

2027 Placement calendar

Master of Nursing (Graduate Entry) (1209320)

Find your unit and your term. Check your progression plan to confirm which placement units you should be enrolled in, and when. A unit offered in more than one term has a row for each, with different deadlines — it is your responsibility to know your term and to follow that row. If you are unsure, contact [Client Services](#) before you rely on a date.

You must be enrolled in a placement unit by its FTP deadline. Submitting your Fit to Practice requirements is not enough on its own — being enrolled by that same date is what puts you into placement planning and allocation. If you do not enrol on time you may not be able to continue in the unit and, if eligible, may have a delayed allocation release.

FTP + enrol due — All FTP requirements in Sonia Online, and enrolled in the unit, by this date. Your documentation must also stay valid for the whole placement period.

AVA + adjustments due — AVAs (WIL Unit) and Placement Adjustments (Inclusion Services). Approval does not guarantee a placement.

Site check due — All Site Checks in Sonia Online. Missing it may mean withdrawal or, where applicable, a Fail (F) grade.

Census date — Last day to withdraw without paying the full fee.

Grades published — Results released. Informational only.

Shaded months — your placement can fall at any time in these months. Specific dates are confirmed by the WIL Unit or your supervisor closer to the time, so keep the whole period free. A unit offered in more than one term has a row for each; follow your term.

Teaching and assessment — you are in class, not on placement, and cannot be rostered to a site.

Make-up placement. If you need additional make-up hours, these can be scheduled at any time during the year, subject to placement availability.

Dates in the 2026 and 2028 columns fall in those years; all others fall in 2027. FTP and AVA deadlines do not fall in a consistent order across units — read each date individually.

This placement calendar is correct at the time of publication and is subject to change. Students must be available for the entire period during which their placement is scheduled and ensure all mandatory compliance requirements remain current and maintained throughout this period.
