It is a pleasure to be able to welcome all new students to the University, and to welcome back all those who are returning. We are delighted you have chosen to study at Southern Cross University and we will do all we can to assist you to achieve your goals.

Southern Cross University is an exciting place to be, and its three campuses at Lismore, Coffs Harbour and Tweed Gold Coast offer quite different experiences. But each campus offers the same high quality for its courses and the staff who teach there.

Last year the University’s researchers and research students achieved some notable successes at the international level. The Centre for Plant Conservation Genetics has discovered the gene responsible for giving fragrant rice its flavour. The Whale Research Centre has captured a skin sample from Migaloo, the albino whale, and determined from the DNA test that Migaloo is male. And staff from the Centre for Geoarchaeology and Palaeoenvironmental Research have participated in the discovery of the new species of small hominids on the island of Flores.

We think that bringing research knowledge into our teaching is an important way to keep our innovative and exciting courses up to date. We also know that you want the skills and knowledge you will gain at Southern Cross University to be useful and relevant. That’s why we work with leaders from the disciplines and the professions to ensure our courses meet their needs and expectations.

I am sure you will enjoy the challenge that studying at university brings. And I look forward to seeing you at the graduation ceremony that will mark your success in meeting that challenge.

Professor Paul Clark
How to use the 2005 Student Handbook

The Student Handbook has been divided into six main sections to ensure that information is easily accessible. These sections include:

1. General Information (Principal Dates, Contact Information etc.)
2. Divisions of the University
3. Student Services and Information
4. Course Information
5. Unit Information
6. Rules

Students are advised to make full use of the many comprehensive tables of content and indexes at the beginning of each section.

Do you want to find a course?

If you know the name of the course you are interested in…

Turn to the first page of the Course Information section (page 48) where you will find an alphabetical listing of all courses.

Course details include such important information as the course code, the campus where the course is taught, its duration, course rules, and the schedule of units which need to be studied.

Do you want to find details of individual units that form part of a course?

If you know the name of the unit you are interested in…

Turn to the Index of unit titles on page 332

If you know the unit code and want to find details of the unit…

Turn to the Unit Descriptions by Unit Code on page 352

Unit details include such important information as the unit code, availability information, any pre-requisites, and unit description.

Students should always take account of course and unit availability when planning their studies. Students can check the availability of both courses and units by viewing the Schedule of Units on the website www.scu.edu.au/handbook.

Tip: Use the index at the back of the Student Handbook to help you find everything you want!
Do you want to find out about a particular rule?

<table>
<thead>
<tr>
<th>If the issue is general in nature relating to University policy on admissions, enrolment, assessment rules, fees and charges, then….</th>
<th>Turn to the Rules section of the Student Handbook on page 489</th>
</tr>
</thead>
<tbody>
<tr>
<td>If the issue is more course specific, and therefore may not be applicable to all courses, then….</td>
<td>Turn to the Course Details for your course (a Course Information index is provided on page 48) where you will find details of the specific course rules.</td>
</tr>
</tbody>
</table>

Students are advised to refer to both the Rules section of the Student Handbook, in conjunction with the specific course rule detailed under the relevant course entry.

Further information about University governance and rules can be found in the 2005 Calendar. The Calendar is an on-line publication and can be found at the following world-wide-web address www.scu.edu.au/calendar.

Orientation Activities

Orientation Week runs from 14–18 February 2005. There are also Orientation activities programmed for the week commencing 11 July 2005 for mid-year commencing students.

Orientation features a range of information sessions, activities, and social events to mark the start of study. The University and Student Organisations on all campuses conduct various activities including Course and Service Information sessions, library tours, campus tours, computer laboratory tours, sporting and recreational activities, entertainment and trips to local areas.

Orientation is a chance for commencing students to meet new friends, have a great time and learn about University life in general, before lectures start and the workload begins!

An Orientation Guide is sent to all commencing students. Further information regarding Orientation and the start of semester activities is also available from the various Student Organisations. See Student Organisations under General Information.

Find out more about Orientation, the services and facilities on offer at the Student Services web-site: www.scu.edu.au/admin/studentservices.

ID Card Services

It is important for all students to have a student identification card (ID card). This card should be carried with you at all times when on campus. The card is necessary for attendance at examinations, and is required to borrow from the library. The card also entitles you to student discounts and benefits.

If you are near to the Lismore, Coffs Harbour or Tweed Gold Coast campuses, you may call in at the ID Card Unit to have your photograph taken and a card produced.

The ID Card Unit at the Lismore campus is located in the Student Centre, Goodman Plaza. The unit is open Monday to Friday from 9:30am – 12:00noon. During Orientation and Week 1 of each semester we open from 9:30am - 5:00pm.

The Coffs Harbour ID Card Unit is located at the Students Association, under the Cafeteria, F Block. After 20 February, Coffs Harbour students requiring an ID Card may call in at Administration from Monday to Friday from 9.30am – 4.30pm.

The Tweed Gold Coast ID Card Unit is located at the Student Centre and operates Monday to Friday 9:00am – 5:00pm.

If you are unable to get your card in person, please complete the Request for Student ID Card form (this is a tear out form in the Enrolment Guide for new students), and return it with two passport size photographs. Your ID Card will then be forwarded to you by mail.

Student Centres

The Student Centre is a one-stop shop where friendly Student Services staff will help you with your questions about the university. Student Centres are located on each campus and are the first point of contact for information on administrative, course or other student matters.

You can get advice to complete your enrolment and other administrative processes such as paying fees or checking eligibility for travel concessions.

In the Student Centres there are computing facilities to check your personal details, enrolment, grades, and timetables. There is a range of university publications and guides available.

Student Centres have contact phones, where you can call SCU staff for free on the internal phone system.

We can help you with Academic Records, Admission, Complaints and Feedback, Enrolment, Examinations & Assessment, Exclusions, Fees, Forms, Graduation, fees and charges, ID Cards, Public Transport, and taking a break from your study.

http://study.scu.edu.au

MySCU is a personalised environment which links students to a range of resources and services online. These include timetables, the library and its electronic databases and catalogues, My Enrolment, study and support services and personal organisers. My Enrolment
https://ssm.scu.edu.au/stuweb

‘My Enrolment’ is the student window into Southern Cross University’s student record system. It provides students with a real-time view of their enrolment details as recorded on the University’s internal student management system. Students can reliably check the details of their enrolment, update their contact details, check their results and withdraw from units online, all via a secure log-in. Students can also request the addition of units to their enrolment (via email) through My Enrolment. My Enrolment can be accessed from any computer that has access to the Internet.

All current SCU students have access to My Enrolment. If you have not used it before, your user name is your student ID number. Your password is your date of birth. The default format of your password is 8 digits in the form ddmmyyyy. If this password does not work, you should try the alternative 6 digit format ddmmyy.

If you are still unsuccessful, please contact the IT Call Centre at helpdesk@scu.edu.au or phone (02) 6620 3698.

