*Welcome from the Vice-Chancellor  
Professor Paul Clark*

**W**elcome to Southern Cross University. I trust that your learning experience with us will be satisfying, rewarding and engaging.

As a contemporary, progressive university, Southern Cross embraces new ways of teaching, while retaining the attributes that our students value such as comparatively smaller class sizes and an emphasis on work based experience in our courses.

We have recently reviewed all of our undergraduate degrees, simplifying many of our degree structures so that students may combine a major in their discipline with studies chosen from across the University.

We also understand that many students juggle work, family and study commitments, so flexibility is important. Innovations in flexible delivery include the use of Elluminate Live! – recognised in 2007 with the awarding of a prestigious Carrick Citation for pioneering online teaching approaches which have transformed student learning and created institutional change.

A one-on-one student mentoring program is also available, providing a valuable opportunity for students to gain advice and support as they progress through their studies.

Southern Cross University's eastern seaboard presence is soon to expand, with a new campus at the Gold Coast scheduled to open in 2009, complementing our campuses at Lismore, Coffs Harbour and Tweed Heads. Environmental sustainability will be a high priority in the design of the new campus, drawing on our wide experience in environmental management.

Southern Cross University is a participant in eight Co-operative Research Centres, making a distinctive contribution not just to our region but internationally. We think that bringing research knowledge into our teaching is an important way to ensure the relevance of our courses.

I am sure you will enjoy the challenge that studying at university brings, and I look forward to congratulating you at the graduation ceremony that will mark the culmination of this important step along your chosen career path.

# How to use the 2008 Student Handbook

The Student Handbook has been divided into six main sections to ensure that information is easily accessible. These sections include:

1. General Information (*Principal Dates, Contact Information etc.*)
2. Faculties of the University
3. Student Services and Information
4. Course Information
5. Unit Information
6. Rules

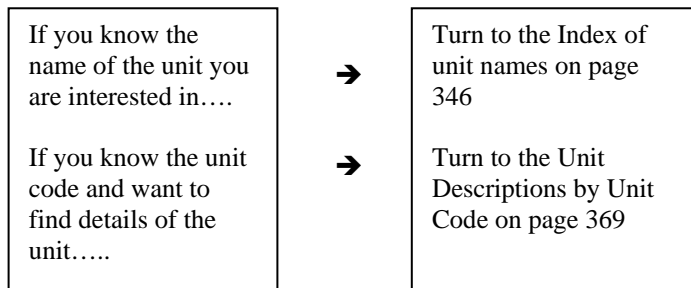

Tables of contents are at the beginning of each of these six sections.

## Do you want to find a course?

Course details include such important information as the course code, the campus where the course is taught, its duration, course rules, and the schedule of units which need to be studied.

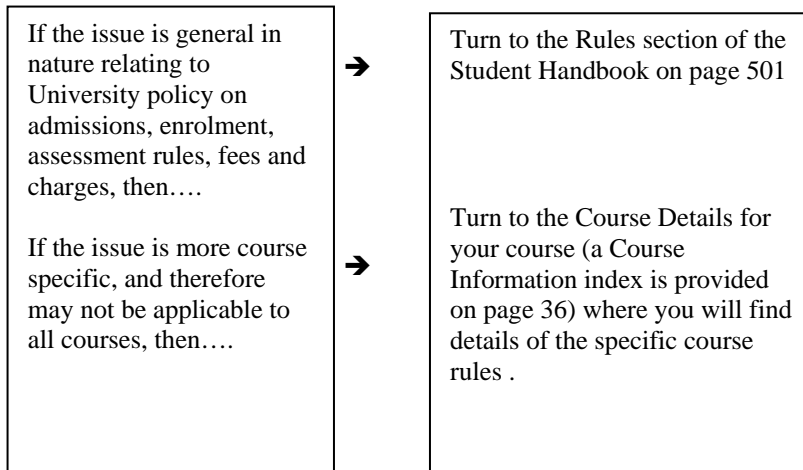

## Do you want to find details of individual units that form part of a course?

You should always take account of course and unit availability when planning our studies.

You can check the availability of both courses and units by viewing the Schedule of Units on the SCU website at [www.scu.edu.au/scheduleofunits](http://www.scu.edu.au/scheduleofunits).

**Do you want to find out about a particular rule?**

To get the full picture, you should refer to both the Rules section in the Student Handbook and the specific course rules detailed under the relevant course entry.

Further information about University governance and rules can be found in the 2008 Calendar. The Calendar is an online publication and can be found at [www.scu.edu.au/calendar](http://www.scu.edu.au/calendar).

### Trimesters

There are 3 trimesters (A, B and C), each of 15 weeks duration (numbered 1–15). Each trimester comprises 13 teaching weeks and 2 assessment weeks. ## **ABSTUDY (Education Access Program)**

ABSTUDY provides assistance for Australian Aboriginal and Torres Strait Islander students in a range of full-time and part-time courses, including Masters and Doctorate level.

The maximum rates vary depending upon individual circumstances. Benefits for students also include the payment of an incidentals allowance to assist with text book and equipment costs. Part-time students may also be eligible for some financial assistance.

Application forms for ABSTUDY are available from any Centrelink Office. Submit your application for ABSTUDY as soon as possible. ABSTUDY claims can be lodged at the Lismore Centrelink Office, at the corner of Conway and Keen Streets.

## **ABSTUDY Pensioner Education Supplement (PES)**

The Pensioner Education Supplement (PES) is free of any income test. It may be paid to some students who are eligible for ABSTUDY and are receiving a pension or certain allowances from Centrelink or a full service pension from the Department of Veteran Affairs (DVA). To be eligible for PES students must be studying at least 25% of a full-time workload.

In 2007 the Pensioner Education Supplement was \$62.40 per fortnight for new applicants and \$124.80 per fortnight for "maintained" students continuing in their studies from 1999.

Students with a study load of less than 50% were paid \$31.20 per fortnight. Please note, customers receiving the Disability Support Pension, Invalidity Service Pension or Income Support Supplement may be eligible for a workload concession.

All rates are subject to CPI adjustment.

Further information about ABSTUDY can be obtained from the Lismore Centrelink Office, corner of Conway and Keen Streets, Lismore. Telephone enquiries can be made on 13 23 17.

*Cost of On-Campus Accommodation*  
The University has kept the cost of accommodation at a modest level. This is to provide educational opportunities to tertiary students from a wide range of socio-economic backgrounds. The 2008 charges vary from \$107 per week (6 bedroom unit), \$113 per week (2-3-4 bedroom unit) to \$125 per week (4 bedroom unit at Magellan or Carina) per person for an academic year. In addition, an annual deposit is payable. Applications are generally accepted until the middle of January each year subject to availability. Readmission from year-to-year is conditional upon appropriate academic progress and contribution to college life.

## Advanced Standing

Southern Cross University policy allows for the granting of advanced standing for previous post-secondary study (normally completed within the last ten years), relevant professional experience or demonstrable expertise. If you wish to apply for advanced standing towards your course, you should complete and return the Advanced Standing Application Form (available from Student Centres or download from

<http://study.scu.edu.au/student-services/dds/>).

It is important to apply for advanced standing as early as possible in your studies as the amount of advanced standing you are granted may affect which units you need enrol in. To prevent delays in processing your graduation you are strongly advised to have submitted all requests for Advanced Standing before commencing your final study period.

## Alcohol Consumption

The University has a policy on the consumption of alcohol. The aim of the policy is to ensure that alcohol consumption on University premises occurs within acceptable and legal limits. The policy restricts alcohol to certain venues under certain conditions. Details of this policy may be obtained from the Finance Directorate, or the Vice-Chancellor's Office.

## Assessment

Assessment describes the various kinds of assignments, tests and examinations used at Southern Cross University. At the beginning of each study period the relevant unit assessor will provide you with a unit information guide which outlines the objectives or goals of the unit, the number and type

of each item of work to be submitted, the assessment method(s) proposed for each item, date each item is to be submitted and other general assessment expectations and penalties. You should note the assessment requirements carefully as your success in any unit will depend upon your ability to meet the requirements of the various assessment items.

