University**

# Transition to Uni

## **A fee-free course that guarantees you direct entry to uni while finishing Year 12**

We are living through uncertain times and that unpredictability is felt most acutely by students completing their Year 12 studies and those who have recently finished school. But there is a clear, fee-free, pathway available. Transition to Uni is an intensive preparatory course designed for current ATAR-eligible Year 12 students or recent school leavers with an ATAR or equivalent.

The course develops the key academic literacies and the foundational scientific and quantitative concepts you will need at university, through project-based learning, streamed interactive workshops and assessment preparation. You can proceed to a degree with the confidence you are ready to succeed in your university studies.

Passing the Transition to Uni program will guarantee you entry into all Southern Cross University undergraduate degrees\* in 2021.

\*excluding Midwifery.

## When can I start?

The course is delivered online and has start dates in April, July and August in 2020. Students can study full-time (four to five sessions per week) or part-time (two to three sessions per week) to suit their needs. The full-time intensive program is a six-week course.

## When are classes held?

Classes are held on Tuesdays and Thursdays from 10am-12pm and from 1-3pm (NSW time) and Fridays 10am-12pm (NSW time).

## What will I study?

During the course, you will study:

**Academic literacies**, giving you the skills to ask the right questions with an introduction to the culture of academic enquiry.

Discover what it takes to think critically, make the most of university readings, the importance of academic integrity and how to write with purpose.

**Scientific and quantitative concepts**, for an introduction to the three core science disciplines: chemistry, physics and biology.

Learn to analyse and solve scientific problems using facts and figures to back up your findings.

## Apply now

You can apply directly to the University.

## Get in touch

If you have any questions or need assistance with your application, please contact one of our student advisers.
