered a place in an undergraduate award course shall be granted a deferment of offer for 6 or 12 months following written application to the Director of Student Services and upon payment of the prescribed fee by the due date. For more information refer to the Rules Relating to Awards section of the Handbook
(see Rules 2.1(d))

Enrolling at SCU

It is the responsibility of all students to ensure that their current enrolment is recorded accurately by Southern Cross University. Some units offered by SCU have requisite conditions and students must check that they are eligible to enrol in the unit prior to submitting their enrolment request to Student Services. Students must obtain a requisite waiver from the Head of the School that is teaching the unit if they wish to enrol in a unit without the listed requisite.

New students will receive an enrolment form with their Southern Cross University offer package. Students should follow the instructions provided in their offer package to correctly complete their enrolment form and return it to Student Services by the due date specified on the form.

Continuing students re-enrol for the following year in October of the current year using the Re-enrolment request form on My Enrolment and by the due date 31st October.

No guarantee of enrolment can be made to students who submit their re-enrolment forms after the due date.

You must lodge your forms by the due date specified in your enrolment package.

What Happens After Enrolment?

After returning or submitting your enrolment form, you should wait for at least ten (10) working days before checking your enrolment details on My Enrolment.

If your enrolment is not as you expected, you should check your SCU email account. All enrolment problems will be reported to this address. You must check this email account regularly, or forward your email to an alternative email address via SCU Web Mail.

If your enrolment is correct, you should check the timetable for your enrolled unit and attend your first classes. Southern Cross University provides no written confirmation of your enrolment, but students can print the details of their current enrolment from My Enrolment <http://www.scu.edu.au/myenrolment>.

Your enrolment invoice will arrive shortly after you have been enrolled. Please check your invoice for accuracy. Note that you must pay your Student Body Fees directly to the University by the due date on your invoice.

Changing Your Enrolment

Students who wish to vary their original enrolment details can do so through My Enrolment. Please note that deadlines exist for the lodgement of unit enrolment variation and course/unit withdrawals. These dates are set out in the Principal Dates section of the Student Handbook and can effect both a student's academic record and financial liability. Note that changing your mode of study (internal or external study mode) and unit substitutions are enrolment variation requests and are subject to the same deadlines and late charges - see "*Withdrawing From a Course or Unit*" below.

Students can change their own contact details by visiting My Enrolment at:
<http://www.scu.edu.au/myenrolment>

Withdrawing From a Course or Unit

Regulations relating to a course or unit withdrawal are set out in Enrolment Rules which are printed in the Rules section of the Student Handbook (*see Rules 2.6 – 2.8*). All students should be familiar with these rules. Students may withdraw from units on line at My Enrolment (<https://ssm.scu.edu.au.stuweb/>) or provide written advice of withdrawal from unit(s) or course to avoid being automatically graded FAIL for currently enrolled unit(s). Variation to Enrolment forms can be printed from the web (<http://study.scu.edu.au/studentservices/dds/>) and are available from the Student Centre on each Campus and when completed, can be lodged at that Student Centre. Students are not permitted to withdraw from all enrolled units without applying for either a Leave of Absence (see below) or a Course Withdrawal (see above).

Commonwealth supported students who withdraw from a unit or units, or from a course, after the census date for a study period, will be liable for the student contribution amount applicable for each unit for that study period.

Students should take note that withdrawing from a unit or course after the designated final date for withdrawal without failure will result in an automatic grade of FAIL.

Students enrolled in a fee paying course who withdraw from a unit or units, or from a course, after the start of the study period may be liable for a partial fee. Refer to the University Refund Policy set out in the Rules Relating to Student Fee and Charges.

Leave of Absence

Students who have completed at least one unit of study with Southern Cross University may take a break from their studies of up to one-year (12 months). Refer to Rules Relating to Awards Rule 2.7(a-f).

The application for leave may be submitted through My Enrolment. Or you may use our standard Leave of Absence Application Form (available on the web or at the Student Centre on your Campus), or you may simply provide the following details in a fax ,email or letter:

- name and Student Identification Number;
- course name (eg Bachelor of Business);
- date you wish to start leave;
- the study period and year you wish to return to your studies.

Attendance requirements

Attendance at lectures and tutorials is normally a requirement for internal students. For example, some units require an eighty percent attendance in lectures and tutorials as well as a pass in assignments in order to pass the unit. Attendance at field trips and excursions may also contribute to a unit assessment. External students may need to attend an on-campus residential period as a requirement of their units. Attendance requirements are articulated in all detailed unit statements, alternatively your unit assessor can clarify.

If personal circumstances change through the study period to prevent class attendance, you should discuss the situation with your lecturer or Student Services. Illness during semester can effect not only your attendance at classes, but also your capacity to study. When too much class contact is lost through protracted illness, there may be no practical way of catching up in that semester. You should discuss your options with your School or College Office or Student Services staff.

Text books

Text book lists are included in all unit statements and can be purchased from the Co-op Bookshop which is located at both Lismore and Coffs Harbour Campuses. Copies of required texts are also held in the University Library. Books of Readings are sometimes produced by Schools to either supplement or replace text books. Copies of these are also available in the University Library. The Co-Op Bookshop contact details are:

Advanced Standing

Southern Cross University policy allows for the granting of advanced standing for previous post-secondary study (normally completed within the last ten years), relevant professional experience or demonstrable expertise. If you wish to apply for advanced standing towards your course, you should complete and return the Advanced Standing Application Form (available from Student Centres or download from www.scu.edu.au/admin/studentsservices/dds/). It is important to apply for advanced standing as early as possible in your studies as the amount of advanced standing you are granted may affect which units you need enrol in. To prevent delays in processing your graduation you are strongly advised to have submitted all requests for Advanced Standing before commencing your final study period.

If you have already applied for advanced standing and have not yet been advised of the outcome, please phone the Admissions Team in Student Services on (02) 6620 3444 or email admissions@scu.edu.au.

Change of Course

Students who are currently enrolled in a course at Southern Cross University may apply for a course transfer, to study another Southern Cross University course, provided they have successfully completed a minimum of one semester of full-time study, or equivalent, in their original course enrolment. However, it should be noted that course transfer is not automatic and in some instances students may be required to apply through Universities Admissions Centre (UAC) or

Queensland Tertiary Admissions Centre (QTAC). Details are available from the Admissions Team in Student Services on (02) 6620 3452 or email admissions@scu.edu.au.

Assessment

Assessment describes the various kinds of assignments, tests and examinations used at Southern Cross University. At the beginning of each study period the relevant unit assessor will provide you with a unit statement which outlines the objectives or goals of the unit, the number and type of each item of work to be submitted, the assessment method(s) proposed for each item, date each item is to be submitted and other general assessment expectations and penalties. You should note the assessment requirements carefully as your success in any unit will depend upon your ability to meet the requirements of the various assessment items.

School/College policies, including the conditions of and penalties for late submissions, granting of extensions, possibility of re-submission, violation of assessment specifications (eg: number of words), plagiarism and class participation (where it contributes to assessment) may be outlined in the unit statement or will be available at the relevant Divisional, School or College office.

Your final grade in each unit will be published on My Enrolment (located at <https://ssm.scu.edu.au/stuweb/>) at the end of each study period. Release dates for grades are published in "SCU News" on the University's web site. The University's rules concerning Student Assessment and Examinations are set out in the Rules section of this Student Handbook.

Examinations

Examinations are held at the end of each study period. Not all units require examinations so you should carefully check the assessment requirements of all the units in which you are enrolled. It is your responsibility to complete any required examinations. A preliminary examination timetable is normally available in

week eight (8) of the study period. The final timetable is published in week ten (10) of each study period and is available on the web at <https://ssm.scu.edu.au/stuweb> (Select "Exam Timetable" under "My Exams"). It is your responsibility to check the details of all your examinations. Details will not be given out by telephone.

The University's rules governing Student Assessment and Examinations are set out in the Rules section of this Handbook.

Special Consideration and Special Examinations

The Student Assessment and Examination rules provide for you to be granted a special examination or special consideration in appropriate circumstances. In general terms, the rules provide that where you complete an assessment task, such as an examination or assignment, and believe your performance or preparation was adversely affected by medical or other circumstances, you may apply for special consideration.