Students can currently perform the following transactions on My Enrolment:
- Change of address and contact details
- Change of examination centre
- View currently enrolled units
- Print current enrolment details
- View completed units
- View grades
- Print Grade Notice and Statement of Academic Record
- Withdraw from units on-line.
- Request a unit addition (not on-line)
- View financial status

We will progressively introduce on-line enrolment into units for particular courses throughout 2005.

Students are reminded that when accessing My Enrolment from a multi-user computer, to be sure to log out and close your internet browser window after completing the session. This will ensure the security of individual records.

STUDY INFORMATION

Fees and Charges
The Commonwealth Government has introduced a number of reforms to the higher education system that concern student fees and charges. The reforms allow universities to increase student contributions for courses by up to twenty five percent (25%). Southern Cross University will not increase student contributions above the ranges set by the Commonwealth for the 2005 academic year.

As part of the reforms, the Commonwealth has also announced new arrangements for student financial assistance including the introduction of the new Higher Education Loan Program (HELP) and Student Learning Entitlement (SLE).

Higher Education Loan Program (HELP)
HELP loans include:
- HECS-HELP* for eligible Commonwealth supported students to pay your student contributions (this scheme was previously known as HECS).
- FEE-HELP* is for eligible fee-paying students to pay your tuition fees. While FEE-HELP loans are interest free they are indexed to CPI.

If you are an Australian Citizen or the holder of an Australian Permanent Humanitarian Visa you may pay your student contribution or tuition fee up-front or you may request a HELP loan to defer payment of the loan.

If you are a New Zealand citizen or the holder of an Australian Permanent Visa (other than an Australian Permanent Humanitarian Visa) you do not have access to deferring your HELP loan and must pay your student contribution up front without a discount.

To access HELP loans, all domestic students must complete the “Request for Commonwealth Support and HECS-HELP Form” or “Request for FEE-HELP Assistance Form” enclosed with your offer and return it to Student Services along with your Enrolment Form. Please note that under current legislation, failure to submit a properly completed “Request for Commonwealth Support and HECS-HELP Form” or “Request for FEE-HELP Assistance Form” will result in the cancellation of your enrolment, so it is very important that you complete and return this form.

Repayments for all HELP Loans are based on income and are made through the taxation system. You do not have to start repaying your HELP Loan until your income reaches $35,000 in the 2004-05 financial year.

Student Learning Entitlement (SLE)
From 1 January 2005 all Australian Citizens, New Zealand Citizens and holders of Permanent Visas will receive a SLE to the value of seven equivalent full-time student load (EFTSL). This entitles you to seven years of full-time study as a Commonwealth Supported student where the Commonwealth makes a contribution towards the costs of your education.

Further details regarding HELP and SLE can be found in the following booklets: Information for Commonwealth supported students 2005; FEE-HELP information 2005. If you require further information about HELP please visit www.goingtouni.

Student Body Fees
All students are liable for student body fees, regardless of whether you are enrolling in a Commonwealth supported or tuition fee course. For further information concerning fee levels, please refer to the Rules relating to Student Fees and Charges in the Rules section.

Refund of Fees
It is important you read and understand the University Refund Policy as set out in the Rules Relating to Student Fees and Charges in the Rules section of the Student Handbook.
Deferment of Course Commencement
Deferment of course commencement may be available for a period of 12 months to applicants undertaking undergraduate courses. An applicant who is offered a place in an undergraduate award course shall be granted a deferment of offer for 12 months following written application to the Director of Student Services and upon payment of the prescribed fee by the prescribed date. For more information refer to the Rules Relating to Awards section of the Handbook (see Rules 2.1(d))

Enrolling at SCU
It is the responsibility of all students to ensure that their current enrolment is recorded accurately by Southern Cross University. Some units offered by SCU have requisite conditions and students must check that they are eligible to enrol in the unit prior to submitting their enrolment request to Student Services. Students must obtain a requisite waiver from the Head of the School that is teaching the unit if they wish to enrol in a unit without the listed requisite.

Commencing students will receive an Enrolment Form with their Southern Cross University offer package. Students should follow the instructions provided in their offer package to correctly complete their Enrolment Form and return it to Student Services by the due date specified on the form.

Continuing students re-enrol for the following year in October of the current year. A Re-enrolment package will be sent via mail to all enrolled students at their listed contact address.

Continuing students should follow the instructions included in their re-enrolment package to correctly complete their re-enrolment form and return it to Student Services by the specified due date.

No guarantee of enrolment can be made to students who return their re-enrolment forms after the due date.

At the beginning of each semester students must check their enrolment details on My Enrolment: https://ssm.scu.edu.au/stuweb/ and immediately advise Student Services in writing if they believe their enrolment is inaccurate. Write to: Enrolments – Student Services, Southern Cross University, PO Box 157, Lismore NSW 2480

Email: enrol@scu.edu.au

What Happens After Enrolment?
After returning your Enrolment Form, you should wait for at least ten (10) working days before checking your enrolment details on My Enrolment.

If your enrolment is not as you expected, you should check your SCU email account. All enrolment problems will be reported to this
address. Students must check this email account regularly.
If your enrolment is correct, you should check the timetable for your enrolled units and attend your first classes. Southern Cross University provides no written confirmation of your enrolment, but students can print the details of their current enrolment from My Enrolment https://ssm.scu.edu.au/stuweb.
Your enrolment invoice will arrive shortly after you have been enrolled. Please check your invoice for accuracy. Note that you must pay your student body fees directly to the University by the due date on your invoice.

Changing Your Enrolment
Students who wish to vary their original enrolment details must notify the Director of Student Services in writing. Please note that deadlines exist for the lodgement of unit enrolment variation and course/unit withdrawal. These dates are set out in the Principal Dates section of the Student Handbook and can affect both a student’s academic record and financial liability. Note that changing your mode of study (internal or external study mode) and unit substitutions are enrolment variation requests and are subject to the same deadlines and late charges - see “Withdrawing From a Course or Unit” below.

Students can change their own contact details by visiting My Enrolment at: https://ssm.scu.edu.au/stuweb/

Withdrawing From a Course or Unit
Regulations relating to a course or unit withdrawal are set out in Enrolment Rules which are printed in the Rules section of the Student Handbook (see Rules 2.6 – 2.8). All students should be familiar with these rules. Students may withdraw from units on line at My Enrolment (https://ssm.scu.edu.au/stuweb/) or provide written advice of withdrawal from unit(s) or course to avoid being automatically graded FAIL for currently enrolled unit(s). Variation to Enrolment forms can be printed from the web (http://study.scu.edu.au/studentservices/dds/) and are available from the Student Centre on each Campus and when completed, can be lodged at that Student Centre. Students are not permitted to withdraw from all enrolled units without applying for either a Leave of Absence (see below) or a Course Withdrawal (see above).

Commonwealth supported students who withdraw from a unit or units, or from a course, after the census date for a study period, will be liable for the student contribution amount applicable for each unit for that study period.

Students should take note that withdrawing from a unit or course after the designated final date for withdrawal without failure will result in an automatic grade of FAIL.

Students enrolled in a fee paying course who withdraw from a unit or units, or from a course, after the start of the study period may be liable for an early withdrawal charge.