School/College policies including the conditions of and penalties for late submissions, granting of extensions, possibility of re-submission, violation of assessment specifications (eg: number of words),

plagiarism and class participation (where it contributes to assessment) will be outlined in the unit information guide and are available at the relevant Faculty, School or College office.

Your final grade in each unit will be published on My Enrolment at the end of each study period. Release dates for grades are published in "SCU News" on the University's web site. You will be advised of grade publication dates via your SCU webmail account. The University's rules concerning Student Assessment and Examinations are set out in the Rules section of this Student Handbook.

### **Attendance requirements**

Attendance at lectures and tutorials is normally a requirement for internal students. For example, some units require an eighty percent attendance in lectures and tutorials as well as a pass in assignments in order to pass the unit. Attendance at field trips and excursions may also contribute to a unit assessment. External students may need to attend an on-campus residential period as a requirement of their units. Attendance requirements are articulated in the unit statements issued at the commencement of each unit.

If personal circumstances change through the study period to prevent class attendance, you are strongly encouraged to discuss the situation with your lecturer or Student Services. Illness during the study period can effect not only your attendance at classes, but also your capacity to study. When too much class contact is lost through protracted illness, there may be no practical way of catching up in that study period. You should discuss your options with your School or College Student Liaison team or with Student Services.

### **Austudy Payment and Youth Allowance for Students**

*Austudy Payment* is an income support payment available to qualifying students aged 25 or older. It provides income tested assistance to full-time students who are Australian citizens and some permanent residents of Australia studying in an approved tertiary course.

*Youth Allowance* is a similar support payment paid to eligible 16 to 24 year olds who are undertaking full-time study in approved courses, and/or are looking for work. These young people may be eligible for rent assistance and the rules

regarding the activity test allow for more flexibility in the types of activities which are acceptable. Youth Allowance is means tested against parental and family income.

The eligibility provisions for Austudy Payment and Youth Allowance for full-time students are very similar. However there are some differences in terms of rates, parental means testing, and the activity test (academic requirements). All Austudy Payment recipients are deemed independent and are therefore not means tested against their parents' income.

There is no away from home rate for Austudy Payment as all students over 25 years of age are deemed to be independent. From the 1<sup>st</sup> January 2008 Rent Assistance will be able to be claimed by those who are receiving Austudy Payment. Those with children can access Rent Assistance through Family Allowance.

To be eligible for Austudy Payment or Youth Allowance, students normally need to be undertaking at least three-quarters of the normal amount of full-time study in respect of the course for the study period. Where a student is in a Commonwealth supported place in a course they are required to have a study loading of at least 0.375 per semester. Where a student reduces and ceases to be undertaking a study load of 0.375 or more, he or she ceases to be eligible for Austudy Payment or Youth Allowance. Under very special circumstances some students are approved to study less than 75% of the full-time workload.

The maximum rates of payments vary depending on the age of the student, the level of the student's personal and/or family income and assets, and the type of assistance applied for.

Dependent tertiary students may also be eligible for reimbursement for up to two return journeys between their parents' and their term address if they live away from home to undertake their studies.

Students can apply for a lump sum advance loan of between \$250 and \$500 against their Austudy Payment or Youth Allowance entitlement.

The preferred method of claiming Youth Allowance and Austudy is now online through Centrelink's website, which is at [www.centrelink.gov.au](http://www.centrelink.gov.au).

Telephone enquiries can be made on 13 24 90.

At the Lismore campus, free-call phones are available for students to contact Centrelink. These are located at the Student Centre in Goodman Plaza.

### **Austudy Pensioner Education Supplement (PES)**

The Pensioner Education Supplement (PES) aims to assist pensioners with the ongoing costs associated with study and is available to full-time students and those approved to undertake at least 25% of a full study load.

PES is paid at the rate of up to \$62.40 per fortnight; it is not taxable. The minimum age is usually 16, although it may be paid to a 15 year old studying in certain circumstances. Further information about the Austudy Pensioner Education Supplement can be obtained at any Centrelink office or by phone on 13 24 90.

### **Banking**

At Lismore campus a branch of Summerland Credit Union and an ATM are located in Goodman Plaza. Some shops also offer EFTPOS facilities.

At Coffs Harbour campus an ATM is located inside the canteen and some shops offer EFTPOS facilities.

### **Bookshop**

The Uni Co-op Bookshop supplies all set texts, along with a wide variety of reference texts and general titles. Become a lifetime member of the Co-op for \$20 to receive a discount from any of their stores Australia wide.

The Co-op Bookshop also provides a mail order service for external students. You can check your text lists and order online from their website using a credit card. Order forms are also available to download if you prefer to fax or post your order.

### **Criminal Record Check**

Students should be aware that as part of the employment process in various States and Territories, a criminal record check is undertaken on all applicants for positions within teaching and nursing.

### **Cross Institutional Study**

If you are attending another University it is possible to undertake a unit of study at Southern Cross University and have that unit credited to your award at your home University. Conversely if you are a Southern Cross University student it may be possible for you to undertake a unit of study at another University and have that unit credited to your award at SCU.

If you are a Southern Cross University student, you must first discuss your intention with your SCU course co-ordinator. Your course co-ordinator must agree in writing to allow you to undertake cross institutional study at another institution. You will be required to obtain the unit statement for the proposed unit from the other institution and provide all necessary detail to your course co-ordinator. If you receive written approval to undertake a unit cross institutionally it is your responsibility to organise your enrolment at that University. As each University will have different requirements and

deadlines, check these carefully in advance and comply with all regulations. All institutions will require a copy of the written approval from your course co-ordinator before they agree to enrol you as a cross institutional student.

If you are a student of another University wishing to apply to study cross institutional unit/s at Southern Cross University you must first discuss your intention with your home University and obtain their permission in writing. The permission must state the name and unit code of the unit in which you will be enrolled at SCU and the name of the course you are undertaking at your home university. The approval must state clearly that your home institution will count the specific unit of study toward your degree program at your home University. Applications for cross-institutional study must be made on the University's Direct Application Form and normal admission deadlines apply.

If you are a Commonwealth supported student at your home University, you will be able to study cross institutionally under Commonwealth support.

For more information about cross institutional study please contact Student Services. Phone: (02) 6620 3444 Email: [stuadmin@scu.edu.au](mailto:stuadmin@scu.edu.au)

### **Enrolling at SCU**

As a student of SCU it is your responsibility to ensure that your current enrolment is recorded accurately by Southern Cross University. Some units offered by SCU have requisite conditions and you are strongly advised to check that you are eligible to enrol in the unit prior to undertaking your online enrolment. You must obtain a requisite waiver from the Head of the School that is teaching the unit if you wish to enrol in a unit without the listed requisite. This is to be submitted by selecting the "Unit Approval Request" option on My Enrolment under the 'My Study Plans' menu option.

If you are a new student you will receive a package that offers you a place in your chosen course. You should follow the instructions provided in your offer package to correctly accept your offer via My Enrolment. Once you have accepted your offer, you will be admitted to your chosen course of study. You will then be required to enrol in your chosen units of study (subjects) for the coming study periods. You must complete your unit enrolment for the entire year by the specified due date.

If you are a continuing student you are required to re-enrol for the following year in October of the current year. Information about re-enrolment will be published each year via your SCU webmail account.

No guarantee of enrolment can be made if you do not complete your enrolment by the due date.

At the beginning of each study period you are encouraged to check your enrolment details on My Enrolment to ensure that you have correctly enrolled. If your enrolment is not as you expect and you are unable to amend your enrolment online, you must immediately advise the University by contacting Student Services at email: [enrol@scu.edu.au](mailto:enrol@scu.edu.au)

### **What Happens After Enrolment?**

After completing your unit enrolment you should continue to check your enrolment details on My Enrolment and access your webmail account. Any enrolment problems will be reported to you at this email address.

Southern Cross University provides no written confirmation of your enrolment however you can print the details of your current enrolment from My Enrolment. Please note that access to a unit learning site in My SCU (also called Blackboard) is not a

guarantee of official enrolment – always check your official record at My Enrolment.