If you are unable to sit for an examination because of medical or other exceptional circumstances you may apply for a special examination. Except in exceptional circumstances, a special examination will not be granted once you sit for an examination. Misreading the exam timetable is not grounds for a special examination.

You may also apply for special consideration to vary the deadline for an assessment task, other than an examination.

An application form for Special Consideration is available from the Student Centre, from your School or College and on the website at <http://study.scu.edu.au/student-services/dds/>

Review of Grades and Appeals

If you wish to query a final grade in any unit you should contact the relevant Head of School within ten (10) working days of formal publication of the grade. If you are not satisfied with the Head of

School's determination, you may lodge a formal appeal with the Secretary, Academic Board Appeals Committee. The grounds for lodging an appeal are outlined in the Student Assessment and Examination rules. You may also query the mark or grade awarded for a piece of assessment submitted during the study period. For further details see the Rules section of this Handbook.

Exclusion

The Exclusion Rules, set out in the Rules section of this Student Handbook, provide for exclusion at the discretion of the Head of School, on the basis of unsatisfactory academic progress or failure to satisfy professional experience requirements. You may appeal a decision of the Head of School within ten (10) working days of notification of exclusion by requesting the Executive Dean to review the decision. If you are not satisfied with the Executive Dean's decision with respect to this appeal you may submit a further appeal to Academic Board within ten (10) working days. Any appeal under the Rules may only be made on the grounds that the Rules were inappropriate or unreasonably applied, or that there were exceptional circumstances, not likely to continue, which contributed to unsatisfactory progress.

Periods of exclusion shall not be displayed on any academic transcript issued by the University.

Graduation

Graduation is the ceremony in which graduands of the University receive their degree, diploma or award testamurs from the Chancellor. After graduation, you are entitled to use the title and origin of their degree after their name. Graduation ceremonies are held each year in Lismore, Coffs Harbour and Sydney. For further information contact the Graduation Officer on (02) 6620 3706.

Academic Transcripts

An academic transcript (also called Statement of Academic Record) is a copy of your academic record to date. The transcript lists the units you have studied and all grades, including fails. It is

issued without alteration or erasure. You are entitled to one transcript of your academic record, without charge, upon graduation. A fee of \$10.00 will be charged for all other transcripts, (\$12.00 for overseas students) and will be provided on receipt of written request and appropriate payment to Student Services. A copy of your academic transcript may also be downloaded from My Enrolment (<https://ssm.scu.edu.au/stuweb/>).

Vice-Chancellor's and Industry Undergraduate Scholarships are available to commencing students on a competitive merit basis. The Vice-Chancellor's scholarships are valued at \$15,000 over three years full-time study. The Industry sponsored Scholarships range from \$2,000 to

\$5,000 per year for up to three years full-time study

Full details regarding the eligibility and selection criteria as well as the benefits and conditions are available at www.scu.edu.au/services/scholarships. Equity Scholarships

Equity Scholarships include the Commonwealth Learning Scholarships Programme (CLS) established by the Australian Government, and Institution Equity Scholarships (IES) established by Southern Cross University. These scholarships are designed to assist rural, regional, low income and indigenous students who are Australian citizens or holders of permanent humanitarian visas with costs associated with higher education.

There are two types of CLS:

Commonwealth Education Costs Scholarship valued at \$2,080 per year (indexed annually) for up to four (4) years to assist with education costs.

Commonwealth Accommodation Scholarship valued at \$4,161 per year (indexed annually) for up to four (4) years to assist with accommodation expenses.

There are two types of IES:

Southern Cross University Equity Scholarship for first year students valued at \$1,500 made as a one off to eligible students commencing their first year of study in 2006.

Equity Book Bursaries valued at \$250 allocated as a voucher redeemed through the Co-operative Bookshop.

Applicants must meet eligibility criteria to apply and applications will be assessed on a needs basis as determined by selection criteria. For further

enquiries please contact the Equity Scholarships Officer on 02 6620 3943 or visit www.scu.edu.au/services/scholarships

Prizes

The University also offers a large number of *Annual Prizes* which may be awarded if you achieve outstanding results or demonstrate meritorious performance. A complete listing of the prizes, criteria and amount awarded can be downloaded from the University website at www.scu.edu.au/docs/calendar/awards/prizes.html

University Medals are awarded annually at the discretion of the Academic Board if you have completed the requirements of a Bachelor degree with first class honours and at all times have demonstrated a very high standard of academic achievement. University Medals are normally awarded if you have achieved a Grade Point Average (GPA) of Distinction (6.00) or more in graded units equivalent to 150-hours, excluding Honours year units. These units must be in the relevant undergraduate award(s) and where a minimum of sixty-six percent (66%) of the award(s) has been completed at Southern Cross University.

The following examples are to assist with interpretation:

- (i) A student has completed forty (40) units towards a double degree: Another student has completed thirty-two (32) units towards a combined degree. In both cases count all units in the GPA calculation;
- (ii) A student has completed a twenty-four (24) unit undergraduate degree at SCU. The student completed eight (8) units in another SCU degree and two (2) units at another university, and received advanced standing for eight (8) units (two non-SCU units and six SCU units). The two (2) units completed at the other university do not count in the calculation, however, six (6) of the SCU units do. The GPA would be calculated on twenty-two (22) SCU units;

- (iii) A student has completed an articulated series of awards at SCU culminating in a degree. All units counted towards that degree are to be used in the GPA calculation, even if the units were completed while the student was enrolled in the articulated awards.

GENERAL INFORMATION

ABSTUDY (Education Access Program)

ABSTUDY provides assistance for Australian Aboriginal and Torres Strait Islander students in a range of full-time and part-time courses, including Masters and Doctorate level.

The maximum rates vary depending upon individual circumstances. Benefits for students also include the payment of an incidentals allowance to assist with text book and equipment costs. Part-time students may also be eligible for some financial assistance.

Application forms for ABSTUDY are available from any Centrelink Office. Submit your application for ABSTUDY as soon as possible. ABSTUDY claims can be lodged at the Lismore Centrelink Office, at the corner of Conway and Keen Streets.

ABSTUDY Pensioner Education Supplement (PES)

The Pensioner Education Supplement (PES) is free of any income test. It may be paid to some students who are eligible for ABSTUDY and are receiving a pension or certain allowances from Centrelink or a full service pension from the Department of Veteran Affairs (DVA). To be eligible for PES students must be studying at least 25% of a full-time workload.

In 2006 the Pensioner Education Supplement is \$62.40 per fortnight for new applicants and \$124.80 per fortnight for "maintained" students continuing in their studies from 1999.

Students with a study load of less than 50% will be paid \$31.20 per fortnight. Please note, customers receiving Disability Support Pension, Invalidity Service Pension or Income Support Supplement may be eligible for a workload concession.

All rates are subject to CPI adjustment.

Further information about ABSTUDY can be obtained from the Lismore Centrelink Office, corner of Conway and Keen Streets, Lismore. Telephone enquiries can be made on 13 2317.

Austudy Payment and Youth Allowance for Students

Austudy Payment is an income support payment available to qualifying students aged 25 or older. It provides income tested assistance to full-time students who are Australian citizens and some permanent residents of Australia studying in an approved tertiary course.

Youth Allowance is a similar support payment paid to eligible 16 to 24 year olds who are undertaking full-time study in approved courses, and/or are looking for work. These young people may be eligible for rent assistance and the rules regarding the activity test allow for more flexibility in the types of activities which are acceptable. Youth Allowance is means tested against parental and family income.

The eligibility provisions for Austudy Payment and Youth Allowance for full-time students are very similar. However there are some differences in terms of rates, parental means testing, and the activity test (academic requirements). All Austudy Payment recipients are deemed independent and are therefore not means tested against their parents' income.

There is no away from home rate for Austudy Payment as all students over 25 years of age are deemed as independent. Rent Assistance is not available to single people who are receiving Austudy Payment. Those with children can access Rent Assistance through Family Allowance.

To be eligible for Austudy Payment or Youth Allowance, students normally need to be undertaking at least three-quarters of the normal amount of full-time study in respect of the course for the study period. Where a student is in a Commonwealth supported place in a course they are required to have a study loading of at least 0.375 per semester. Where a student reduces and

ceases to be undertaking a study load of 0.375 or more, he or she ceases to be eligible for Austudy Payment or Youth Allowance. Under very special circumstances some students are approved to study less than 75% of the full-time workload.

