

Comparable prior learning - Thailand

Schedule 1, in clause 13 of the [Advanced Standing and Recognition of Prior Learning Procedures](#), prescribes the credit that applies for prior learning in a discipline-related Australian qualification or occupational/voluntary experience. Below is the equivalence between Australian and Thai learning for awarding credit at Southern Cross University.

All applicants must meet the University's [English language requirements for admission](#).

Credit is awarded for the highest level of related learning achieved in the same or a closely allied discipline/field/branch of learning. For example, holding two related Diplomas (or a double diploma) provides a maximum of 8 units credit, not 16 units. Less credit may be granted due to partially related learning in a different discipline/field/branch of learning, external/professional recognition requirements or mandatory units in the study plan, for which credit does not apply. More credit may be awarded for greater alignment of learning outcomes, through waiver by the Deputy Vice Chancellor, Academic.