Leave of Absence
Students who have completed at least one unit of study with Southern Cross University may take a break from their studies of up to one-year (12 months). Refer to Rules Relating to Awards Rule 2.7(a-f).

The application for leave must be made in writing to Student Services. You may use our standard Leave of Absence Application Form (available on the web or at the Student Centre on your Campus), or you may simply provide the following details in a fax, email or letter:

- name and Student Identification Number;
- course name (eg Bachelor of Business);
- date you wish to start leave;
- the study period and year you wish to return to your studies.

For Further Information about Enrolment Issues
- consult the relevant course and unit information in the Student Handbook;
consult the relevant Enrolment Rules in the Rules section of this Student Handbook;
- refer to your course summary sheets issued with enrolment packages;
- consult the appropriate Course Adviser in your School;
- consult an officer of the Enrolments Team in Student Services. Phone: (02) 6620 3431 Email: enrol@scu.edu.au

Attendance requirements
Attendance at lectures and tutorials is normally a requirement for internal students. For example, some units require an eighty percent attendance in lectures and tutorials as well as a pass in assignments in order to pass the unit. Attendance at field trips and excursions may also contribute to a unit assessment. External students may need to attend an on-campus residential period as a requirement of their units. Attendance requirements are articulated in all detailed unit statements, alternatively your unit assessor can clarify.

If personal circumstances change through the study period to prevent class attendance, you should discuss the situation with your lecturer or Student Services. Illness during semester can affect not only your attendance at classes, but also your capacity to study. When too much class contact is lost through protracted illness, there may be no practical way of catching up in that semester. You should discuss your options with your School or College Office or Student Services staff.

Text books
Text book lists are included in all unit statements and can be purchased from the Co-op Bookshop which is located at both Lismore and Coffs Harbour Campuses. Copies of required texts are also held in the University Library. Books of Readings are sometimes produced by Schools to either supplement or replace text books. Copies of these are also available in the University Library. The Co-Op Bookshop contact details are:

Lismore Campus:
Telephone: (02) 6621 4484
Facsimile: (02) 6622 2960

Advanced Standing
Southern Cross University policy allows for the granting of advanced standing for previous post-secondary study (normally completed within the last ten years), relevant professional experience or demonstrable expertise. If you wish to apply for advanced standing towards your course, you should complete and return the Advanced Standing Application Form (available from Student Centres or download from www.scu.edu.au/admin/studentservices/dds/). It is important to apply for advanced standing as early as possible in your studies as the amount of advanced standing you are granted may affect which units you need to enrol in.

If you have already applied for advanced standing and have not yet been advised of the outcome, please phone the Admissions Team in Student Services on (02) 6620 3444 or email admissions@scu.edu.au.

Change of Course
Students who are currently enrolled in a course at Southern Cross University may apply for a course transfer, to study another Southern Cross University course, provided they have successfully completed a minimum of one semester of full-time study, or equivalent, in their original course enrolment. However, it should be noted that course transfer is not automatic and in some instances students may be required to apply
Assessment

Assessment describes the various kinds of assignments, tests and examinations used at Southern Cross University. At the beginning of each study period the relevant unit assessor will provide you with a unit statement which outlines the objectives or goals of the unit, the number and type of each item of work to be submitted, the assessment method(s) proposed for each item, date each item is to be submitted and other general assessment expectations and penalties. You should note the assessment requirements carefully as your success in any unit will depend upon your ability to meet the requirements of the various assessment items.

School/College policies, including the conditions of and penalties for late submissions, granting of extensions, possibility of re-submission, violation of assessment specifications (eg: number of words), plagiarism and class participation (where it contributes to assessment) may be outlined in the unit statement or will be available at the relevant Divisional, School or College office.

Your final grade in each unit will be published on the Web at the end of each study period at https://ssm.scu.edu.au/stuweb (select “Grades” under “My Grades”). The University’s rules concerning Student Assessment and Examinations are set out in the Rules section of this Handbook.

Examinations

Examinations are held at the end of each study period. Not all units require examinations so you should check carefully the assessment requirements of all the units in which you are enrolled. It is your responsibility to complete any required examinations. A preliminary examination timetable is normally available in week eight (8) of the study period. The final timetable is published in week ten (10) of each study period and is available on the web at https://ssm.scu.edu.au/stuweb (Select “Exam Timetable” under “My Exams”). It is your responsibility to check the details of all your examinations. Details will not be given out by telephone.

The University’s rules governing Student Assessment and Examinations are set out in the Rules section of this Handbook.

Special Consideration and Special Examinations

The Student Assessment and Examination rules provide for students to be granted a special examination or special consideration in appropriate circumstances. In general terms, the rules provide that where you complete an assessment task, such as an examination or assignment, and believe your performance or preparation was adversely affected by medical or other circumstances, you may apply for special consideration.

If you are unable to sit for an examination because of medical or other exceptional circumstances you may apply for a special examination. Except in exceptional circumstances, where you sit for an examination, a special examination will not subsequently be granted. Misreading the exam timetable is not grounds for a special examination.

You may also apply for special consideration to vary the deadline for an assessment task, other than an examination.

An application form for Special Consideration is available from the Student Centre, from your School or College and on the website at http://study.scu.edu.au/studentservices/dds/

Review of Grades and Appeals

If you wish to query a final grade in any unit you should contact the relevant Head of School within ten (10) working days of formal publication of the grade. If you are not satisfied with the Head of
School’s determination, you may lodge a formal appeal with the Secretary, Academic Board Appeals Committee. The grounds for lodging an appeal are outlined in the Student Assessment and Examination rules. You may also query the mark or grade awarded for a piece of assessment submitted during the study period. For further details see the Rules section of this Handbook.

Exclusion
The Exclusion Rules, set out in the Rules section of this Student Handbook, provide for exclusion at the discretion of the Head of School, on the basis of unsatisfactory academic progress or failure to satisfy professional experience requirements. You may appeal a decision of the Head of School within ten (10) working days of notification of exclusion by requesting the Executive Dean to review the decision. If you are not satisfied with the Executive Dean’s decision with respect to this appeal you may submit a further appeal to Academic Board within ten (10) working days. Any appeal under the Rules may only be made on the grounds that the Rules were inappropriate or unreasonably applied, or that there were exceptional circumstances, not likely to continue, which contributed to unsatisfactory progress.

Periods of exclusion shall not be displayed on any academic transcript issued by the University.

Graduation
Graduation is the ceremony in which graduands of the University receive their degree, diploma or award testamurs from the Chancellor. After graduation, graduates are entitled to use the title and origin of their degree after their name. Graduation ceremonies are held each year in Lismore, Coffs Harbour and Sydney. For further information contact the Graduation Officer on (02) 6620 3706.

Academic Transcripts

It is issued without alteration or erasure. You are entitled to one transcript of your academic record, without charge, upon graduation. A fee of $10.00 will be charged for all other transcripts, and will be provided on receipt of written request and appropriate payment to Student Services. A copy of your academic transcript may also be downloaded from My Enrolment (https://ssm.scu.edu/stuweb).