The maximum rates of payments vary depending on the age of the student, the level of the student's personal and/or family income and assets, and the type of assistance applied for.

Dependent tertiary students may also be eligible for reimbursement for up to two return journeys between their parents' and their term address if they live away from home to undertake their studies.

Students can apply for a lump sum advance loan of between \$250 and \$500 against their Austudy Payment or Youth Allowance entitlement.

Application forms for Austudy Payment and Youth Allowance are available from any Centrelink office. Completed applications can be forwarded by mail to the following address or can be personally lodged at any Centrelink office:

Centrelink
PO Box 571
LISMORE NSW 2480

Telephone enquiries can be made on 13 2490.

At Lismore campus free-call, self-help phones are available for students to contact Centrelink. These are located within the Student Centre in Goodman Plaza.

Austudy Pensioner Education Supplement (PES)

The Pensioner Education Supplement (PES) aims to assist pensioners with the ongoing costs associated with study and is available to full-time students and those approved to undertake at least 25% of a full study load.

PES is paid at the rate of up to \$62.40 per fortnight; it is not taxable. The minimum age is usually 16, although it may be paid to a 15 year old studying in certain circumstances. Further

information about the Austudy Pensioner Education Supplement can be obtained at any Centrelink office or by phone on 13 2490.

Health Care Cards

Students may be eligible for a Health Care Card which entitles them to a reduction in the cost of prescriptions, x-rays, etc. Applications for the issue of a Health Care Card can be obtained from any office of Centrelink.

Banking

The Bookshop also provides a mail order service which is particularly useful for external students. Lifetime membership of the Co-op, entitling members to discounts, is available for \$25.00. At the Lismore Campus, the Bookshop is located in the Goodman Plaza and is open during normal business hours all year round

Plagiarism

Plagiarism is defined as reproduction and presentation of the work of others without acknowledgment and includes copying (in whole or in part) the work or data of other persons, or presenting substantial extracts from books, articles, theses, computer software, lecture notes, assignments or tapes, without due acknowledgment. You are advised against making assessable material (assignments, etc.) available to other students, as they could then be a party to plagiarism and, as such, may be penalised as if they themselves had committed an act of plagiarism.

You are expected to be fully conversant with the various systems of referencing. Details on the preferred referencing system for the discipline you are studying will be provided by your Unit Assessor.

You should be aware that poor referencing or poor presentation of cited material is NOT plagiarism. They constitute poor academic work and will be penalised as such.

Plagiarism in Computing

The University acknowledges that there are particular difficulties in establishing plagiarism in respect of computer-based work, particularly programming. The following guidelines are intended to provide advice on how plagiarism in this area will be established:

Definition: Substantial copying of work from some existing or recognisable source without acknowledgment: the use of work, partial or whole, generated by another student, past or present or an external person, constitutes plagiarism with reference to computing and computer programming.

Detection: Plagiarism in computing may be detected by one or more of the following:

- (a) similarity to other students' submissions;

* *By-laws are published in the Calendar*
www.scu.edu.au/calendar

- (b) sudden improvement in a student's output within the semester without evidence of effort;
- (c) sudden change in coding style;
- (d) report by other student(s) or member(s) of staff;
- (e) the offending party was caught in the act of copying.

Verification: Plagiarism in computing may be verified by:

- (a) similarity in submitted work, e.g. similar programme structure, similar identification names and labels;

The policy restricts alcohol to certain venues under certain conditions. Details of this policy may be obtained from the Finance Directorate, or the Vice-Chancellor's Office.

These principles are outlined in the brochure *Privacy and Personal Information Protection NEED TO KNOW*, produced by the University and available from the Student Centres on all campuses or via the University's web site at www.scu.edu.au/policy/privacy

The University, through its Privacy Contact Officer, can assist you with various privacy issues covered by the Act, including access to personal information, privacy complaints and reviews and advice on where to get more information.

Student Organisations

Students' Association (Coffs Harbour)

The mandate of the Coffs Harbour Students' Association is to provide a quality university experience for all its student members – those studying on campus, externals, residential, mature age, and those students with children, or who are disabled or impoverished. How the Association accomplishes this is by providing a varied range of social, sporting, welfare and cultural events and activities, offering products and services at greatly subsidised rates, and helping students who have a problem or issue through active representation between its members and other student organisations in the University, the University administration and the regional community.

Some of the activities the Association organises are movie/pizza nights, family fun days, pub tours, mature age dinner and dance, Blue Stocking Week, the Annual Ball, free weekly morning tea, monthly live entertainment and sausage sizzles.

Most products and services the Association provides are heavily subsidised, helping to make life a little easier for students. Some of the services offered are photocopying, colour printing, photo processing, binding, laminating, and free use of a common room with Austar TV, DVD/VCR facilities, and books, papers and magazines to read. Some of the products available are tea, essential groceries, mobile and phone cards, coffee, tea, juice, bottled water, soft drinks, biscuits, lollies, milkshakes, film, CDs and computer disks, stamps, envelopes, a free morning tea twice per week and University souvenirs.

A number of regular publications have been established including the *Survival Guide*, student magazine “*Tsunami*”, a weekly newsletter and several welfare publications.

On behalf of the University, the Association continues to provide academic dress hiring for students enrolled at Coffs Harbour.

All Coffs Harbour students are automatically members of the Association. The office is located in F Block, near the bus depot and is open Monday to Friday from 8.30am to 4.30pm during teaching and exam weeks, 10.00am to 2.00pm during study weeks. Telephone 02 6659 3267, fax 02 6659 3269, website www.sach.scu.edu.au.

Student Representative Council (Lismore Campus)

The Student Representative Council (SRC) is a non-profit organisation providing the official recognised voice for students of the Lismore and Tweed Gold Coast campuses of Southern Cross University. It is organised and operated by students for students. Upon enrolment, students automatically become members, once they have paid their fees.

The Student Representative Council is comprised of elected representatives from the student body. It has three main roles:

- to act as an advocate and representative for students within the University, providing an avenue for communication on issues that affect equal access and opportunity;
- to provide a wide range of support for students including free dental service, free computer access, photocopying and laminating, laser printing, professional typing service, facsimile service, photo ID's and a range of other welfare services; to provide an avenue for students to gain experience in administration, management and representation by becoming involved in the day-to-day running of the organisation, it's campaigns and student collectives.

The SRC has two offices on the Lismore Campus; the Student Representative office located at Shop 9, Goodman Plaza and the SRC Student Drop In Centre located at Shop 5, Goodman Plaza, website: www.lismoresrc.org.au

Campus Central (Southern Cross University Union - Lismore Campus and External Services)

Campus Central (Southern Cross University Union) is a non-profit, charitable organisation receiving funds from student-member subscriptions of students, staff and the community, as well as income generated from its commercial services trading areas. The Union uses these funds to build new facilities, provide subsidised services for the benefit and welfare of its members, and to provide recreational, sporting, artistic and cultural events for the University and wider community.

Campus Central aims to be the social centre of the University community – a gathering place for all students, staff and visitors at Lismore Campus, and an information centre for those off campus.

Campus Central organises special events on campus for both student groups and staff. It subsidises life skills and leisure courses, trips and tours, entertainment, health and wellness programs, academic dress, sporting and cultural events and the activities of its many sporting and special interest clubs and societies, as well as sponsoring representatives to State intervarsity, national and international sporting and cultural gatherings.

Campus Central also plays a role in safety on campus, providing a free shuttle bus service around campus, town, and University residences.

At the Lismore Campus, a fully air-conditioned complex is situated near the main car parks where the Campus Central operates a state-of-the-art Health and Fitness Centre (with lockers, showers and changing facilities), licensed bars, bistro, Function Centre and Union Office.

Campus Central also operates the Darrel Chapman Sports Centre, off Rifle Range Road at the other end of Lismore Campus, as well as the Campus Central Shop in the Goodman Plaza where academic dress can be arranged for Graduation.

Campus Central has co-operative arrangements with other student organisations and University Centres, to ensure services are available for external students. These include its toll-free hot-line contact number, library search and copy services, free on-demand photocopying mail-out service, Past Exam Paper service, second-hand text books, and Union Web site, with regional social functions details, publications, referral and other assistance.

For more information about Campus Central facilities and services, contact reception on the ground floor of the Campus Central building by telephoning (02) 6620 3653 or 1800 068 314 or via the Web: campuscentral.scu.edu.au or via E-mail: manager@union.scu.edu.au.