If your enrolment is complete, you will see the unit appear as a learning site in My SCU the following day. This site is your learning site for the study period. If you are an on-campus student you should also check your class timetable and attend your first classes. If you are studying by Distance Education, you should receive your study materials in the week before the study period commences. Note that some units will deliver all learning materials via the My SCU unit learning site, so it is important that you access this site regularly.

Your enrolment invoice will be available via My Enrolment shortly after you have been enrolled. Please check your invoice for accuracy and ensure that you pay any outstanding amounts by the due date.

### *Changing Your Enrolment*

You may vary your original unit enrolment details via My Enrolment. Please note that deadlines exist for the lodgement of enrolment variation and course/unit withdrawals. These dates are set out in the Principal Dates section of the Student Handbook and can effect both your academic record and financial liability. Note that changing your mode of study (internal or external study mode) and unit substitutions are enrolment variation requests and are subject to the same deadlines - see “*Withdrawing From a Course or Unit*” below.

### *Withdrawing From a Course or Unit*

Regulations relating to a course or unit withdrawal are set out in the Enrolment Rules which are printed in the Rules section of the Student Handbook (see *Rules 2.6 – 2.8*). You should be familiar with these rules. You may withdraw from your unit/s or course via My Enrolment. You are not permitted to withdraw from all enrolled units without applying for a Leave of Absence (see below)

If you are a Commonwealth supported student and you withdraw from your unit/s or course after the census date for a study period, you will be liable for the student contribution amount applicable for each unit for that study period.

You should note that withdrawing from a unit or course after the designated final date for withdrawal without failure will also result in an automatic grade of FAIL.

If you are enrolled in a fee paying course and you withdraw from your unit/s or course after the start of the study period you may be liable for a partial fee. Refer to the University Refund Policy set out in the Rules Relating to Student Fee and Charges.

### *Leave of Absence*

To be eligible to take leave you must have remained enrolled in at least one unit of study past a census date. If you are eligible you may take a break from your studies of up to one-year (12 months). Refer to Rules Relating to Awards (see *Rule 2.7(a-f)*). An

It is your responsibility to complete any required examinations. A preliminary examination timetable is normally available in week eight of the study period. The final timetable is published in week ten of each study period and is available on the web at <http://www.scu.edu.au/services/student-services/index.php/21/> and on My Enrolment at [www.scu.edu.au/myenrolment](http://www.scu.edu.au/myenrolment) (Select “Exam Timetable” under “My Exams”). The University has reciprocal exchange programs with more than 30 overseas universities and higher

education institutions in a range of countries including Austria, Canada, England, China, Norway, Sweden, France, Spain, Germany, Hong Kong, Japan, Korea, Netherlands, and the United States of America. Courses are generally taught in English and students don't need foreign language skills to participate in most cases. Students are encouraged to consider undertaking a period of study overseas through the University's Exchange program.

Students are able to apply for competitively awarded grants to fund the cost of air fares, accommodation and other costs of undertaking a period of exchange study. Students may also apply for a loan of \$5000 under the OS-HELP scheme to fund these costs, the repayment of which can be deferred in a manner similar to the repayment of the HELP liability.

Before embarking on an exchange, students need to attend an information session regarding exchange and ensure that the credit for their proposed exchange study program has been approved by their Course Coordinator. Students remain enrolled students of the University while on exchange and incur the usual tuition fee liabilities, but no tuition fees are required to be paid to the overseas university.

More information can be obtained from the University's Exchange website <http://exchange.scu.edu.au> or by contacting the International Office for more information on (02) 6620 3876.

## Exclusion

The Exclusion Rules, set out in the Rules section of this Student Handbook, provide for exclusion at the discretion of the Head of School, on the basis of unsatisfactory academic progress or failure to satisfy professional experience requirements. You may appeal a decision of the Head of School within ten working days of notification of exclusion by requesting the Executive Dean to review the decision. If you are not satisfied with the Executive Dean's decision with respect to this appeal you may submit a further appeal to Academic Board within ten working days. ## Feedback and Complaints

Student Services is committed to seeking feedback and to improving our processes and policies based on this feedback. We acknowledge the right of students, staff or members of the public to complain if they are dissatisfied. We recognise the need for complaint handling processes that maintains a

commitment to civility and fairness, confidentiality and privacy.

### *Complaints Handling Policy*

It is expected that many complaints will be resolved informally (i.e.; in discussion) with staff. Staff members who receive a complaint will, wherever possible, seek to resolve the complaint at that first contact.

If after ten working days, you are not satisfied that sufficient progress has been made in resolving an informal complaint; you should lodge a formal (written) complaint with the Complaints Officer.

The Complaints Officer will determine the nature of the complaint and consider any relevant procedures to attempt, if possible, to resolve it immediately. The Complaints Officer will ensure that steps are taken within ten working days to resolve the complaint; consider mediation and conciliation; involve specialist staff where relevant; keep you informed of the progress of the complaint.

On receiving a formal (written) complaint, the Complaints Officer will contact the complainant, discuss the issue and, where possible, find an agreed resolution. We aim to make contact within three working days of receiving a formal (written) complaint and to have achieved a resolution to the issue within ten working days.

Records of each formal complaint are kept in secure storage in a confidential central register within Student Services for the period set by the relevant Records Management policy.

## Plagiarism

Plagiarism is defined as reproduction and presentation of the work of others without acknowledgment and includes copying (in whole or in part) the work or data of other persons, or presenting substantial extracts from books, articles, theses, computer software, lecture notes, assignments or tapes, without due acknowledgment.

You are advised against making assessable material (assignments, etc.) available to other students, as they could then be a party to plagiarism and, as such, may be penalised as if they themselves had committed an act of plagiarism.

You are expected to be fully conversant with the various systems of referencing. Details on the preferred referencing system for the discipline you are studying will be provided by your Unit Assessor.

You should be aware that poor referencing or poor presentation of cited material is NOT plagiarism. They constitute poor academic work and will be penalised as such.

The University acknowledges that there are particular difficulties in establishing plagiarism in respect of computer-based work, particularly programming. The following guidelines are intended to provide advice on how plagiarism in this area will be established:

**Definition:** Substantial copying of work from some existing or recognisable source without acknowledgment: the use of work, partial or whole, generated by another student, past or present or an external person, constitutes plagiarism with reference to computing and computer programming.

**Detection:** Plagiarism in computing may be detected by one or more of the following:

- (a) similarity to other students' submissions;
- (b) sudden improvement in a student's output within the semester without evidence of effort;
- (c) sudden change in coding style;
- (d) report by other student(s) or member(s) of staff;
- (e) the offending party was caught in the act of copying.

**Verification:** Plagiarism in computing may be verified by:

- (a) similarity in submitted work, e.g. similar programme structure, similar identification names and labels;
- (b) lack of ability of the student to explain key aspects of the programme, especially where

## Privacy

The University must meet the privacy standards introduced under the *NSW Privacy and Personal Information Protection Act 1998 (the Privacy Act)*. These standards direct the way public sector agencies deal with personal information.

Personal information is any information that relates to an identifiable person. As well as information that can readily identify an individual, it also includes genetic material, electronic records, video recordings and photographs.

There are twelve general principles that deal with the collection, storage, access, use and disclosure of personal information. These principles are designed to reduce the risk of misuse of personal information. They also allow individuals a reasonable degree of control about what happens to their personal information.

These principles are outlined in the brochure *Privacy and Personal Information Protection NEED TO KNOW*, produced by the University and available from the Student Centres on all campuses or via the University's web site at [www.scu.edu.au/policy/privacy](http://www.scu.edu.au/policy/privacy)

The University, through its Privacy Contact Officer, can assist you with various privacy issues covered by the Act, including access to personal information, privacy complaints and reviews and advice on where to get more information.