*University Medals* are awarded annually at the discretion of the Academic Board to candidates who have completed the requirements of a Bachelor degree with first class honours and who at all times have demonstrated a very high standard of academic achievement. University Medals are normally awarded to students with a Grade Point Average (GPA) of Distinction (3.00) or more in graded units equivalent to 150-hours, excluding Honours year units. These units must be in the relevant undergraduate award(s) and where a minimum of sixty-six percent (66%) of the award(s) has been completed at Southern Cross University.

The following examples are to assist with interpretation:

(i) A student has completed forty (40) units towards a double degree; Another student has completed thirty-two (32) units towards a combined degree. In both cases count all units in the GPA calculation;

(ii) A student has completed a twenty-four (24) unit undergraduate degree at SCU. The student completed eight (8) units in another SCU degree and two (2) units at another university, and received advanced standing for eight (8) units (two non-SCU units and six SCU units). The two (2) units completed at the other university do not count in the calculation, however, six (6) of the SCU units do. The GPA would be calculated on twenty-two (22) SCU units;

(iii) A student has completed an articulated series of awards at SCU culminating in a degree. All units counted towards that degree are to be used in the GPA calculation, even if the units were completed while the student was enrolled in the articulated awards.
GENERAL INFORMATION

ABSTUDY (Education Access Program)

ABSTUDY provides assistance for Australian Aboriginal and Torres Strait Islander students in a range of full-time and part-time courses, including Masters and Doctorate level.

The maximum rates vary depending upon individual circumstances. Benefits for students also include the payment of an incidentals allowance to assist with text book and equipment costs. Part-time students may also be eligible for some financial assistance.

Application forms for ABSTUDY are available from any Centrelink Office. Submit your application for ABSTUDY as soon as possible. ABSTUDY claims can be lodged at the Lismore Centrelink Office, at the corner of Conway and Keen Streets, Lismore.

ABSTUDY Pensioner Education Supplement (PES)

The Pensioner Education Supplement (PES) is free of any income test. It may be paid to some students who are eligible for ABSTUDY and are receiving a pension or certain allowances from Centrelink or a full service pension from the Department of Veteran Affairs (DVA). To be eligible for PES students must be studying at least 25% of a full-time workload.

In 2005 the Pensioner Education Supplement is $62.40 per fortnight for new applicants and $124.80 per fortnight for “maintained” students continuing in their studies from 1999.

Students with a study load of less than 50% will be paid $31.20 per fortnight. Please note, customers receiving Disability Support Pension, Invalidity Service Pension or Income Support Supplement may be eligible for a workload concession.

All rates are subject to CPI adjustment.

Further information about ABSTUDY can be obtained from the Lismore Centrelink Office, corner of Conway and Keen Streets, Lismore. Telephone enquiries can be made on 13 2317.

Austudy Payment and Youth Allowance for Students

Austudy Payment is an income support payment available to qualifying students aged 25 or older. It provides income tested assistance to full-time students who are Australian citizens and some permanent residents of Australia studying in an approved tertiary course.

Youth Allowance is a similar support payment paid to eligible 16 to 24 year olds who are undertaking full-time study in approved courses, and/or are looking for work. These young people may be eligible for rent assistance and the rules regarding the activity test allow for more flexibility in the types of activities which are acceptable. Youth Allowance is means tested against parental and family income.

The eligibility provisions for Austudy Payment and Youth Allowance for full-time students are very similar. However there are some differences in terms of rates, parental means testing, and the activity test (academic requirements). All Austudy Payment recipients are deemed independent and are therefore not means tested against their parents’ income.

There is no away from home rate for Austudy Payment as all students over 25 years of age are deemed as independent. Rent Assistance is not available to single people who are receiving Austudy Payment. Those with children can access Rent Assistance through Family Allowance.

To be eligible for Austudy Payment or Youth Allowance, students normally need to be undertaking at least three-quarters of the normal amount of full-time study in respect of the course for the study period. Where a student is in a Commonwealth supported place in a course they are required to have a study loading of at least 0.375 per semester. Where a student reduces and
ceases to be undertaking a study load of 0.375 or more, he or she ceases to be eligible for Austudy Payment or Youth Allowance. Under very special circumstances some students are approved to study less than 75% of the full-time workload.

The maximum rates of payments vary depending on the age of the student, the level of the student’s personal and/or family income and assets, and the type of assistance applied for.

Dependent tertiary students may also be eligible for reimbursement for up to two return journeys between their parents’ and their term address if they live away from home to undertake their studies.

Students can apply for a lump sum advance loan of between $250 and $500 against their Austudy Payment or Youth Allowance entitlement.

Application forms for Austudy Payment and Youth Allowance are available from any Centrelink office. Completed applications can be forwarded by mail to the following address or can be personally lodged at any Centrelink office:

Centrelink
PO Box 571
LISMORE NSW 2480

Telephone enquiries can be made on 13 2490.

At Lismore campus free-call, self-help phones are available for students to contact Centrelink. These are located within the Student Centre in Goodman Plaza.

**Austudy Pensioner Education Supplement (PES)**

The Pensioner Education Supplement (PES) aims to assist pensioners with the ongoing costs associated with study and is available to full-time students and those approved to undertake at least 25% of a full study load.

PES is paid at the rate of up to $62.40 per fortnight; it is not taxable. The minimum age is usually 16, although it may be paid to a 15 year old studying in certain circumstances. Further information about the Austudy Pensioner Education Supplement can be obtained at any Centrelink office or by phone on 13 2490.

**Plagiarism**

Plagiarism is defined as reproduction and presentation of the work of others without acknowledgment and includes copying (in whole or in part) the work or data of other persons, or presenting substantial extracts from books, articles, theses, computer software, lecture notes, assignments or tapes, without due acknowledgment. All students are advised against making assessable material (assignments, etc.) available to other students, as they could then be a party to plagiarism and, as such, may be penalised as if they themselves had committed an act of plagiarism.

All students are expected to be fully conversant with the various systems of referencing. Details on the preferred referencing system for the discipline you are studying will be provided by the Unit Assessor.

Students should be aware that poor referencing or poor presentation of cited material is NOT plagiarism. They constitute poor academic work and will be penalised as such.

**Plagiarism in Computing**

The University acknowledges that there are particular difficulties in establishing plagiarism in respect of computer-based work, particularly programming. The following guidelines are intended to provide advice on how plagiarism in this area will be established:

**Definition:** Substantial copying of work from some existing or recognisable source without acknowledgment: the use of work, partial or whole, generated by another student, past or present or an external person, constitutes plagiarism with reference to computing and computer programming.

**Detection:** Plagiarism in computing may be detected by one or more of the following:

- similarity to other students’ submissions;
(b) sudden improvement in a student’s output within the semester without evidence of effort;
(c) sudden change in coding style;
(d) report by other student(s) or member(s) of staff;
(e) the offending party was caught in the act of copying.