9.3 Concurrent Studies

- (a) In the case of an applicant enrolled as a PhD candidate, or as a PhD qualifying student, wishing to enrol for another award course at the University, approval of the Higher Degrees Committee (Research), upon the recommendation of the relevant Director(s) of Postgraduate Studies and Research in the School(s), is required.
- (b) A PhD candidate may be required by the Higher Degrees Committee (Research) to undertake concurrently with thesis preparation a formal course of studies appropriate to the thesis.

9.4 Confirmation of Candidature

- (a) All PhD candidates shall normally be required to have their candidature confirmed within one year of admission to candidature.
- (b) Before confirming candidature in the PhD course, the Higher Degrees Committee (Research) shall consider all reports provided by and on the candidate. The Committee may then confirm candidature, continue candidature on an unconfirmed basis or terminate the enrolment.

9.6 Work Environment and Supervision

- (a) All candidates shall normally have appointed by the Higher Degrees Committee (Research) at least one supervisor, who shall act as Principal Supervisor and who shall be a member of the academic staff of the University. Where more than one supervisor is appointed, one of the supervisors shall be nominated as the Principal Supervisor, who shall be a member of the academic staff of the University.
- (b) Candidates and PhD qualifying students shall be required to participate in such colloquia, research seminars and other work of the University as may be considered appropriate by their Principal Supervisor.
- (c) Candidates shall, as their Principal Supervisor may from time to time require, submit drafts of the major sections of the written thesis for review and shall submit to their Principal Supervisor a final draft of the written thesis for advice and comment before submission for examination.
- (d) In respect of candidates who undertake a major portion of their research at sites external to the University, the Higher Degrees Committee (Research) may appoint a local Co-supervisor.
- (e) If a person appointed as supervisor is unable to perform the duties of the appointment, the Higher Degrees Committee (Research) shall appoint a replacement supervisor on the recommendation of the School Director of Postgraduate Studies and Research.

9.7 Probation and Progress Reports

- (a) Candidates shall, through their Principal Supervisor and School Director of Postgraduate Studies and Research, submit in the prescribed form and at the prescribed times progress reports to the Pro Vice-Chancellor (Research).
- (b) The Principal Supervisor and the School Director of Postgraduate Studies and Research shall at the same time provide comments to the Pro Vice-Chancellor (Research), on the progress of the candidates being supervised.
- (c) All PhD candidates will serve a probationary period, no longer than one year full-time equivalent.
- (d) The process of assessment of the probationary period will be developed within a general framework approved by the Higher Degrees Committee, to be used in the respective School/College/Centre, and that process shall be ratified by the Research and Research Training Advisory Committee.
- (e) A *Candidate Supervisor Agreement*, containing criteria for satisfactory progress, shall be developed between the candidate and the supervisor.
- (f) The assessment of the satisfactory completion of the probationary period shall result in one of five outcomes:
 - (i) Satisfactory: Candidate to be offered full candidature (i.e. confirmation of candidature).
 - (ii) Unsatisfactory: Candidate to revise submission to the satisfaction of supervisor and the School/College/Centre Director of Postgraduate Studies and Research.

(iii) Unsatisfactory: Candidate to resubmit to probationary period assessment process.

(iv) Remedial action: Where a resubmission results in a further unsatisfactory outcome, a course of remedial action shall be put in place. This may require a review of the *Candidate Supervisor Agreement*.

(v) Termination of candidature.

(g) Termination may also be invoked under the specific conditions regarding lack of supervision.

9.8 Query of Assessment of Completion of Probationary Period

A student may query the assessment of completion of a probationary period. A query shall be made in writing on the prescribed form to the relevant Head of School, Centre or College within ten (10) working days of the date of sending of formal notification of the outcome of the assessment to the student. If, as a result of such query, it is deemed appropriate to vary the assessment, the Head of School, Centre or College may make such variation.

9.9 Appeal Against Assessment Under Rule 9.8

(a) A student who is not satisfied with the determination of the Head of School/College/Centre under Rule 9.8, may appeal on the prescribed form to the Academic Board Appeals Committee on one or more of the following grounds:

- (i) improper action in the conduct of the probation assessment;
- (ii) irregularity in the conduct of the assessment;
- (iii) negligence on the part of any person involved in the conduct of the assessment;

(iv) discrimination against the student which is unlawful under State or Federal legislation;

(v) prejudice or bias on the part of the assessor or any other person involved in determining the outcome of the assessment;

(vi) the assessment or assessment process as detailed in the *Candidate Supervisor Agreement* or similar document or any subsequent amendment not being followed;

(vii) where additional evidence for special consideration can be provided, or where procedures for consideration of an application for special consideration were not properly followed.

(b) An appeal made under this Rule shall be lodged with the Secretary, Academic Board Appeals Committee, within ten (10) working days of the date of sending of formal notification of the Head of School/College/Centre's determination. A late appeal may be received at the discretion of the Chair of the Academic Board Appeals Committee where the student is able to satisfy the Chair that the appeal is lodged late through no fault of the student.

(c) The Chair of the Academic Board Appeals Committee will assess the content of the appeal and determine whether it is appropriate for the appeal to proceed to a hearing by the Academic Board Appeals Committee under the relevant Rule. The Secretary, on behalf of the Chair of the Academic Board Appeals Committee, will contact the student in writing within ten (10) working days of receipt of the appeal by the Chair, informing them:

- (i) the appeal is rejected on the basis that the grounds for a appeal are frivolous or vexatious, no ground of appeal is revealed on the face of the correspondence received, or the student has not followed the processes as described in the Rules and Procedures (which will be reported to the next meeting of the Academic Board Appeals Committee). *OR*
- (ii) the Chair on behalf of the Appeals Committee is proceeding with the appeal and may be seeking further information.
- (d) The student may request a review of the determination by the Chair of the Academic Board Appeals Committee not to allow the appeal to proceed. This must be done within ten (10) working days of sending of notification to the student of the Chair's determination, and be made to the Chair of the Academic Board, or if the Chair of the Academic Board is also the Chair of the Academic Board Appeals Committee, to the Vice Chancellor.

9.10 Thesis

- (a) On completion of studies during candidature, a candidate shall submit a thesis that complies with the following requirements:
 - (i) the greater proportion of the work described must have been completed subsequent to initial enrolment as a candidate; and
 - (ii) it must show evidence of competence in research and scholarship, and must make an original and significant contribution to knowledge; and
 - (iii) it must be in English or in a language approved by the Higher Degrees Committee (Research) and reach a

satisfactory standard of presentation; and

- (iv) it must have a substantial written component but may also contain a significant amount of non-written material.
- (b) The thesis shall consist of the candidate's own account of the work, except that in special cases work done conjointly with other persons may be accepted provided the Higher Degrees Committee (Research) is satisfied in respect of the candidate's part in the joint work.
- (c) On submitting a thesis a candidate shall adduce sufficient evidence of its authenticity and originality, and to this end shall submit a written statement at the front of the thesis:
 - (i) indicating which portions are original and which are not; and
 - (ii) giving the sources of information if these are not adequately indicated in the thesis; and
 - (iii) indicating whether, and if so to what extent, any of the material submitted, or work on which it is based, has been used in seeking another degree in the University or elsewhere.
- (d) A candidate shall submit with, but separately from, the thesis a short abstract of the thesis comprising not more than 400 words and written in a form suitable for publication.
- (e) A candidate may not submit as the main content of the thesis any work or material which has previously been accepted for a degree or other similar award but shall not be precluded from incorporating such work or material in the thesis, provided that the candidate indicates, generally in the preface and specifically in the notes,

the work or material which has been so incorporated.

- (f) The candidate may submit as supporting documents any work published by the candidate, but only if it bears on the subject of the thesis.

