

TARGET ACTION – PLAN 2

Create a target action plan to improve on your lecturer's feedback. Complete a *SNOB Analysis* (under the *Reviewing and using feedback Quick Guides*), then separate your lecturer feedback into major and minor issues. Number the issues in order of importance. Use these issues to set target goals and plan steps to improve in the target action plan below.

Target	What Actions will you take to achieve this target?	How will you know when you have achieved the target?