Verification: Plagiarism in computing may be verified by:

(a) similarity in submitted work, e.g. similar programme structure, similar identification names and labels;
(b) lack of ability of the student to explain key aspects of the programme, especially where intricate logic is involved in the success of the coding;
(c) lack of evidence with regard to intermediate output;
(d) inconsistency in coding style within the programme;
(e) witness to the act of copying.

The Rules governing Plagiarism will apply in all cases (see rule 3.17 within Rules section of this Handbook).

Policy on Alcohol Consumption

The University has a policy on the consumption of alcohol. The aim of the policy is to ensure that alcohol consumption on University premises occurs within acceptable and legal limits. The policy restricts alcohol to certain venues under certain conditions. Details of this policy may be obtained from the Finance Directorate, or the Vice-Chancellor’s Office.

Privacy

The University must meet the privacy standards introduced under the NSW Privacy and Personal Information Protection Act 1998 (the Privacy Act). These standards direct the way public sector agencies deal with personal information.

Personal information is any information that relates to an identifiable person. As well as information that can readily identify an individual, it also includes genetic material, electronic records, video recordings and photographs.

There are twelve general principles that deal with the collection, storage, access, use and disclosure of personal information. These principles are designed to reduce the risk of misuse of personal information. They also allow individuals a reasonable degree of control about what happens to their personal information.

These principles are outlined in the brochure Privacy and Personal Information Protection NEED TO KNOW, produced by the University and available from the Student Centres on all campuses or via the University’s web site at www.scu.edu.au/policy/privacy.

The University, through its Privacy Contact Officer, can assist you with various privacy issues covered by the Act, including access to personal information, privacy complaints and reviews and advice on where to get more information.

Student Organisations

Students’ Association (Coffs Harbour)

The mandate of the Coffs Harbour Students’ Association is to provide a quality university experience for all its student members – those studying on campus, externals, residents, mature age, and those students with children, or who are disabled or impoverished. How the Association accomplishes this is by providing a varied range of social, sporting, welfare and cultural events and activities, offering products and services at greatly subsidised rates, and helping students who have a problem or issue through active representation between its members and other student organisations in the University, the University administration and the regional community.
Some of the activities the Association organises are movie/pizza nights, family fun days, pub tours, mature age dinner and dance, Blue Stocking Week, the Annual Ball, free weekly morning tea, monthly live entertainment and sausage sizzles.

Most products and services the Association provides are heavily subsidised, helping to make life a little easier for students. Some of the services offered are photocopying, colour printing, photo processing, binding, laminating, and free use of a common room with Austar TV, DVD/VCR facilities, and books, papers and magazines to read. Some of the products available are tea, essential groceries, mobile and phone cards, coffee, tea, juice, bottled water, soft drinks, biscuits, lollies, milkshakes, film, CDs and computer disks, stamps, envelopes, a free morning tea twice per week and University souvenirs.

A number of regular publications have been established including the Survival Guide, student magazine “Tsunami”, a weekly newsletter and several welfare publications.

On behalf of the University, the Association continues to provide academic dress hiring for students enrolled at Coffs Harbour.

All Coffs Harbour students are automatically members of the Association. The office is located in F Block, near the bus depot and is open Monday to Friday from 8.30am to 4.30pm during teaching and exam weeks, 10.00am to 2.00pm during study weeks. Telephone 02 6659 3267, fax 02 6659 3269, website sach.scu.edu.au.

The Student Representative Council (SRC) is a non-profit organisation providing the official recognised voice for students of the Lismore and Tweed Gold Coast campuses of Southern Cross University. It is organised and operated by students for students. Upon enrolment, students automatically become members, once they have paid their fees.

The Student Representative Council is comprised of elected representatives from the student body. It has three main roles:

- to act as an advocate and representative for students within the University, providing an avenue for communication on issues that affect equal access and opportunity;
- to provide a wide range of support for students including free dental service, free computer access, photocopying and laminating, laser printing, professional typing service, facsimile service, photo ID’s and a range of other welfare services;
- to provide an avenue for students to gain experience in administration, management and representation by becoming involved in the day-to-day running of the organisation, it’s campaigns and student collectives.

The SRC has two offices on the Lismore Campus; the Student Representative office located at Shop 9, Goodman Plaza and the SRC Student Drop In Centre located at Shop 5, Goodman Plaza, website: www.lismoresrc.org.au

Campus Central (Southern Cross University Union - Lismore Campus and External Services)

Campus Central (Southern Cross University Union) is a non-profit, charitable organisation receiving funds from student-member subscriptions of students, staff and the community, as well as income generated from its commercial services trading areas. The Union uses these funds to build new facilities, provide subsidised services for the benefit and welfare of its members, and to provide recreational, sporting, artistic and cultural events for the University and wider community.

Campus Central aims to be the social centre of the University community – a gathering place for all students, staff and visitors at Lismore Campus, and an information centre for those off campus.
Campus Central organises special events on campus for both student groups and staff. It subsidises life skills and leisure courses, trips and tours, entertainment, health and wellness programs, academic dress, sporting and cultural events and the activities of its many sporting and special interest clubs and societies, as well as sponsoring representatives to State intervarsity, national and international sporting and cultural gatherings.

Campus Central also plays a role in safety on campus, providing a free shuttle bus service around campus, town, and University residences.

At the Lismore Campus, a fully air-conditioned complex is situated near the main car parks where the Campus Central operates a state-of-the-art Health and Fitness Centre (with lockers, showers and changing facilities), a registered travel agency, licensed bars, bistro, Function Centre and Union Office.

Campus Central also operates the Darrel Chapman Sports Centre, off Rifle Range Road at the other end of Lismore Campus, as well as the Campus Central Shop in the Goodman Plaza where academic dress can be arranged for Graduation.

Campus Central has co-operative arrangements with other student organisations and University Centres, to ensure services are available for external students. These include its toll-free hotline contact number, library search and copy services, free on-demand photocopying mail-out service, Past Exam Paper service, second-hand text books, and Union Web site, with regional social functions details, publications, referral and other assistance. Access to the Union travel agency is available via the Web site, E-mail or 1800 number.

For more information about Campus Central facilities and services, contact reception on the ground floor of the Campus Central building by telephoning (02) 6622 2755 or 1800 068 314 or via the Web: unionweb.scu.edu.au or via E-mail: manager@union.scu.edu.au.

7.4 Work Environment and Supervision

(a) All candidates shall normally have appointed by the Higher Degrees Committee (Research) at least one supervisor, who shall act as Principal Supervisor and who shall be a member of the academic staff of the University. Where more than one supervisor is appointed, one of the supervisors shall be nominated as the Principal Supervisor, who shall be a member of the academic staff of the University.

(b) All candidates and Master's qualifying students shall be required to participate in such colloquia, research seminars and other work of the University as may be considered appropriate by their Principal Supervisor.

(c) Candidates shall, as their Principal Supervisor may from time to time require, submit drafts of the major sections of the written thesis for review and shall submit to their Principal Supervisor a final draft of the written thesis for advice and comment before submission for examination.

(d) In respect of candidates who undertake a major portion of their research at sites external to the University, the Higher Degrees Committee (Research) may appoint a local Co-supervisor.

