Orientation

Congratulations on starting your journey with Southern Cross University. We can't wait to show you what SCU has to offer.

Orientation is delivered both on campus and online.

We also offer a comprehensive online module, FYI Module, that steps you through everything you need to get started on your journey at SCU.

Whether it's your essential admin tasks, attending your course information session, or learning about the technology you'll be using and support services available to you, FYI covers it all.
