1 Check the evidence you need

Work through the requirements below for the unit you are enrolling in.

2 Upload all required documents

Upload them to the Checks tab in Sonia Online before your deadline, and make sure you submit them correctly.

3 Don't miss your deadline

Start early — some requirements take time. If you miss your deadline you will not be allocated a placement.

What you must submit complete the following requirements before your Fit to Practice deadline

Lab and placement Fit to Practice requirements

- ☐ Annual WIL Student Statement
- ☐ National Police Certificate
- ☐ Hepatitis B vaccination and serology

These units need only the requirements above

BIOL1006

BIOL2008

BIOL3003

BIOL3005

MEDC2001

MEDC2002

Hepatitis B — start early. From the beginning, the vaccinations and post-vaccination serology take 6–7 months. You must follow the required minimum timeframes between doses, and post-vaccination serology is normally taken 1 month after your final vaccination. While you are still completing the schedule you may be issued a Temporary Hepatitis B Verification. That covers University lab activities only — it does not make you eligible for placement — and it expires, so submit your remaining evidence by the date shown on it, or as NSW Health advises if your evidence is referred to them. **Do not undertake an accelerated Hepatitis B course — accelerated schedules are not accepted.**

Also required for these placement units

BIOL3002

MEDC3001

- ☐ NSW Health Code of Conduct
- ☐ NSW Health TB Assessment Tool
- ☐ NSW Health Undertaking / Declaration
- ☐ dTpa vaccination
- ☐ MMR vaccination or serology
- ☐ Varicella vaccination or serology
- ☐ Influenza vaccination

Your Fit to Practice deadline every requirement must be in Sonia Online by this date, or you will not be allocated a placement and cannot continue in the unit