(i) the greater proportion of the work described must have been completed subsequent to initial enrolment as a candidate; and

(ii) it must show evidence of competence in research and scholarship; and

(iii) it must be in English or in a language approved by the Higher Degrees Committee (Research) and reach a satisfactory standard of presentation; and

(iv) it must have a substantial written component but may also contain a significant amount of non-written material.

(b) The thesis shall consist of the candidate's own account of the work, except that in special cases work done conjointly with other persons may be accepted provided the Higher Degrees Committee (Research) is satisfied in respect of the candidate's part in the joint work.

(c) On submitting a thesis the candidate shall adduce sufficient evidence of its authenticity and originality, and to this end shall submit a written statement at the front of the thesis:

(i) indicating which portions are original and which are not; and

(ii) giving the sources of information if these are not adequately indicated in the thesis; and

(iii) indicating whether, and if so to what extent, any of the material submitted, or work on which it is based, has been used in seeking another degree in the University or elsewhere.

(d) A candidate shall submit with, but separately from, the thesis a short abstract of the thesis comprising not more than 400 words and written in a form suitable for publication.

(e) A candidate may not submit as the main content of the thesis any work or material which has previously been accepted for a degree or other similar award but shall not be precluded from incorporating such work or material in the thesis, provided that the candidate indicates, generally in the preface and specifically in the notes, the work or material which has been so incorporated.

(f) The candidate may submit as supporting documents any work published by the candidate, but only if it bears on the subject of the thesis.
7.7 Thesis Submission

(a) A candidate shall, through the Principal Supervisor and School Director of Postgraduate Studies and Research, give the Graduate Research College two (2) months' written notice of intention to submit a thesis and such notice shall be accompanied by the appropriate fee, if any.

(b) Three (3) copies of the thesis in a form of temporary binding prescribed by the Graduate Research College shall be submitted by the candidate, through the Principal Supervisor, to the School Director of Postgraduate Studies and Research, and these copies may be retained by the University.

(c) These copies of the thesis shall be submitted to the Graduate Research College by the relevant School Director of Postgraduate Studies and Research with a certificate signed by the Principal Supervisor certifying that the candidate's work, including the thesis, is in a form suitable for examination.

(d) If the relevant School Director of Postgraduate Studies and Research declines to submit a thesis, the Principal Supervisor may appeal to the Graduate Research Committee of the Academic Board.

(e) If the Principal Supervisor declines to certify a thesis is in a form suitable for examination and the relevant School Director of Postgraduate Studies and Research declines to submit the thesis, a candidate may appeal to the Graduate Research Committee of the Academic Board.

(f) If the appeal is upheld and the thesis forwarded for examination, then the certificate shall be signed by the Chair of the Graduate Research Committee, and neither the Principal Supervisor nor the School Director of Postgraduate Studies and Research shall be required to sign it.

(g) A thesis shall be prepared in the format prescribed by the Graduate Research College.

(h) Two (2) copies of the thesis for which the candidate is admitted to a Master's degree shall be deposited with the Graduate Research College in a permanent form of binding prescribed by the College. Additionally, one unbound copy shall be deposited with the University Library.

(i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.

(j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School
Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

(k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

7.8 Examination of Thesis

(a) The Higher Degrees Committee (Research) shall appoint at least two (2) examiners of whom at least one (1) shall be external to the University. A supervisor of a thesis shall not also be an examiner. The examiners may consult with each other, but each examiner shall make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work, which in the opinion of the examiner requires clarification. Any questions and answers shall be sent to the other examiners.

(b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, shall then be considered by the School Director of Postgraduate Studies and Research, who shall make a recommendation to the Higher Degrees Committee (Research).

(c) The recommendation of the School Director of Postgraduate Studies and Research, together with the reports of the examiners and any written comments received from the Principal Supervisor and the candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:

(i) recommend to the Academic Board that the candidate be admitted to the award of a Master's degree by thesis; or

(ii) recommend to the Academic Board that the Master's by thesis candidature be terminated.

(d) Before making a recommendation to the Academic Board, the Higher Degrees Committee (Research) may require:

(i) the candidate to address any matters raised in the examiners' reports,

(ii) the candidate to address additional issues in the thesis,

(iii) additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the thesis under such reasonable conditions as determined by the Higher Degrees Committee (Research); or
(iv) re-examination of the thesis within six months if full-time, or within one year if part-time.

(e) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Committee (Research), shall have candidature terminated by the Academic Board and shall not be eligible for re-enrolment in a Master's by thesis course in the same topic area.

7.9 Maximum Tenure, Extension, Interruption, Cancellation

(i) in the case of a full-time candidate, not later than eighteen (18) months from the date of enrolment as a Master's by thesis candidate; or

(ii) in the case of a part-time candidate, not later than three (3) years from the date of enrolment as a Master's by thesis candidate;

unless special permission for an extension of time has been granted by the Pro Vice-Chancellor (Research). Maximum time allowed to complete a course shall not include periods of approved leave of absence.

(b) The Pro Vice-Chancellor (Research), on the recommendation of the Principal Supervisor and School Director of Postgraduate Studies, may permit an extension or interruption of candidature for a period totalling no more than six (6) months.

(c) The Graduate Research Committee may on behalf of the Academic Board permit interruption beyond six (6) months, at its discretion and on the recommendation of the Higher Degrees Committee (Research).

(d) Unless the Pro Vice-Chancellor (Research), or the Graduate Research Committee otherwise determines, a candidate shall maintain continuous enrolment until all requirements for admission to the degree have been met.

(e) A candidate or a Master's qualifying student may cancel enrolment at any time by giving written notice to the Graduate Research College.

7.10 Discontinuation of Enrolment and Appeal Processes

(a) Notwithstanding other provisions in these Rules, the Graduate Research Committee may, on the recommendation of the Higher Degrees Committee (Research), and on behalf of the Academic Board, discontinue the enrolment of a candidate in less than the maximum time allowed if the Graduate Research Committee is dissatisfied with the progress being made by the candidate.

(b) A candidate whose enrolment is discontinued under Rule 7.10(a) may appeal to the Academic Board against the discontinuation of enrolment.

(c) An appeal to the Academic Board against discontinuation of enrolment must reach the University within three (3) months of the date of notification.

(d) Candidature shall be reinstated if the appeal is successful. A maximum period of time to complete the Master's by thesis course will be determined by the Higher Degrees Committee (Research).

(e) A candidate whose appeal is unsuccessful shall have discontinuation of enrolment confirmed.
7.11 Readmission

(a) A candidate whose enrolment is discontinued shall not be eligible to be readmitted until the lapse of one year.

(b) A candidate readmitted to Master's by thesis candidature shall have determined by the Higher Degrees Committee (Research) the maximum period of time in which the candidate shall be permitted to complete the course.

(c) An applicant refused readmission after a period of discontinuation of enrolment may appeal to the Academic Board against that decision.

(d) An appeal against refusal to be readmitted must reach the University within three (3) months of the date of notification.