9.11 Thesis Submission

- (a) A candidate shall, through the Principal Supervisor and School Director of Postgraduate Studies and Research, give the Graduate Research College two (2) months' written notice of intention to submit a thesis and such notice shall be accompanied by the appropriate fee, if any.
- (b) Four (4) copies of the thesis in a form of temporary binding prescribed by the Graduate Research College shall be submitted by the candidate, through the Principal Supervisor, to the School Director of Postgraduate Studies and Research, and these copies may be retained by the University.
- (c) These (3) copies of the thesis shall be submitted to the Graduate Research College by the relevant School Director of Postgraduate Studies and Research with a certificate signed by the Principal Supervisor certifying that the candidate's work, including the thesis, is in a form suitable for examination.
- (d) If the relevant School Director of Postgraduate Studies and Research declines to submit a thesis, the Principal Supervisor may appeal to the Graduate Research Committee of the Academic Board.
- (e) If the Principal Supervisor declines to certify a thesis is in a form suitable for examination and the relevant School Director of Postgraduate Studies and Research declines to submit the thesis, a

candidate may appeal to the Graduate Research Committee of the Academic Board.

- (f) If the appeal is upheld and the thesis forwarded for examination, then the certificate shall be signed by the Chair of the Graduate Research Committee, and neither the Principal Supervisor nor the School Director of Postgraduate Studies and Research shall be required to sign it.
- (g) A thesis shall be prepared in the format prescribed by the Graduate Research College.
- (h) Two (2) copies of the thesis for which the candidate is admitted to a PhD award shall be deposited with the Graduate Research College in a permanent form of binding prescribed by the College. Additionally, one unbound copy shall be deposited with the University Library.
- (i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.
- (j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the

candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

- (k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

9.12 Examination of Thesis

- (a) The Higher Degrees Committee (Research) shall appoint at least three (3) examiners of whom at least two (2) shall be external to the University. A supervisor of a thesis shall not also be an examiner. The examiners may consult with each other, but each examiner shall make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work which, in the opinion

of the examiner, requires clarification. Any questions and answers shall be sent to the other examiners.

- (b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, shall then be considered by the School Director of Postgraduate Studies and Research, who shall make a recommendation to the Higher Degrees Committee (Research).
- (c) The recommendation of the School Director of Postgraduate Studies and Research, together with the reports of the examiners and any written comments received from the Principal Supervisor and candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:
 - (i) recommend to the Academic Board that the candidate be admitted to a PhD degree; or
 - (ii) recommend to the Academic Board that candidature be terminated.
- (d) Before making a recommendation to the Academic Board, the Higher Degrees Committee (Research) may require:
 - (i) a candidate to address any matters raised in the examiners' reports,
 - (ii) a candidate to address additional issues in the thesis,
 - (iii) additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the

thesis under such reasonable conditions as determined by the Higher Degrees Committee (Research); or

(iv) re-examination of the thesis within six months if full-time, or within one year if part-time.

- (e) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Committee (Research), shall have candidature terminated by the Academic Board and shall not be eligible for re-enrolment in the degree in the same topic area.

9.13 Maximum Tenure, Extension, Interruption and Cancellation

- (a) A candidate shall present a thesis for examination:
- (i) in the case of full-time candidature, not later than four (4) years from the date of enrolment as a candidate; or
 - (ii) in the case of part-time candidature, not later than eight (8) years from the date of enrolment as a candidate;

unless special permission for an extension of time has been granted by the Pro Vice-Chancellor (Research). Maximum time allowed to complete a course shall not include periods of approved leave of absence.

- (b) The Pro Vice-Chancellor (Research), on the recommendation of the Principal Supervisor and School Director of Postgraduate Studies, may permit an extension or interruption of candidature for a period totalling no more than one (1) year.
- (c) The Graduate Research Committee may on behalf of the Academic Board permit interruption beyond one year, at its

discretion and on the recommendation of the Higher Degrees Committee (Research).

- (d) Unless the Pro Vice-Chancellor (Research), or the Graduate Research Committee otherwise determines, a candidate shall maintain continuous enrolment until all requirements for admission to the degree have been met.
- (e) A candidate or PhD qualifying student may cancel enrolment at any time by giving written notice to the Graduate Research College.

9.14 Discontinuation or Termination of Enrolment and Appeal Processes

- (a) Notwithstanding other provisions in these Rules, the Graduate Research Committee may, on the recommendation of the Higher Degrees Committee (Research), and on behalf of the Academic Board, discontinue the enrolment of a candidate in less than the maximum time allowed if the Graduate Research Committee is dissatisfied with the progress being made by the candidate.
- (b) A candidate whose enrolment is discontinued or terminated under Rule 9.14(a) or Rule 9.8 may appeal on the prescribed form to the Academic Board Appeals Committee against the discontinuation or termination of enrolment.
- (c) An appeal to the Academic Board Appeals Committee against discontinuation or termination of enrolment must reach the University within three (3) months of the date of sending of the notification.
- (d) Candidature shall be reinstated if the appeal is successful. A maximum period of time to complete a PhD course will be

determined by the Higher Degrees Committee (Research).

- (e) A candidate whose appeal is unsuccessful shall have discontinuation of enrolment confirmed.

9.15 Readmission

- (a) A candidate whose candidature is discontinued shall not be eligible to be readmitted until the lapse of one (1) year.
- (b) A candidate readmitted shall have determined by the Higher Degrees Committee (Research) the maximum period of time in which the candidate shall be permitted to complete the course.
- (c) An applicant refused readmission after a period of discontinuation or termination of enrolment may appeal on the prescribed form within ten (10) working days of sending of notification by the University to the Academic Board Appeals Committee against that decision.
- (d) An appeal against refusal to be readmitted must reach the University within three (3) months of the date of notification.

Terminology Guide

The University reserves the right to change the content of, or withdraw, any unit which it offers. Candidates should also note that limitations on enrolment may be imposed on some units.

Information regarding unit descriptions is correct as at 31st October, 2005. For the most up-to-date and accurate information, students are referred to the University's on-line Schedule of Units detailing unit availabilities, requisite and enrolment conditions. The Schedule of Units can be found at: <http://www.scu.edu.au/admin/asu/sou.html>.

The information provided in the unit descriptions is in the following categories.

Using the Schedule of Units

Instructions on how to use the Schedule of Units are included in the report found at <http://www.scu.edu.au/admin/asu/>

Abbreviations used in the Schedule of Units are detailed in the opening pages of the Schedule, as are the School Codes and the abbreviations used for Pre-requisites, Co-requisites and Anti-requisites.

The Schedule of Units changes as enrolments are modified, so for instance if a unit did not attract sufficient enrolments, and the availability was removed from the Schedule of Units for that study period then that unit would not be included in the report.

Any enrolment restrictions are also noted.

At the start of the Unit Descriptions a small diagram has been included to familiarize students with the Schedule of Units.

If you require assistance to use the Schedule of Units please call Student Services Directorate (02) 6620 3444. Staff can then assist with your enquiry.

Unit Number and Name

An individual code has been allocated to each unit or subject. This code is the key element for use in all academic documentation and records.

Pre-requisite

This indicates units which must be completed or requirements which must be satisfied before a candidate may enrol in the unit named.

The Head of the School or Director of the College offering the unit may waive a pre-requisite where it can be satisfactorily demonstrated a candidate has a background of study sufficient to undertake the unit successfully. Any candidate who considers sufficient grounds can be presented for a waiver of pre-requisite should present the case to the Head of School/Director of College concerned or nominee.

Co-requisite

Co-requisites must be completed in conjunction with or prior to the unit named. Any candidate who feels sufficient grounds can be presented for a waiver of a co-requisite should present the case to the Head of School/Director of College concerned or nominee.

Anti-requisite

Means a specified unit that is deemed to have content that is too much in common with another unit, thereby prohibiting enrolment in the other unit either concurrently with the specified unit, or where the specified unit has been successfully completed.

Annual Course Load

Most units offered by Southern Cross University are of equal value, a full-time study load for one year being eight (8) units. However, some variations to this policy exist in terms of full-year units, units taught in courses offered on a trimester basis, and some units in the Bachelor of Laws.

Students requiring the exact weighting for any unit should contact their School Office or the Student Services Directorate for advice.

- (d) Educational disadvantage:
- The University has adopted policies to ensure that educational opportunities are provided for all sections of the community without discrimination on the basis of race, sex, or social or ethnic origin. An applicant who can

2.3 Eligibility for Admission to a Postgraduate Coursework Award Course

An applicant for admission to a postgraduate coursework award course must:

- (a) have fulfilled all the requirements for admission to a degree (or qualification of equivalent standing) at this University or at another university or

tertiary institution approved by the Academic Board; *or*

- (b) have satisfied such additional, or alternative, admission requirements as are prescribed in specific award Rules.