## Prizes

The University also offers a large number of *Annual Prizes* which may be awarded if you achieve outstanding grades or demonstrate meritorious performance. A complete listing of the prizes, criteria and amount awarded can be downloaded from the University website at <http://www.scu.edu.au/governance/council/index.php/10/>

*University Medals* are awarded annually at the discretion of the Academic Board if you have completed the requirements of a Bachelor degree with first class honours and at all times have demonstrated a very high standard of academic achievement. University Medals are normally awarded if you have achieved a Grade Point Average (GPA) of Distinction (6.00) or more in graded units equivalent to 150-hours, excluding Honours year units. These units must be in the relevant undergraduate award(s) and where a

minimum of sixty-six percent (66%) of the award(s) has been completed at Southern Cross University.

The following examples are to assist with interpretation:

- (i) A student has completed forty units towards a double degree: Another student has completed thirty-two units towards a combined degree. In both cases count all units in the GPA calculation;
- (ii) A student has completed a twenty-four unit undergraduate degree at SCU. The student completed eight units in another SCU degree and two units at another university, and received advanced standing for eight units (two non-SCU units and six SCU units). The two units completed at the other university do not count in the calculation, however, six of the SCU units do. The GPA would be calculated on twenty-two SCU units;
- (iii) A student has completed an articulated series of awards at SCU culminating in a degree. All units counted towards that degree are to be used in the GPA calculation, even if the units were completed while the student was enrolled in the articulated awards

- (b) not be engaged in business or employment
- (c) not be a full-fee paying overseas student.

Rail and State Transit concession forms are available from the Student Centres on all campuses. Some overseas students studying under an Australian Government International, Exchange or Sponsorship program may be eligible. To check eligibility criteria for this category of student please contact staff at an SCU Student Centre.

### **Tuition Fees and Commonwealth Supported places**

The University will provide you with an **electronic** invoice each study period regardless of whether you pay tuition fees, defer your tuition fees via a FEE-HELP loan or defer your student contribution via the HECS-HELP loan scheme. Once you have enrolled in your units for the study period, an invoice is available for viewing via MyEnrolment. Payment of fees must be made by the due date specified on the invoice (details regarding methods of payment are included with the invoice). If you are deferring your fees via FEE-HELP or HECS-HELP, the debt listed on the invoice will be the amount that is deferred.

#### *Commonwealth supported place*

A Commonwealth supported place is a higher education place where the Commonwealth government makes a contribution towards the cost of your education. Most of Southern Cross University's undergraduate courses include Commonwealth supported places. Most postgraduate courses are non-Commonwealth supported (fee-paying) and if you are undertaking postgraduate studies you will usually pay tuition fees directly to the university. Your letter of offer will confirm whether you have been offered a Commonwealth supported place or a fee-paying place.

#### *Commonwealth supported students (previously called HECS students)*

All domestic students are provided with a Student Learning Entitlement (SLE) by the Commonwealth government. Domestic students include Australian

citizens, Australian permanent residents and New Zealand citizens. The SLE is equivalent to 7 years of full-time study. A student with SLE is entitled to Commonwealth support. This means that the Commonwealth government will subsidise the cost of education.

Every unit of study undertaken under Commonwealth support has an associated cost. For Commonwealth supported students part of that cost is met by the Commonwealth government and the remainder is paid by the student. This remainder payment was previously called HECs but is now called the student contribution amount. New Zealand citizens and permanent residents of Australia must pay the student contribution amount for each unit of study in which they are enrolled by the due date on the relevant invoice. Domestic students may choose to defer their student contribution amount using a HECS-HELP loan.

Either way, a student may only be commonwealth supported whilst they have SLE. After 7 years of full time study, commonwealth support will run out.

#### *Fee Paying Students*

A non-Commonwealth supported student is also known as a fee-paying student and includes any domestic student who is paying a tuition fee for a unit of study. Fee paying students are required to pay full tuition fees for each unit of study directly to Southern Cross University.

New Zealand citizens and permanent residents of Australia must pay the full tuition fee for each unit of study in which they are enrolled by the due date on the relevant invoice.

Australian citizens and holders of permanent humanitarian visas are eligible to pay their tuition fees with a loan from the Commonwealth government called FEE-HELP. The loan is repaid through the taxation system once a minimum income threshold for compulsory repayment is reached.

Whilst FEE-HELP loans are interest free, they are indexed to the CPI. A 20% loan fee applies to FEE-HELP loans for undergraduate studies. No additional loan fee is applied to loans for postgraduate studies.

For more information visit the Commonwealth government website [www.goingtouni.gov.au](http://www.goingtouni.gov.au)

#### *Refund of Fees*

It is important you read and understand the University Refund Policy as set out in the Rules Relating to Student Fees and Charges in the Rules section of the Student Handbook.

◆ Details of Majors

*University Wide Majors*

## UNIVERSITY WIDE MAJORS

In addition to the majors which may be offered within your preferred course, you may be able to select a major from a different discipline area within the University if your course structure allows you to undertake electives.

A University Wide Major consists of 8 units which you choose from a selection of up to 14. There are no prerequisites for that major, but there may be units within it which are pre-requisites for other units in the major.

**Example:** If you enrol in a Bachelor of Arts, and you would like to include the Sustainability (university wide) major within your course of study, you will need to complete BIO10187 and SOC10236 first, before proceeding with the other Sustainability units you have chosen.

You are advised to carefully check the Schedule of Units for availability as units in University wide majors may be offered by a combination of on-campus study (at Coffs Harbour, Lismore and Tweed Gold Coast) and distance education. The Schedule of Units is available at <http://www.scu.edu.au/scheduleofunits>

If you are interested in selecting a University wide major, you should also contact your School Student Liaison Team to enquire how this might be accommodated within your course structure. Contact details for your School Student Liaison Team are in the course guides for new and re-enrolling students.

The following details may be subject to change. Please contact your School for confirmation of the structure before acting on this information.

- (b) Four (4) copies of the thesis in a form of temporary binding prescribed by the Graduate Research College shall be submitted by the candidate, through the Principal Supervisor, to the School Director of Postgraduate Studies and Research, and these copies may be retained by the University.
- (c) These (3) copies of the thesis shall be submitted to the Graduate Research College by the relevant School Director of Postgraduate Studies and Research with a certificate signed by the Principal Supervisor certifying that the candidate's work, including the thesis, is in a form suitable for examination.
- (d) If the relevant School Director of Postgraduate Studies and Research declines to submit a thesis, the Principal Supervisor may appeal to the Graduate Research Committee of the Academic Board.
- (e) If the Principal Supervisor declines to certify a thesis is in a form suitable for examination and the relevant School Director of Postgraduate Studies and Research declines to submit the thesis, a

candidate may appeal to the Graduate Research Committee of the Academic Board.

- (f) If the appeal is upheld and the thesis forwarded for examination, then the certificate shall be signed by the Chair of the Graduate Research Committee, and neither the Principal Supervisor nor the School Director of Postgraduate Studies and Research shall be required to sign it.
- (g) A thesis shall be prepared in the format prescribed by the Graduate Research College.
- (h) Two (2) copies of the thesis for which the candidate is admitted to a PhD award shall be deposited with the Graduate Research College in a permanent form of binding prescribed by the College. Additionally, one unbound copy shall be deposited with the University Library.
- (i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.
- (j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the

candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

- (k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

#### **9.12 Examination of Thesis**

- (a) The Higher Degrees Committee (Research) shall appoint at least three (3) examiners of whom at least two (2) shall be external to the University. A supervisor of a thesis shall not also be an examiner. The examiners may consult with each other, but each examiner shall make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work which, in the opinion

of the examiner, requires clarification. Any questions and answers shall be sent to the other examiners.

- (b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, shall then be considered by the School Director of Postgraduate Studies and Research, who shall make a recommendation to the Higher Degrees Committee (Research).
- (c) The recommendation of the School Director of Postgraduate Studies and Research, together with the reports of the examiners and any written comments received from the Principal Supervisor and candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:
  - (i) recommend to the Academic Board that the candidate be admitted to a PhD degree; or
  - (ii) recommend to the Academic Board that candidature be terminated.
- (d) Before making a recommendation to the Academic Board, the Higher Degrees Committee (Research) may require:
  - (i) a candidate to address any matters raised in the examiners' reports,
  - (ii) a candidate to address additional issues in the thesis,
  - (iii) additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the

thesis under such reasonable conditions as determined by the Higher Degrees Committee (Research); or

- (iv) re-examination of the thesis within six months if full-time, or within one year if part-time.
- (e) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Committee (Research), shall have candidature terminated by the Academic Board and shall not be eligible for re-enrolment in the degree in the same topic area.

