

Broaden your horizons

Study Abroad with a Hospitality Internship

“Southern Cross gave me a great start to my career, because the internship and the assignments gave me practical skills I could use straight away.”

Militsa Antonova
Marketing Executive
Surfers Paradise Marriott Resort & Spa

Our hospitality internship program is delivered through our Study Abroad program and offers you the opportunity to study and gain practical workplace experience in Australia. The program is designed so students complete one session of academic study at Southern Cross University, followed by a session of internship to build valuable ‘hands on’ skills and experience.

The internship session is coordinated through Southern Cross University at a tourism/hospitality organisation at a range of locations around Australia. During the internship students are provided with advice, academic supervision and mentoring by the Work Integrated Learning (WIL) team. Ongoing support and feedback on career development is also available with access to the University’s employment and career information website.

Benefits of the hospitality internships:

- Test career choices
- Improve your intercultural communication skills
- Develop an international network
- Gain a competitive advantage in the global job market
- Live and work in a tourism destination.