2.4 Advanced Standing

- (a) A Divisional Board may grant a student advanced standing for units on the basis of studies successfully completed at this or another Australian University, or at other types of tertiary education institutions acceptable to the Academic Board; or on another basis acceptable to the Academic Board. The study plan for a student granted advanced standing shall be determined in each case by the relevant Head of School.
- (b) Any such advanced standing shall not exceed 50 per cent of the equivalent unit requirements for the award, except with the approval of the Academic Board, or as provided for in the specific award Rules.
- (c) Subject to the approval of the relevant Head of School, a student who is readmitted to a course may be granted advanced standing for units successfully completed while enrolled in that course on a previous occasion.
- (d) A student permitted to undertake an internal course transfer (see Rule 2.12) may be granted advanced standing for units successfully completed while enrolled in the previous course. The number of units of advanced standing granted shall be decided by the Head of School into which the student is transferring.
- (e) Advanced standing shall not be granted for units completed within an enabling (or bridging) program.

2.5 Enrolment

- (a) All provisions in these Rules concerning enrolment shall apply both to the first enrolment and to all subsequent re-enrolments.

- (b) If a commencing student fails to enrol for the study period by the date specified in the offer of admission letter, the offer of admission lapses and is withdrawn. Commencing students are expected to enrol as specified in the letter of offer, including the specific course, attendance mode and campus.
- (c) A commencing student is enrolled on completion of all of the following:
 - (i) acceptance of the offer of admission;
 - (ii) completion of enrolment in units;
 - (iii) payment of prescribed fees (unless the Director of Student Services has granted an extension of time for such payment);
 - (iv) submission of a correctly completed Request for Commonwealth Assistance Form;
- (d) An international applicant who is liable to pay the Overseas Student Health Charge, as required by the Commonwealth Government for issue and continuation of student entry permits, and who fails to pay the charge to the University by a specified date, or fails to provide evidence that the charge has been paid to Medibank Private, shall not be accepted as an enrolled student until the charge has been paid.
- (e) Re-enrolling students are required to re-enrol by the published closing date. An enrolment form lodged after the closing date may be accepted at the discretion of the Director of Student Services on payment of a late fee.
- (f) Enrolled students are obliged to provide personal information, including their full name, for record keeping purposes and for statistical purposes as required by the Commonwealth Government. The University takes seriously its obligations relating to an individual's right to privacy of personal information and has developed policies and guidelines in this area.
- (g) A student shall remain enrolled until having:
 - (i) completed the coursework requirements, together with any additional units approved by the Head of School; *or*
 - (ii) taken leave of absence for a specified period; *or*
 - (iii) withdrawn; *or*
 - (iv) failed to re-enrol; *or*
 - (v) been excluded; *or*
 - (vi) had enrolment terminated as a result of student conduct proceedings.
- (h) An enrolled student shall undertake the study units approved by the relevant Head of School on the student's current enrolment form, as amended by any approved variation.
- (i) In exceptional circumstances, the Head of School may permit a candidate to enrol in a unit or units other than those specified in the Schedule of Units for a specific award course.
- (j) A student may not be enrolled in more than one award course, except with the approval of the relevant Executive Deans.
- (k) A student shall not enrol for the equivalent of more than four study units in any one study period, except with the approval of the relevant Head of School.
- (l) In respect of any unit, the relevant Divisional Board may prescribe that another unit is, or other units are, pre-requisite, co-requisite or anti-requisite. A student shall not, except with the approval of the relevant Head of School, be permitted to enrol in a unit if the specified pre-requisite, co-requisite and anti-requisite

requirements for that unit are not satisfied.

- (m) Upon enrolment, a student shall be entitled to receive a student identification card, which should be carried while on University premises and at such other locations as are prescribed in the requirements for particular courses. A student may be required to show this identification card upon request by a designated employee of the University. Lost identification cards will be replaced upon payment of a prescribed administrative charge.
- (n) Upon enrolment, a student shall provide the Director of Student Services with an address for the mailing of all official correspondence. A student is expected to notify in writing the Director of Student Services of any change of address within no more than five (5) working days of the change. The University will not accept responsibility if official correspondence fails to reach a student who has not notified the Director of Student Services of a change of address.

2.6 Variation of Enrolment

- (a) A student who has enrolled or re-enrolled for a study period may make an enrolment variation request to add or withdraw from individual units. Students may only add or withdraw from units in a manner as prescribed by the Director of Student Services. Students are encouraged to keep a record of variations of enrolment for their own records.

(b) Adding Units

A student may add units to their enrolment in a study period without penalty or special approval subject to the following:

- (i) The student needs to be aware that they may receive study materials later than usual or miss lectures and tutorials. The Unit Assessor

need make no allowances regarding deadlines for submission to assessment items because of this.

- (ii) the student's enrolment variation request is received by Student Services before the close of business on final day of week 2 of the specified study period.
- (iii) the student complies with all requisite conditions, enrolment restrictions and special approvals as listed in the Schedule of Units active at the time of the unit addition.
- (iv) the unit addition complies with the provisions of Enrolment Rule 2.5.

Where the student proposes to add the unit after the final day of week 2 of the specified study period has passed, units may be added to their enrolment in the study period subject to the following:

- (i) the census date for that study period has not yet passed; and
- (ii) the student pays the late variation fees specified in Part 4 Administrative Charges; and
- (iii) the student obtains written authorisation from the relevant Head of School. Where the Head of School responsible for the student's admitted course and the Head of School responsible for the proposed unit enrolment are different, written authorisation must be obtained by both.

A student will not be permitted to add units to their enrolment in a study period after the census date for that study period has passed. In cases where special circumstances, which were beyond the student's control, prevented the student from properly enrolling, the Director of Student Services may consider a retrospective if the student can also that a lack of enrolment in that study period would cause them to

suffer a significant disadvantage. Approval is not automatic and will be subject to the following:

- (i) the student places their claim for retrospective enrolment in writing to the Director of Student Services, fully explaining the circumstances that led to their failure to properly enrol and outlining the significant disadvantage they would suffer if not in the past study period. Unit enrolments claims older than 12 months will not normally be considered.
- (ii) The student pays the late variation fees specified in Part 4 Administrative Charges; and
- (iii) The student's claim for retrospective enrolment is accompanied by the written authorisation from the student's Head of School. Where the Head of School responsible for the student's admitted course and the Head of School responsible for the proposed retrospective unit enrolment are different, the student must obtain written authorisation from both.

(c) Withdrawing From Units

A student may withdraw from a unit until the last day of that study period, subject to the following provisions:

- (i) A student who withdraws from a unit before the relevant census date shall have their enrolment in that unit deleted from their academic record.
- (ii) A student who withdraws from a unit after the census date but before two-thirds (2/3) of the specified study period has elapsed shall have a withdrawn notation for that unit recorded on their academic record.
- (iii) A student who withdraws from a unit after the expiration of two-thirds (2/3) of the specified study period shall

have a grade of Fail for that unit recorded on their academic record.

- (iv) If special circumstances require a student to withdraw from a unit after the expiration of two-thirds (2/3) of the specified study period, the student may apply in writing to the Head of School responsible for the unit to "withdraw without failure" from the unit. The application must be made to the Head of School within 12 calendar months of the last day of the study period to which the enrolment relates. Approval may be given by the Head of School for a notation of "withdrawn" to be recorded against that unit on the student's academic record. A "Withdrawn without failure" authorisation from the Head of School does not reduce the student's financial liability for the unit.
- (v) The relevant Executive Dean may approve a "withdrawal without failure" older than 12 months if it can be demonstrated that special circumstances applied to prevent the student from applying for withdrawal without failure. The onus is on the student to demonstrate special circumstances. Special circumstances apply only if they were beyond the student's control; impacted on the student's ability to apply for "withdrawal without failure" within the specified time frame; were such that it was impracticable for the student to apply for "withdrawal without failure" within the specified time frame.

Commonwealth Supported Students will incur the full financial liability for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Commonwealth Supported Students will have their Student Learning Entitlement reduced for the unit if the variation request to withdraw from the unit is submitted

after the census date for the study period has passed. Fee Paying students will incur the financial liability applicable under the University tuition refund rules current at the time the variation request to withdraw from the unit is submitted.