#### **9.13 Maximum Tenure, Extension, Interruption and Cancellation**

- (a) A candidate shall present a thesis for examination:
  - (i) in the case of full-time candidature, not later than four (4) years from the date of enrolment as a candidate; or
  - (ii) in the case of part-time candidature, not later than eight (8) years from the date of enrolment as a candidate;unless special permission for an extension of time has been granted by the Pro Vice-Chancellor (Research). Maximum time allowed to complete a course shall not include periods of approved leave of absence.
- (b) The Pro Vice-Chancellor (Research), on the recommendation of the Principal Supervisor and School Director of Postgraduate Studies, may permit an extension or interruption of candidature for a period totalling no more than one (1) year.
- (c) The Graduate Research Committee may on behalf of the Academic Board permit interruption beyond one year, at its

discretion and on the recommendation of the Higher Degrees Committee (Research).

- (d) Unless the Pro Vice-Chancellor (Research), or the Graduate Research Committee otherwise determines, a candidate shall maintain continuous enrolment until all requirements for admission to the degree have been met.
- (e) A candidate or PhD qualifying student may cancel enrolment at any time by giving written notice to the Graduate Research College.

#### **9.14 Discontinuation or Termination of Enrolment and Appeal Processes**

- (a) Notwithstanding other provisions in these Rules, the Graduate Research Committee may, on the recommendation of the Higher Degrees Committee (Research), and on behalf of the Academic Board, discontinue the enrolment of a candidate in less than the maximum time allowed if the Graduate Research Committee is dissatisfied with the progress being made by the candidate.
- (b) A candidate whose enrolment is discontinued or terminated under Rule 9.12(a) or Rule 9.9 may appeal on the prescribed form to the Academic Board Appeals Committee against the discontinuation or termination of enrolment.
- (c) An appeal to the Academic Board Appeals Committee against discontinuation or termination of enrolment must reach the University within three (3) months of the date of sending of the notification.
- (d) Candidature shall be reinstated if the appeal is successful. A maximum period of time to complete a PhD course will be

determined by the Higher Degrees Committee (Research).

- (e) A candidate whose appeal is unsuccessful shall have discontinuation of enrolment confirmed.

#### **9.15 Readmission**

- (a) A candidate whose candidature is discontinued shall not be eligible to be readmitted until the lapse of one (1) year.
- (b) A candidate readmitted shall have determined by the Higher Degrees Committee (Research) the maximum period of time in which the candidate shall be permitted to complete the course.
- (c) An applicant refused readmission after a period of discontinuation or termination of enrolment may appeal on the prescribed form within ten (10) working days of sending of notification by the University, to the Academic Board Appeals Committee against that decision.
- (d) An appeal against refusal to be readmitted must reach the University within three (3) months of the date of notification.

## Terminology Guide

*The University reserves the right to change the content of, or withdraw, any unit which it offers. Candidates should also note that limitations on enrolment may be imposed on some units.*

Information regarding unit descriptions is correct as at 22<sup>nd</sup> November 2007. For the most up-to-date and accurate information, students are referred to the University's online Schedule of Units detailing unit availabilities, requisite and enrolment conditions. The Schedule of Units can be found at: [www.scu.edu.au/scheduleofunits](http://www.scu.edu.au/scheduleofunits)

The information provided in the unit descriptions is in the following categories.

### Using the Schedule of Units

Instructions on how to use the Schedule of Units are included at the above web address.

Abbreviations used in the Schedule of Units are detailed in the opening pages of the Schedule, as are the School Codes and the abbreviations used for Pre-requisites, Co-requisites and Anti-requisites.

The Schedule of Units changes as enrolments are modified, so for instance if a unit did not attract sufficient enrolments, and the availability was removed from the Schedule of Units for that study period then that unit would not be included in the report.

Any enrolment restrictions are also noted.

At the start of the Unit Descriptions a small diagram has been included to familiarize students with the Schedule of Units.

If you require assistance to use the Schedule of Units please call Student Services Directorate (02) 6620 3444. Staff can then assist with your enquiry.

### Unit Number and Name

An individual code has been allocated to each unit or subject. This code is the key element for use in all academic documentation and records.

### Pre-requisite

This indicates units which must be completed or requirements which must be satisfied before a candidate may enrol in the unit named.

The Head of the School or Director of the College offering the unit may waive a pre-requisite where it can be satisfactorily demonstrated a candidate has a background of study sufficient to undertake the unit successfully. Any candidate who considers sufficient grounds can be presented for a waiver of pre-requisite should present the case to the Head of School/Director of College concerned or nominee.

### Co-requisite

Co-requisites must be completed in conjunction with or prior to the unit named. Any candidate who feels sufficient grounds can be presented for a waiver of a co-requisite should present the case to the Head of School/Director of College concerned or nominee.

### Anti-requisite

Means a specified unit that is deemed to have content that is too much in common with another unit, thereby prohibiting enrolment in the other unit either concurrently with the specified unit, or where the specified unit has been successfully completed.

### **Annual Course Load**

Most units offered by Southern Cross University are of equal value, a full-time study load for one year being eight (8) units. However, some variations to this policy exist in terms of full-year units, units taught in courses offered on a trimester basis, and some units in the Bachelor of Laws.

Students requiring the exact weighting for any unit should contact their School Office or the Student Services Directorate for advice.

**APPLIED PHYSIOLOGY FOR NURSES**

This subject explores physiology and the bodies adaptation to illness. Physiology is discussed in detail and the student through vignettes and activities has the opportunity to apply these principles to the care of critically ill patients. Fundamental to the interpretation of clinical assessment findings and making astute and skilful clinical decisions is a sound understanding of patients' diseases when considering both their normal and altered physiology. Students are required to explore these issues and apply these principles to their clinical environment and submit a case study where they apply these principles to a patient in their care.

**NRS03271**  
**NEUROSCIENCE NURSING**

This subject is designed to provide students with an introduction to the physiological principles underpinning neuroscience nursing regardless of the specific disease or disorder. Physiology, neurophysiology and neurological clinical assessment are discussed in detail and students through vignettes and activities have the opportunity to apply these principles to the care of critically ill neuroscience patients. Students then review normal and abnormal intracranial dynamics including raised intracranial pressure. Finally, the continuum of care means students deal with patient rehabilitation and discharge planning. The assessment of this subject requires students to apply the principle of neuroscience nursing to a clinical case study where students demonstrate their skills in assessment and analyse their findings given the

underlying physiology and pathophysiology.

  - (v) been excluded; *or*
  - (vi) had enrolment terminated as a result of student conduct proceedings.
- (h) An enrolled student shall undertake the study units approved by the relevant Head of School, as amended by any approved variation.
- (i) In exceptional circumstances, the Head of School may permit a candidate to enrol in a unit or units other than those

specified in the Schedule of Units for a specific award course.

- (j) A candidate cannot count a unit in a major towards more than one specialist or University-wide major. Where this rule would prevent a candidate from completing a major, a Head of School may substitute another unit for a unit which appears in more than one major. A substitution may be made more than once.
- (k) A student shall not enrol for the equivalent of more than four study units in any one study period, except with the approval of the relevant Head of School.
- (l) In respect of any unit, the relevant Faculty Board may prescribe that another unit is, or other units are, pre-requisite, co-requisite or anti-requisite. A student shall not, except with the approval of the relevant Head of School, be permitted to enrol in a unit if the specified pre-requisite, co-requisite and anti-requisite requirements for that unit are not satisfied.
- (m) Upon enrolment, a student shall be entitled to receive a student identification card, which should be carried while on University premises and at such other locations as are prescribed in the requirements for particular courses. A student may be required to show this identification card upon request by a designated employee of the University. Lost identification cards will be replaced upon payment of a prescribed administrative charge.
- (n) Upon enrolment, a student shall provide the Director of Student Services with an address for the mailing of all official correspondence. A student is expected to notify in writing the Director of Student Services of any change of address within no more than five (5) working days of the change. The University will not accept

responsibility if official correspondence fails to reach a student who has not notified the Director of Student Services of a change of address.