(a) On completion of studies during candidature, a candidate shall submit a thesis that complies with the following requirements:

(i) the greater proportion of the work described must have been completed subsequent to initial enrolment as a candidate; and

(ii) it must show evidence of competence in research and scholarship, and must make an original and significant contribution to knowledge; and

(iii) it must be in English or in a language approved by the Higher Degrees Committee (Research) and reach a satisfactory standard of presentation; and

(iv) it must have a substantial written component but may also contain a significant amount of non-written material.

(b) The thesis shall consist of the candidate's own account of the work, except that in special cases work done conjointly with other persons may be accepted provided the Higher Degrees Committee
(Research) is satisfied in respect of the candidate's part in the joint work.

(c) On submitting a thesis a candidate shall adduce sufficient evidence of its authenticity and originality, and to this end shall submit a written statement at the front of the thesis:

(i) indicating which portions are original and which are not; and

(ii) giving the sources of information if these are not adequately indicated in the thesis; and

(iii) indicating whether, and if so to what extent, any of the material submitted, or work on which it is based, has been used in seeking another degree in the University or elsewhere.

(d) A candidate shall submit with, but separately from, the thesis a short abstract of the thesis comprising not more than 400 words and written in a form suitable for publication.

(e) A candidate may not submit as the main content of the thesis any work or material which has previously been accepted for a degree or other similar award but shall not be precluded from incorporating such work or material in the thesis, provided that the candidate indicates, generally in the preface and specifically in the notes, the work or material which has been so incorporated.

(f) The candidate may submit as supporting documents any work published by the candidate, but only if it bears on the subject of the thesis.

9.9 Thesis Submission

(a) A candidate shall, through the Principal Supervisor and School Director of Postgraduate Studies and Research, give the Graduate Research College two (2) months’ written notice of intention to submit a thesis and such notice shall be accompanied by the appropriate fee, if any.

(b) Four (4) copies of the thesis in a form of temporary binding prescribed by the Graduate Research College shall be submitted by the candidate, through the Principal Supervisor, to the School Director of Postgraduate Studies and Research, and these copies may be retained by the University.

(c) These (3) copies of the thesis shall be submitted to the Graduate Research College by the relevant School Director of Postgraduate Studies and Research with a certificate signed by the Principal Supervisor certifying that the candidate's work, including the thesis, is in a form suitable for examination.

(d) If the relevant School Director of Postgraduate Studies and Research declines to submit a thesis, the Principal Supervisor may appeal to the Graduate Research Committee of the Academic Board.

(e) If the Principal Supervisor declines to certify a thesis is in a form suitable for examination and the relevant School Director of Postgraduate Studies and Research declines to submit the thesis, a candidate may appeal to the Graduate Research Committee of the Academic Board.

(f) If the appeal is upheld and the thesis forwarded for examination, then the certificate shall be signed by the Chair of the Graduate Research Committee, and neither the Principal Supervisor nor the School Director of Postgraduate Studies and Research shall be required to sign it.
(g) A thesis shall be prepared in the format prescribed by the Graduate Research College.

(h) Two (2) copies of the thesis for which the candidate is admitted to a PhD award shall be deposited with the Graduate Research College in a permanent form of binding prescribed by the College. Additionally, one unbound copy shall be deposited with the University Library.

(i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.

(j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

(k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

9.10 Examination of Thesis

(a) The Higher Degrees Committee (Research) shall appoint at least three (3) examiners of whom at least two (2) shall be external to the University. A supervisor of a thesis shall not also be an examiner. The examiners may consult with each other, but each examiner shall make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work which, in the opinion of the examiner, requires clarification. Any questions and answers shall be sent to the other examiners.

(b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal
Supervisor and the candidate, shall then be considered by the School Director of Postgraduate Studies and Research, who shall make a recommendation to the Higher Degrees Committee (Research).

(c) The recommendation of the School Director of Postgraduate Studies and Research, together with the reports of the examiners and any written comments received from the Principal Supervisor and candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:

(i) recommend to the Academic Board that the candidate be admitted to a PhD degree; or

(ii) recommend to the Academic Board that candidature be terminated.

(d) Before making a recommendation to the Academic Board, the Higher Degrees Committee (Research) may require:

(i) a candidate to address any matters raised in the examiners' reports,

(ii) a candidate to address additional issues in the thesis,

(iii) additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the thesis under such reasonable conditions as determined by the Higher Degrees Committee (Research); or

(iv) re-examination of the thesis within six months if full-time, or within one year if part-time.

(e) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Committee (Research), shall have candidature terminated by the Academic Board and shall not be eligible for re-enrolment in the degree in the same topic area.

9.11 Maximum Tenure, Extension, Interruption and Cancellation

(a) A candidate shall present a thesis for examination:

(i) in the case of full-time candidature, not later than four (4) years from the date of enrolment as a candidate; or

(ii) in the case of part-time candidature, not later than eight (8) years from the date of enrolment as a candidate; unless special permission for an extension of time has been granted by the Pro Vice-Chancellor (Research). Maximum time allowed to complete a course shall not include periods of approved leave of absence.

(b) The Pro Vice-Chancellor (Research), on the recommendation of the Principal Supervisor and School Director of Postgraduate Studies, may permit an extension or interruption of candidature for a period totalling no more than one (1) year.

(c) The Graduate Research Committee may on behalf of the Academic Board permit interruption beyond one year, at its discretion and on the recommendation of the Higher Degrees Committee (Research).

(d) Unless the Pro Vice-Chancellor (Research), or the Graduate Research Committee otherwise determines, a candidate shall maintain continuous enrolment until all requirements for admission to the degree have been met.
(e) A candidate or PhD qualifying student may cancel enrolment at any time by giving written notice to the Graduate Research College.

9.12 Discontinuation of Enrolment and Appeal Processes

(a) Notwithstanding other provisions in these Rules, the Graduate Research Committee may, on the recommendation of the Higher Degrees Committee (Research), and on behalf of the Academic Board, discontinue the enrolment of a candidate in less than the maximum time allowed if the Graduate Research Committee is dissatisfied with the progress being made by the candidate.

(b) A candidate whose enrolment is discontinued under Rule 9.12(a) may appeal to the Academic Board against the discontinuation of enrolment.

(c) An appeal to the Academic Board against discontinuation of enrolment must reach the University within three (3) months of the date of notification.

(d) Candidature shall be reinstated if the appeal is successful. A maximum period of time to complete a PhD course will be determined by the Higher Degrees Committee (Research).

(e) A candidate whose appeal is unsuccessful shall have discontinuation of enrolment confirmed.

9.13 Readmission

(a) A candidate whose candidature is discontinued shall not be eligible to be readmitted until the lapse of one (1) year.

(b) A candidate readmitted shall have determined by the Higher Degrees Committee (Research) the maximum period of time in which the candidate shall be permitted to complete the course.

(c) An applicant refused readmission after a period of discontinuation of enrolment may appeal to the Academic Board against that decision.

(d) An appeal against refusal to be readmitted must reach the University within three (3) months of the date of notification.
Terminology Guide

The University reserves the right to change the content of, or withdraw, any unit which it offers. Candidates should also note that limitations on enrolment may be imposed on some units.