Where special circumstances which were beyond the student's control have forced a student to withdraw from a unit after the unit census date, the student may apply to the Director of Student Services for a remission/refund of the financial liability applicable associated with the unit subject to the following provisions:

- (i) Remission/refund claims older than 12 months will not be considered.
- (ii) Remission/refund claims must be made on the proscribed form.

(d) Unit Swaps

Changing from one unit to another, also known as substituting a unit or swapping units requires two steps:

- (i) a request to withdraw from one unit
- (ii) a request to add a replacement (different) unit

All standard Variation of Enrolment rules apply, including academic and financial penalties for both the unit withdrawal request and the unit addition request.

(e) Unit Cancellations

Where a Division cancels a unit offering, the Head of School responsible for the unit will advise any student enrolled in that unit availability of the unit cancellation. The School will ensure that any student withdrawn due to School cancellation is provided with an alternative unit offering where appropriate. The Head of School will provide the Director of Student Services with written authorisation to withdraw the availability of the unit and to process any associated withdrawal of students.

(f) Students on Sanctions

Students on student sanctions are not permitted to add units to their enrolment. Enrolment variation requests to add units, received from students currently on sanctions will be declined. The date used to calculate penalty and approval requirements will be the date that the student sanction is lifted. Students on sanctions may delete units from their enrolment in accordance with the standard rules for Variation of Enrolment.

(g) Changing Mode (Internal or External)

Changing from one mode of study (Internal or External) to another is a two-step variation request;

- (i) a request to withdraw from the unit in one mode
- (ii) a request to add the same unit in a different mode

All standard Variation of Enrolment rules apply, including academic and financial penalties for both the unit withdrawal request and the unit addition request.

(h) Changing Location

Changing from one location of study (campus) is a two-step variation request;

- (i) a request to withdraw from the unit at one location
- (ii) a request to add the same unit at a different location

All standard Variation of Enrolment rules apply, including academic and financial penalties for both the unit withdrawal request and the unit addition request.

2.7 Leave of Absence for a Specified Period

- (a) A student may, by giving notice in writing to the Director of Student Services, take leave of absence for a specified period of up to one (1) year. A student may be granted more than one period of leave of absence, but the total period of leave of absence shall not normally exceed two (2) years. Leave of absence for a period in excess

of one (1) year, requires approval by the relevant Head of School.

- (b) A student granted leave of absence for a specified period shall be treated as having withdrawn from the course and from any enrolled units of study in the study period in which the student commences the leave. The student's academic record shall be amended as appropriate (see Rule 2.6).
- (c) Leave of absence shall not normally be granted until a student has completed the requirements for at least one unit.
- (d) A student resuming studies after a period of approved leave of absence shall be subject to the award Rules in operation at the time of resumption and shall be required to re-enrol as directed by the Director of Student Services.
- (e) A student who fails to re-enrol as directed after a period of approved leave of absence shall be treated as prescribed in Rule 2.9(a).
- (f) Periods of leave of absence shall not be counted as part of the period for completion of a coursework award course (see Rule 2.15).

2.8 Withdrawal from a Course

- (a) A student who does not wish to continue to be enrolled in a course may, by giving notice in writing to the Director of Student Services, withdraw from the course.
- (b) A student who, having withdrawn from a course, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

2.9 Failure to Re-enrol

- (a) A student who fails to re-enrol shall be regarded as having abandoned the course.
- (b) A student who, having failed to re-enrol, subsequently wishes to be readmitted to the course shall comply

with the requirements for admission as prescribed in Rule 2.1.

2.10 Exclusion

- (a) The grounds for exclusion shall normally be:
 - (i) failure in 50 per cent or more of unit load during each of the previous two (2) study periods in which the student was enrolled; *or*
 - (ii) failure to satisfy professional experience or compulsory fieldwork requirements affecting professional competency, such that the student is deemed by the relevant Head of School to be unsuitable to continue in the course.
- (b) At the end of each year, upon notification of final grades, the Director of Student Services shall provide Heads of Schools with a list of those students whose academic performance provides grounds for exclusion. A Head of School may at any other time exercise discretion in seeking a list of students whose academic performance provides grounds for exclusion.
- (c) A Head of School shall review the academic performance of those students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination that:
 - (i) the student be allowed to continue; *or*
 - (ii) the student be allowed to continue with specified conditions; *or*
 - (iii) the student be excluded for a specified period; *or*
 - (iv) the student be excluded permanently.
- (d) The Head of School's decision shall within a further five (5) working days be notified in writing to the student by

the Director of Student Services. The notification shall include:

- (i) specification of the grounds for exclusion, or of any conditions placed upon continuing in the course,
 - (ii) an indication of the student's right of appeal against the decision, and
 - (iii) details of the appeals process.
- (e) A student may request the Executive Dean to review the decision. This request, stating clearly the reasons for a review, must be submitted in writing to the Executive Dean within ten (10) working days of notification of exclusion. The Executive Dean shall review the decision and advise the student in writing of the outcome of this review within ten (10) working days of receipt of the request.
- (f) If the request for review is unsuccessful the Executive Dean must inform the student off the appeals process.
- (g) Where a student is not satisfied with the outcome of the Executive Dean's decision, an appeal on the prescribed form may be made to the Academic Board within ten (10) working days of the date on which the Executive Dean writes to the student about the outcome of the review. A late appeal may be received at the discretion of the Chair of the Academic Board Appeals Committee.
- (h) An appeal to the Academic Board may only be made on the grounds that Rule 2.10(c) was inappropriately or unreasonably applied, or that there were exceptional circumstances not likely to continue which contributed to poor academic performance. A decision of the Academic Board Appeals Committee shall be final.
- (i) A student refused readmission after a period of exclusion may appeal on the prescribed form, within ten (10) working days off sending of official

notification by the University to the Academic Board Appeals Committee against that decision.

- (j) An application for readmission following exclusion must be made on the prescribed form to the Director of Student Services. An application may be made prior to expiration of a period of exclusion, but readmission will not be permitted until expiration of the period of exclusion. Readmission is not automatic, and applicants for readmission shall comply with the requirements for admission as prescribed in Rule 2.1.
- (k) Where a student has been readmitted after having served a period of exclusion, only those units undertaken after readmission shall be taken into account when considering grounds for exclusion at any future date.
- (l) Where a student has transferred from one course to another, only units taken as part of the new course shall be taken into account when considering grounds for exclusion.
- (m) Periods of exclusion shall not be displayed on any academic transcript issued by the University.

2.11 Readmission after Expulsion from the University

A student who has been expelled from the University as a result of student conduct proceedings and who subsequently wishes to be readmitted to the University shall not be readmitted except with the permission of the University Council.

2.12 Internal Course Transfer

- (a) A student who is currently enrolled and who has completed at least the equivalent of one full-time study period may apply in writing to the Director of Student Services for an internal course transfer.
- (b) The applicant shall be assessed on the basis of previous entry qualifications and performance in University studies.

An applicant must normally obtain the rank required for selection to the preferred course in the most recent admission period in order to be eligible for consideration for an internal course transfer. In exceptional circumstances, any additional relevant supporting documentation may be taken into account.

- (c) An internal course transfer shall require the approval of the Head of School to which the student seeks to transfer.

2.13 Requirements for Coursework Awards

- (a) Unless the Academic Board determines otherwise:
 - (i) a candidate for a Master's degree by coursework shall complete the equivalent of either twelve (12) or eight (8) units, as detailed in the specific award Rules;

2.14 Completion of a Unit

A student shall be deemed to have completed a unit when either:

- (a) a grade indicating satisfactory completion of the unit has been attained as prescribed in Rule 3.8(b), *or*
- (b) advanced standing has been granted in that unit.