## **2.6 Variation of Enrolment**

- (a) A student who has enrolled for a study period may vary their enrolment by adding or withdrawing from individual units. Students may only add or withdraw from units in the manner prescribed by the Director of Student Services. Students are required to manage their study plan as prescribed by University Rules, Policies and Guidelines.
- (b) Adding Units

A student may enrol in additional units in a study period without penalty or special approval subject to the following:

  - (i) The student needs to be aware that they may receive study materials later than usual or miss lectures and tutorials. The Unit Assessor need make no allowances regarding deadlines for submission to assessment items because of this.
  - (ii) the student varies their enrolment according to the deadlines as published by the Director of Student Services (normally the final day of week 2 of the specified study period)
  - (iii) the student complies with all requisite conditions, enrolment restrictions and special approvals as listed in the Schedule of Units active at the time of the unit addition.
  - (iv) the unit addition complies with the provisions of Enrolment Rule 2.5.

Where the student proposes to add the unit after the final day of week 2 of the specified study period has passed, units

*RULES RELATING TO AWARDS*  
*Southern Cross University, 2008*

may be added to their enrolment in the study period subject to the following:

- (i) the census date for that study period has not yet passed; and
- (ii) the student obtains written authorisation from the relevant Head of School. Where the Head of School responsible for the student's admitted course and the Head of School responsible for the proposed unit enrolment are different, written authorisation must be obtained from both.

A student will not be permitted to add units to their enrolment in a study period after the census date for that study period has passed. In cases where special circumstances, which were beyond the student's control, prevented the student from properly enrolling, the Director of Student Services may consider retrospective enrolment if the student can demonstrate that a lack of enrolment in that study period would cause them to suffer a significant disadvantage. Approval is not automatic and will be subject to the following:

- (i) the student places their claim for retrospective enrolment in writing to the Director of Student Services, fully explaining the circumstances that led to their failure to properly enrol and outlining the significant disadvantage they would suffer if not enrolled retrospectively. Unit enrolment claims older than 12 months will not normally be considered.
- (ii) The student's claim for retrospective enrolment is accompanied by written authorisation from the relevant Head of School. Where the Head of School responsible for the student's admitted course and the Head of School responsible for the proposed retrospective unit

enrolment are different, the student must obtain written authorisation from both.

(c) Withdrawing From Units

A student may withdraw from a unit until the last day of that study period, subject to the following provisions:

- (i) A student who withdraws from a unit before the relevant census date shall have their enrolment in that unit deleted from their academic record.
- (ii) A student who withdraws from a unit after the census date but before two-thirds (2/3) of the specified study period has elapsed shall have a withdrawn notation for that unit recorded on their academic record.
- (iii) A student who withdraws from a unit after the expiration of two-thirds (2/3) of the specified study period shall have a grade of Fail for that unit recorded on their academic record.
- (iv) If special circumstances require a student to withdraw from a unit after the expiration of two-thirds (2/3) of the specified study period, the student may apply in writing to the Head of School responsible for the unit to "withdraw without failure" from the unit. The application must be made to the Head of School within 12 calendar months of the last day of the study period to which the enrolment relates. Approval may be given by the Head of School for a notation of "withdrawn" to be recorded against that unit on the student's academic record. A "Withdrawn without failure" authorisation from the Head of School does not reduce the student's financial liability for the unit.
- (v) The relevant Executive Dean may approve a "withdrawal without failure" older than 12 months if it can be demonstrated that special circumstances applied to prevent the

*RULES RELATING TO AWARDS*  
*Southern Cross University, 2008*

student from applying for withdrawal without failure. The onus is on the student to demonstrate special circumstances. Special circumstances apply only if they were beyond the student's control; impacted on the student's ability to apply for "withdrawal without failure" within the specified time frame; were such that it was impracticable for the student to apply for "withdrawal without failure" within the specified time frame.

Commonwealth Supported Students will incur the full financial liability for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Commonwealth Supported Students will have their Student Learning Entitlement reduced for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Fee Paying students will incur the financial liability applicable under the University tuition refund rules current at the time the variation request to withdraw from the unit is submitted.

Where special circumstances beyond the student's control have forced a student to withdraw from a unit after the unit census date, the student may apply to the Director of Student Services for a remission/refund of the financial liability applicable associated with the unit subject to the following provisions:

- (i) Remission/refund claims older than 12 months will not be considered.
- (ii) Remission/refund claims must be made in the manner prescribed by the Director of Student Services.

(d) Unit Swaps

Changing from one unit to another unit requires two steps:

- (i) Withdrawing from one unit
- (ii) Enrolling in a different unit

All standard Variation of Enrolment rules and penalties apply for both the unit withdrawal and unit enrolment.

(e) Unit Cancellations

Where a School cancels a unit offering, the Head of School responsible for the unit will advise any student enrolled in that unit. The School will ensure that any student withdrawn due to School cancellation is provided with an alternative unit offering where appropriate. The Head of School will provide the Director of Student Services with written authorisation to withdraw the availability of the unit and to process any associated withdrawal of students.

(f) Students on Sanctions

Students on student sanctions are not permitted to enrol in units. Students on sanctions may withdraw from units in accordance with the standard rules for Variation of Enrolment.

(g) Changing Mode (Internal or External)

Changing from one mode of study (Internal or External) to another is a two-step process;

- (i) withdrawing from the unit in one mode
- (ii) enrolling in the same unit in a different mode

All standard Variation of Enrolment rules and penalties apply to both the unit withdrawal and the unit enrolment.

(h) Changing Location

Changing from one location of study (campus) is a two-step variation request;

- (i) withdrawing from the unit at one location
- (ii) enrolling in the same unit at a different location

All standard Variation of Enrolment rules and penalties apply for both the unit withdrawal and unit enrolment.

## **2.7 Leave of Absence for a Specified Period**

- (a) A student may, by giving notice in writing to the Director of Student Services, take leave of absence for a specified period of up to one (1) year. A student may be granted more than one period of leave of absence, but the total period of leave of absence shall not normally exceed two (2) years. Leave of absence for a period in excess of one (1) year requires approval by the relevant Head of School. Honours students require the approval of the relevant Honours Co-ordinator before any period of leave of absence may be taken.
- (b) A student granted leave of absence for a specified period shall be treated as having taken leave of absence from the course and withdrawn from any enrolled units of study in the study period in which leave is commenced. The student's academic record shall be amended as appropriate (see Rule 2.6).
- (c) Leave of absence shall not normally be granted until a student has completed the requirements for at least one unit.
- (d) A student resuming studies after a period of approved leave of absence shall be subject to the award Rules in operation at the time of resumption and shall be required to re-enrol as directed by the Director of Student Services.
- (e) A student who fails to re-enrol as directed after a period of approved leave of absence shall be treated as prescribed in Rule 2.9(a).
- (f) Periods of approved leave of absence shall not be counted as part of the period for completion of a coursework award course (see Rule 2.15).

## **2.8 Withdrawal from a Course**

- (a) A student who does not wish to continue to be enrolled in a course may, by giving notice in writing to the Director of Student Services, withdraw from the course.

- (b) A student who, having withdrawn from a course, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

## **2.9 Failure to Re-enrol**

- (a) A student who fails to re-enrol shall be regarded as having abandoned the course.
- (b) A student who, having failed to re-enrol, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

## **2.10 Exclusion**

- (a) The grounds for exclusion shall normally be:
  - (i) failure in 50 per cent or more of unit load during each of the previous two (2) study periods in which the student was enrolled; *or*
  - (ii) failure to satisfy professional experience or compulsory fieldwork requirements affecting professional competency, such that the student is deemed by the relevant Head of School to be unsuitable to continue in the course.
- (b) At the end of each year, upon notification of final grades, the Director of Student Services shall provide Heads of Schools with a list of those students whose academic performance provides grounds for exclusion. A Head of School may at any time seek a list of students whose academic performance provides grounds for exclusion.
- (c) The ESOS Act requires the University to monitor the academic progress of international students. At the end of each study period, upon notification of final grades, the Director of Student Services shall provide Heads of Schools and the Director, International Office with a list of students whose

*RULES RELATING TO AWARDS*  
*Southern Cross University, 2008*

- academic performance provides grounds for exclusion. A Head of School may at any other time seek a list of international students whose academic performance provides grounds for exclusion.
- (d) A Head of School shall review the academic performance of those students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination that:
- (i) the student be allowed to continue; *or*
  - (ii) the student be allowed to continue with specified conditions; *or*
  - (iii) the student be excluded for a specified period; *or*
  - (iv) the student be excluded permanently.
- (e) The Head of School's decision shall within a further five (5) working days be notified in writing to the student by the Director of Student Services. The notification shall include:
- (i) specification of the grounds for exclusion, or of any conditions placed upon continuing in the course,
  - (ii) an indication of the student's right of appeal against the decision, and
  - (iii) details of the appeals process.
- (f) A student may request the Executive Dean to review the decision. This request, stating clearly the reasons for a review, must be submitted in writing to the Executive Dean within ten (10) working days of notification of exclusion. The Executive Dean shall review the decision and advise the student in writing of the outcome of this review within ten (10) working days of receipt of the request.
- (g) If the request for review is unsuccessful the Executive Dean must inform the student off the appeals process.
- (h) Where a student is not satisfied with the outcome of the Executive Dean's decision, an appeal on the prescribed form may be made to the Academic Board within ten (10) working days of the date on which the Executive Dean writes to the student about the outcome of the review. A late appeal may be received at the discretion of the Chair of the Academic Board Appeals Committee.
- (i) An appeal to the Academic Board may only be made on the grounds that Rule 2.10(d) was inappropriately or unreasonably applied, or that there were exceptional circumstances not likely to continue which contributed to poor academic performance. A decision of the Academic Board Appeals Committee shall be final.
- (j) A student refused readmission after a period of exclusion may appeal on the prescribed form, within ten (10) working days off sending of official notification by the University to the Academic Board Appeals Committee against that decision.
- (k) An application for readmission following exclusion must be made in a form and at a time determined by the Director of Student Services. An application may be made prior to expiration of a period of exclusion, but readmission will not be permitted until expiration of the period of exclusion.
- (l) Where a student has been readmitted after having served a period of exclusion, only those units undertaken after readmission shall be taken into account when considering grounds for exclusion at any future date.
- (m) Where a student has transferred from one course to another, only units taken as part of the new course shall be taken

into account when considering grounds for exclusion.

- (n) Periods of exclusion shall not be displayed on any academic transcript issued by the University.

### **2.11 Readmission after Expulsion from the University**

A student who has been expelled from the University as a result of student conduct proceedings and who subsequently wishes to be readmitted to the University shall not be readmitted except with the permission of the University Council.

### **2.12 Internal Course Transfer**

- (a) A student who is enrolled past census date may apply for an internal course transfer for the following study period in a form and at a time determined by the Director of Student Services.
- (b) An internal course transfer is not automatic, and applicants will be assessed in accordance with Rule 2.2(c)

### **2.13 Requirements for Coursework Awards**

- (a) Unless the Academic Board determines otherwise:
  - (i) a candidate for a Master's degree by coursework shall complete the equivalent of either twelve (12) or eight (8) units, as detailed in the specific award Rules;

A student shall be deemed to have completed a unit when either:

- (a) a grade indicating satisfactory completion of the unit has been attained as prescribed in Rule 3.8(b), *or*
- (b) advanced standing has been granted in that unit.

### **2.15 Duration of Coursework Award Courses**

Unless a Head of School otherwise determines, or the Specific Award Rules provide otherwise, a candidate for a:

- (a) forty (40) unit or thirty-six (36) unit award shall normally complete the course in not more than 30 study periods;

*RULES RELATING TO AWARDS*

  - (xi) a statement of the criteria against which performance in assessment tasks will be judged.

### **3. Coursework Awards: Student Assessment and Examinations**

#### **3.1 Assessment Information in Unit Statements**

- (a) The unit assessor during the first two weeks of each study period shall make available to all students enrolled in that unit and shall lodge with the Library a unit statement which shall contain details of the aims, objectives, syllabus, prescribed texts and materials, recommended reference material, student assessment requirements and the intended distribution of student load.
- (b) The unit statement shall normally include at least the following information about student assessment:
  - (i) a description of each assessment task, including information such as length and format;
  - (ii) the relation of each assessment task to the unit objectives;

#### **3.2 Amendments to Assessment Requirements**

Any amendment to the assessment requirements presented to students in a unit statement shall be notified to all students by the relevant Head of School in a form and at a time determined by the Head of School. Unless the relevant Head of School approves otherwise, no such amendments, other than an extension of

the due date of an assessment task, shall be made or notified after the conclusion of the sixth teaching week of a study period.

### **3.3 Assessment Provision for Students with Disabilities**

- (a) This Rule refers to the conditions under which variations to assessment tasks or requirements may be made to accommodate the needs of students with disabilities. Such variations may include, for example, the method of completing assignments or recording answers, a lengthening of the time taken over a test or examination, the venue for tests or an examination, the provision of sound amplification or of large print for test or examination papers, and the provision of particular furniture requirements. The onus is on a student with a disability who wishes to seek variations to assessment tasks or requirements to bring this matter to the attention of the Disabilities Liaison Officer in accordance with the University's "Policy on Academic Adjustments for Students with Disabilities".
- (b) Procedures for students registered under the "Policy on Academic Adjustments for Students with Disabilities" as having a disability shall be those specified in that Policy. Once a determination is made under the Policy concerning variations to assessment tasks or requirements for a student with a disability, these variations shall be available throughout the period of enrolment unless changed in accordance with the Policy.
- (c) All students with disabilities who are not registered under the Policy and who seek accommodation for a disability must contact the Disabilities Liaison Officer. An application for a special examination or special consideration in a unit does not relieve the student of this onus.

### **3.4 Grounds for Special Consideration**

- (a) Requests for special consideration in relation to assessment tasks shall only be considered on the following grounds: health, compassionate circumstances, serious unforeseen personal events, selection in State, national or international sporting or cultural events or attendance at Defence Forces activities.
- (b) For consideration on health grounds, the following information in relation to a student's condition shall be required from a registered health practitioner:
  - (i) the date or dates on which the student was examined; and
  - (ii) a specific statement of the practitioner's opinion of the effect of the complaint or treatment on the student's ability to complete the assessment task.Requests that do not contain this information will not be considered. The unit assessor, or Head of School, as appropriate under Rule 3.5, may, with written permission by the student, seek further clarification from the relevant registered health practitioner concerning the extent to which a complaint or treatment may affect the student's ability to complete the assessment task. A registered health practitioner means a health practitioner registered as a provider under Medicare or a private health fund, together with such other health practitioners as the University may determine from time to time.
- (c) For consideration on grounds of compassionate circumstances or serious unforeseen personal events, a student shall provide factual details of the circumstances or events, together with such corroborative evidence as may support the student's application. In this context "serious unforeseen personal events" refer normally to events which are outside the student's control to prevent or overcome.

*RULES RELATING TO AWARDS*  
*Southern Cross University, 2008*

- (d) For consideration on grounds of selection in State, national or international sporting or cultural events or attendance at Defence Forces activities, a student shall provide a statement signed by an authorised officer of the appropriate organisation which validates a conflict with the University's timetable.
- (e) Misreading the advised due date for any assessment task including misreading the exam timetable, as officially advised by the University, is not grounds for special consideration. Official advice only includes information provided in Unit Statements, on University websites and formal written correspondence.