2.15 Duration of Coursework Award Courses

Unless a Divisional Board otherwise determines, a candidate for a:

- (a) forty (40) unit or thirty-six (36) unit award shall normally complete the course in not more than 15 years;

3. Coursework Awards: Student Assessment and Examinations

3.1 Assessment Information in Unit Statements

- (a) The unit assessor during the first two weeks of each study period shall make available to all students enrolled in that unit and shall lodge with the Library a unit statement which shall contain details of the aims, objectives, syllabus, prescribed texts and materials, recommended reference material, student assessment requirements and the intended distribution of student load.
- (b) The unit statement shall normally include at least the following information about student assessment:
 - (i) a description of each assessment task, including information such as length and format;
 - (ii) the relation of each assessment task to the unit objectives;
 - (iii) the weighting of each assessment task towards the final grade;
 - (iv) whether a pass in the unit requires an overall mark of 50 per cent, or whether there are components of the assessment which must be completed at a specified level for the unit to be completed satisfactorily;
 - (v) whether contributions to tutorial or seminar discussions will be taken into account and, if so, how such contributions will be assessed;

- (vi) identification of any assessment task that must be completed to pass the unit but which does not count towards the final grade;
- (vii) in units where assessment tasks and requirements are negotiable between lecturers and students, the processes and timelines for the completion of negotiations;

- (x) a statement concerning time-lines for the return of marked assignments.
- (xi) a statement of the criteria against which performance in assessment tasks will be judged.

3.2 Amendments to Assessment Requirements

Any amendment to the assessment requirements presented to students in a unit statement shall be notified to all students by the relevant Head of School in a form and at a time determined by the Head of School. Unless the relevant Head of School approves otherwise, no such amendments, other than an extension of the due date of an assessment task, shall be made or notified after the conclusion of the sixth teaching week of a study period.

3.3 Assessment Provision for Students with Disabilities

- (a) This Rule refers to the conditions under which variations to assessment tasks or requirements may be made to accommodate the needs of students with disabilities. Such variations may include, for example, the method of completing assignments or recording answers, a lengthening of the time taken over a test or examination, the

venue for tests or an examination, the provision of sound amplification or of large print for test or examination papers, and the provision of particular furniture requirements. The onus is on a student with a disability who wishes to seek variations to assessment tasks or requirements to bring this matter to the attention of the Disabilities Liaison Officer in accordance with the University's "Policy on Academic Adjustments for Students with Disabilities".

- (b) Procedures for students registered under the "Policy on Academic Adjustments for Students with Disabilities" as having a disability shall be those specified in that Policy. Once a determination is made under the Policy concerning variations to assessment tasks or requirements for a student with a disability, these variations shall be available throughout the period of enrolment unless changed in accordance with the Policy.
- (c) All students with disabilities who are not registered under the Policy and who seek accommodation for a disability must contact the Disabilities Liaison Officer. An application for a special examination or special consideration in a unit does not relieve the student of this onus.

3.4 Grounds for Special Consideration

- (a) Requests for special consideration in relation to assessment tasks shall only be considered on the following grounds: health, compassionate circumstances, serious unforeseen personal events, selection in State, national or international sporting or cultural events.
- (b) For consideration on health grounds, the following information in relation to a student's condition shall be required from a registered health practitioner:
 - (i) the date or dates on which the student was examined; and
 - (ii) a

specific statement of the practitioner's opinion of the effect of the complaint or treatment on the student's ability to complete the assessment task. Requests that do not contain this information will not be considered. The unit assessor, or Head of School, as appropriate under Rule 3.5, may, with written permission by the student, seek further clarification from the relevant registered health practitioner concerning the extent to which a complaint or treatment may affect the student's ability to complete the assessment task. A registered health practitioner means a health practitioner registered as a provider under Medicare or a private health fund, together with such other health practitioners as the University may determine from time to time.

- (c) For consideration on grounds of compassionate circumstances or serious unforeseen personal events, a student shall provide factual details of the circumstances or events, together with such corroborative evidence as may support the student's application. In this context "serious unforeseen personal events" refer normally to events which are outside the student's control to prevent or overcome.
- (d) For consideration on grounds of selection in State, national or international sporting or cultural events, a student shall provide a statement signed by an authorised officer of the appropriate organisation which validates a conflict with the University's timetable.
- (e) Misreading the due date for any assessment task, including misreading the examination timetable, is not a ground for special consideration.

3.5 Types of Special Consideration

- (a) Variation of the due date for an assessment task, other than an examination

- (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.
 - (ii) Requests shall be submitted to the unit assessor as soon as possible before the due date of the submission of the assessment task.
 - (iii) Requests to bring forward the due date for an assessment task, other than an examination, shall be submitted to the unit assessor in sufficient time for alternative arrangements to be made.
 - (iv) Requests for variation of the due date for an assessment task, other than an examination, on the grounds of selection in State, national or international sporting, educational or cultural events shall be submitted to the unit assessor at least one (1) month in advance of the starting date of the activity.
 - (v) With respect to Rules 3.5(a)(ii), (iii) and (iv), the relevant Head of School may approve a later date for submission of a request if exceptional circumstances can be demonstrated by a student.
 - (vi) The unit assessor, on the evidence available and after consultation with other academic staff responsible for student assessment in the task in question, shall determine whether or not to grant a variation and advise the student accordingly within five (5) working days of receipt of the student's completed application form. If a variation is not granted, the student shall be informed in writing of the reasons. If a variation is granted, the student shall be informed in writing of the new due date for the assessment task.
- (vii) With respect to Rule 3.5(a)(vi), the relevant Head of School may approve a later date for response to the student if exceptional circumstances for delay can be demonstrated by the unit assessor.
 - (viii) Where extensions have been granted beyond the due date of the finalisation of grades for the semester or trimester, the student shall receive an interim notation of Incomplete.
- (b) Special consideration in the end-of-unit examination
- (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.
 - (ii) Requests shall be submitted to the relevant Head of School.
 - (iii) Except where otherwise approved by the relevant Head of School, the timing of the submission of requests shall be as follows: (i) on grounds of health, compassionate circumstances or serious unforeseen personal events, as soon as possible before the due date of the examination; (ii) on grounds of event conflict resulting from selection in State, national or international sporting or cultural events, at least one (1) month in advance of the starting date of the activity.
 - (iv) The relevant Head of School, after consultation with the relevant unit assessor, shall make a determination and advise the student, the unit assessor and the Director of Student Services of the outcome. A student shall not normally be granted special

consideration in an end-of-unit examination unless the student has complied with all other compulsory assessment requirements in that unit.

- (v) Where a student has been granted special consideration in relation to an end-of-unit examination, the student may choose to:
 - 1. sit the end-of-unit examination and be considered under the provision in Rule 3.5(c)(iv), *or*
 - 2. not sit the end-of-unit examination and be granted a special examination.
- (vi) Where a student has been granted a special examination, a notation of Special Examination shall be entered on the student's record.
- (c) Consideration in relation to a completed assessment task
 - (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.
 - (ii) Requests shall be submitted to the unit assessor no later than two (2) working days after completion of the assessment task.

It is immaterial that the subject matter of the material is not one to which the examination relates. It shall be sufficient answer to any alleged breach of this Rule if the student establishes that anything brought into an examination room was brought in with the permission of the supervisor, or, forthwith upon entering the room, deposited with a supervisor or at a place designated for the deposit of such things.
- (g) A student whose first language is not English, with the written approval of the relevant Head of School, may use a standard translation dictionary where the examination is set in English. - (d) For Thesis/Project units, the assessment notation at the end of each study period, until such time as the unit is

successfully completed, is Continuing Unit. A Thesis Submitted notation shall be given when the student has submitted a thesis for assessment. Upon completion of the assessment process, an appropriate grade will be entered on the student's record.

 - (iii) where special consideration has been awarded and where an extension has been granted beyond the due date of finalisation of grades (refer to Rule 3.5(a) (viii)).
- (c) Not Available may be used either where a student has completed a practicum but the report has not been returned to the unit assessor from the school, hospital or supervisor, or where the student has submitted or completed all assessment tasks but a grade has not been determined in time for the submission of final grades.
- (d) An Interim Notation (Incomplete or Not Available) shall be converted to a grade as soon as possible, and by no later than the next relevant Board of Assessors meeting. If the interim notation is not converted by that time, a

3.11 Grade Point Average

The Grade Point Average (GPA) is a simple numerical index which summarises a student's academic performance in a course in a single study period or over the duration of the student's enrolment in the course. The GPA is recorded on a student's Statement of Academic Record/Transcript and Notification of Assessment. The GPA is calculated as:

$$\frac{\sum (\text{Grade Point} \times \text{Credit Value})}{\sum (\text{Credit Value})}$$

Grade points are assigned to graded units where High Distinction = 7, Distinction = 6, Credit = 5, Pass = 4, Terminating Pass = 3, Fail = 0. Non-graded units, interim notations and advanced standing are not included in grade point average calculations.

Credit value is the number of points awarded for the completion of a study package.