### **3.5 Types of Special Consideration**

- (a) Variation of the due date for an assessment task, other than an examination
  - (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.
  - (ii) Requests shall be submitted to the unit assessor as soon as possible before the due date of the submission of the assessment task.
  - (iii) Requests to bring forward the due date for an assessment task, other than an examination, shall be submitted to the unit assessor in sufficient time for alternative arrangements to be made.
  - (iv) Requests for variation of the due date for an assessment task, other than an examination, on the grounds of selection in State, national or international sporting, educational or cultural events or attendance at Defence Forces activities shall be submitted to the

unit assessor at least one (1) month in advance of the starting date of the activity.

- (v) With respect to Rules 3.5(a)(ii), (iii) and (iv), the relevant Head of School may approve a later date for submission of a request if exceptional circumstances can be demonstrated by a student.
  - (vi) The unit assessor, on the evidence available and after consultation with other academic staff responsible for student assessment in the task in question, shall determine whether or not to grant a variation and advise the student accordingly within five (5) working days of receipt of the student's completed application form. If a variation is not granted, the student shall be informed in writing of the reasons. If a variation is granted, the student shall be informed in writing of the new due date for the assessment task.
  - (vii) With respect to Rule 3.5(a)(vi), the relevant Head of School may approve a later date for response to the student if exceptional circumstances for delay can be demonstrated by the unit assessor.
  - (viii) Where extensions have been granted beyond the due date of the finalisation of grades for the semester or trimester, the student shall receive an interim notation of Incomplete.
- (b) Special consideration in the end-of-unit examination
    - (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.

*RULES RELATING TO AWARDS  
Southern Cross University, 2008*

- (ii) Requests shall be submitted to the relevant Head of School.
  - (iii) Except where otherwise approved by the relevant Head of School, the timing of the submission of requests shall be as follows: (i) on grounds of health, compassionate circumstances or serious unforeseen personal events, as soon as possible before the due date of the examination; (ii) on grounds of event conflict resulting from selection in State, national or international sporting or cultural events or attendance at Defence Forces activities, at least one (1) month in advance of the starting date of the activity.
  - (iv) The relevant Head of School, after consultation with the relevant unit assessor, shall make a determination and advise the student, the unit assessor and the Director of Student Services of the outcome. A student shall not normally be granted special consideration in an end-of-unit examination unless the student has complied with all other compulsory assessment requirements in that unit.
  - (v) Where a student has been granted special consideration in relation to an end-of-unit examination, the student may choose to:
    - 1. sit the end-of-unit examination and be considered under the provision in Rule 3.5(c)(iv), *or*
    - 2. not sit the end-of-unit examination and be granted a special examination.
  - (vi) Where a student has been granted a special examination, a notation of Special Examination shall be entered on the student's record.
- (c) Consideration in relation to a completed assessment task
- (i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.
  - (ii) Requests shall be submitted to the unit assessor no later than two (2) working days after completion of the assessment task.
  - (iii) The relevant Head of School may approve a later date for submission of an application if exceptional circumstances can be demonstrated by the student.
  - (iv) The unit assessor shall retain all applications until the time of the determination of final grades for the unit. At that time, the unit assessor, taking into account the student's application, and, after consultation with any other staff member responsible for the assessment task related to the application, shall either decide the student's final grade or, in exceptional circumstances, recommend to the Board of Assessors that the student be granted further assessment prior to determination of the final grade. The Head of School shall ensure that all applications are retained for a period of six (6) months.

**3.6 Examination and Special Examination Periods**

- (a) Examination periods shall be those periods as determined by the Vice-Chancellor and approved by Council.
- (b) A student who wishes to obtain a change of examination venue less than 4 weeks prior to the commencement of an examination period shall be required to pay a prescribed administrative charge.

*RULES RELATING TO AWARDS*  
*Southern Cross University, 2008*

- (c) Special examinations shall be held in the next available exam period, unless determined otherwise by the Head of School.
- (d) Students granted a special examination less than 4 weeks prior to commencement of the special examinations period may be required by the Director of Student Services to sit the special examination in the subsequent examination period.
- (e) Students enrolled internally are required to return to the University to sit an examination, unless prior arrangements for an alternative venue have been approved in writing by the Director of Student Services.
- (f) In any examination period, where a unit has either Special Examinations or Supplementary Assessment examinations, the unit shall normally have an examination paper that is different, but of an equivalent standard, to the examination previously set.
- (d) No student may leave the examination room before the expiry of thirty (30) minutes from the commencement of writing time or after the ten-minute warning given by a supervisor before the end of the examination.
- (e) A person, whether a student or not, who is given permission to enter or leave an examination room shall comply with all conditions on which the permission is given.
- (f) A student shall not, except with the explicit permission of the unit assessor, bring into an examination room anything whatsoever which conveys or is capable of conveying information concerning or otherwise has reference to any unit, or is such that it may reasonably give rise to suspicion that it is capable of conveying information concerning or of having reference to any unit or that it was intended by the student so to do. It is immaterial that the subject matter of the material is not one to which the examination relates. It shall be sufficient answer to any alleged breach of this Rule if the student establishes that anything brought into an examination room was brought in with the permission of the supervisor, or, forthwith upon entering the room, deposited with a supervisor or at a place designated for the deposit of such things.

### **3.7 Conduct of Examinations**

- (a) Timetables for examinations shall be prepared and posted on the appropriate notice boards, or due notice of examinations shall be given to students by other means as determined by the University. Such notice shall be given not less than ten (10) working days prior to the commencement of the examination.
- (b) A person other than a student, a supervisor, a unit assessor or other authorised person may not, except with the permission of a supervisor, enter or remain in an examination room during an examination session.
- (c) A student may not enter an examination room before being given permission to do so by a supervisor, or thirty (30) minutes after the commencement of the writing time for the examination.

- (h) Except with the approval of the supervisor, a student shall not during an examination session communicate with any other person except a supervisor, the unit assessor or other person authorised by the relevant Head of School, or assist any other person to communicate with another person, or willingly receive a communication

*RULES RELATING TO AWARDS  
Southern Cross University, 2008*

from any person other than a supervisor, the unit assessor or the relevant Head of School.

- (i) Students shall bring into the examination room their student identification card or any other photo identification card.
- (j) A student for an examination shall, upon entering an examination room, proceed without delay to the place the student is directed to occupy for that examination by a supervisor or by notice or other means, and shall not leave that place except with the permission or by the direction of a supervisor. A supervisor may at any time direct a student to leave any such place and to occupy another place specified by the supervisor, and a student shall without delay comply with any such direction.
- (k) A student shall comply with all directions to students set forth on a writing book or other examination material supplied or set out on any notice displayed in the examination room, and shall without delay comply with directions given by a supervisor. A supervisor need not give a student a reason for any direction or requirements given or made to the student.
- (l) All examinations must be answered during the examination session in the student's own handwriting, unless alternative arrangements have been made through registration and consultation with the Disability Liaison Officer.
- (m) A student shall not remove from the examination room any worked script or paper provided for use during the course of the examination, or other material the property of the University unless permitted by the supervisor.

(n) A supervisor may:

- (i) require any person present in the examination room to show by such means as the supervisor may specify and as are appropriate to the circumstances, that the person is not in possession of any unauthorised material as specified in Rule 3.7(f) or that the person is not committing or attempting to commit or has not committed a breach of any other Rule relating to the conduct of examinations;

The Grade Point Average (GPA) is a simple numerical index which summarises a student's academic performance in a course in a single study period or over the duration of the student's enrolment in the course. The GPA is recorded on a student's Statement of Academic Record/Transcript and Notification of Assessment. The GPA is calculated as:

$$\frac{\sum (\text{Grade Point} \times \text{Credit Value})}{\sum (\text{Credit Value})}$$

Grade points are assigned to graded units where High Distinction = 7, Distinction = 6, Credit = 5, Pass = 4, Terminating Pass = 3, Fail = 0. Non-graded units, interim notations and advanced standing are not included in grade point average calculations.

Credit value is the number of points awarded for the completion of a study package.

This Rule sets out the procedures for investigating and determining Allegations of misconduct by students, as well as penalties that may be applied and rights of review.