Information regarding unit descriptions is correct as at 31st October, 2003. For the most up-to-date and accurate information, students are referred to the University’s on-line Schedule of Units detailing unit availabilities, requisite and enrolment conditions. The Schedule of Units can be found at: http://www.scu.edu.au/admin/asu/sou.html.

The information provided in the unit descriptions is in the following categories.

Unit Number and Name
An individual code has been allocated to each unit or subject. This code is the key element for use in all academic documentation and records.

Pre-requisite
This indicates units which must be completed or requirements which must be satisfied before a candidate may enrol in the unit named.

The Head of the School or Director of the College offering the unit may waive a pre-requisite where it can be satisfactorily demonstrated a candidate has a background of study sufficient to undertake the unit successfully. Any candidate who considers sufficient grounds can be presented for a waiver of pre-requisite should present the case to the Head of School/Director of College concerned or nominee.

Co-requisite
Co-requisites must be completed in conjunction with or prior to the unit named. Any candidate who feels sufficient grounds can be presented for a waiver of a co-requisite should present the case to the Head of School/Director of College concerned or nominee.

Anti-requisite
Means a specified unit that is deemed to have content that is too much in common with another unit, thereby prohibiting enrolment in the other unit either concurrently with the specified unit, or where the specified unit has been successfully completed.

Study Period When Unit Offered
Indicates the semester, trimester or term when a unit is offered (see also, Principal Dates entry in this Student Handbook).

Annual Course Load

Most units offered by Southern Cross University are of equal value, a full-time study load for one year being eight (8) units. However, some variations to this policy exist in terms of full-year units, units taught in courses offered on a trimester basis, and some units in the Bachelor of Laws.

Students requiring the exact weighting for any unit should contact their School Office or the Student Services Directorate for advice.

(a) A Divisional Board may grant a student advanced standing for units on the basis of studies successfully completed at this or another Australian University, or at other types of tertiary education institutions acceptable to the Academic Board; or on another basis acceptable to the Academic Board. The study plan for a student granted advanced standing shall be determined in each case by the relevant Head of School.

(b) Any such advanced standing shall not exceed 50 per cent of the equivalent unit requirements for the award, except with the approval of the Academic Board, or as provided for in the specific award Rules.

2.5 Enrolment

(a) All provisions in these Rules concerning enrolment shall apply both to the first enrolment and to all subsequent re-enrolments.

Commencing students are expected to enrol as specified in the letter of offer, including the specific course, attendance mode and campus.

(e) Re-enrolling students are required to re-enrol by the published closing date. An enrolment form lodged after the closing date may be accepted at the discretion of the Director of Student Services on payment of a late fee.

(f) Enrolled students are obliged to provide personal information, including their full name, for record keeping purposes and for statistical purposes as required by the Commonwealth Government. The University takes seriously its obligations relating to an individual's right to privacy of personal information and has developed policies and guidelines in this area.

(g) A student shall remain enrolled until having:
   (i) completed the coursework requirements, together with any additional units approved by the Head of School; or
   (ii) taken leave of absence for a specified period; or
   (iii) withdrawn; or

   (v) been excluded; or

(h) An enrolled student shall undertake the study units approved by the relevant Head of School on the student's current enrolment form, as amended by any approved variation.

(i) In exceptional circumstances, the Head of School may permit a candidate to enrol in a unit or units other than those specified in the Schedule of Units for a specific award course.

(j) A student may not be enrolled in more than one award course, except with the
approval of the relevant Executive Deans.

(k) A student shall not enrol for the equivalent of more than four study units in any one study period, except with the approval of the relevant Head of School.

(l) In respect of any unit, the relevant Divisional Board may prescribe that another unit is, or other units are, pre-requisite, co-requisite or anti-requisite. A student shall not, except with the approval of the relevant Head of School, be permitted to enrol in a unit if the specified pre-requisite, co-requisite and anti-requisite requirements for that unit are not satisfied.

(m) Upon enrolment, a student shall be entitled to receive a student identification card, which should be carried while on University premises and at such other locations as are prescribed in the requirements for particular courses. A student may be required to show this identification card upon request by a designated employee of the University. Lost identification cards will be replaced upon payment of a prescribed administrative charge.

(n) Upon enrolment, a student shall provide the Director of Student Services with an address for the mailing of all official correspondence. A student is expected to notify in writing the Director of Student Services of any change of address within no more than five (5) working days of the change. The University will not accept responsibility if official correspondence fails to reach a student who has not notified the Director of Student Services of a change of address.

2.6 Variation of Enrolment

(a) A student who has enrolled or re-enrolled for a study period may make an enrolment variation request to add or withdraw from individual units. Students may only add or withdraw from units in a manner as prescribed by the Director of Student Services. Students are encouraged to keep a record of variations of enrolment for their own records.

(b) Adding Units

A student may add units to their enrolment in a study period without penalty or special approval subject to the following:

(i) the student’s enrolment variation request is received by Student Services before the close of business on final day of week 2 of the specified study period.

(ii) the student complies with all requisite conditions, enrolment restrictions and special approvals as listed in the Schedule of Units active at the time of the unit addition.

(iii) the unit addition complies with the provisions of Enrolment Rule 2.5.

Where the student proposes to add the unit after the final day of week 2 of the specified study period has passed, units may be added to their enrolment in the study period subject to the following:

(i) the census date for that study period has not yet passed; and

(ii) the student pays the late variation fees specified in Part 4 Administrative Charges; and

(iii) the student obtains written authorisation from the relevant Head of School. Where the Head of School responsible for the student’s admitted course and the Head of School responsible for the proposed unit enrolment are different, written authorisation must be obtained by both.

A student will not be permitted to add units to their enrolment in a study
period after the census date for that study period has passed. In cases where special circumstances, which were beyond the student’s control, prevented the student from properly enrolling, the Director of Student Services may consider a retrospective if the student can also that a lack of enrolment in that study period would cause them to suffer a significant disadvantage. Approval is not automatic and will subject to the following:

(i) the student places their claim for retrospective enrolment in writing to the Director of Student Services, fully explaining the circumstances that led to their failure to properly enrol and outlining the significant disadvantage they would suffer if not in the past study period. Unit enrolments claims older than 12 months will not normally be considered.

(ii) The student pays the late variation fees specified in Part 4 Administrative Charges; and

(iii) The student’s claim for retrospective enrolment is accompanied by the written authorisation from the student’s Head of School. Where the Head of School responsible for the student’s admitted course and the Head of School responsible for the proposed retrospective unit enrolment are different, the student must obtain written authorisation form both.

(c) Withdrawing From Units

A student may withdraw from a unit until the last day of that study period, subject to the following provisions:

(a) A student who withdraws from a unit before the relevant census date shall have their enrolment in that unit deleted from their academic record.

(b) A student who withdraws from a unit after the census date but before two-thirds (2/3) of the specified study period has elapsed shall have a withdrawn notation for that unit recorded on their academic record.

(c) A student who withdraws from a unit after the expiration of two-thirds (2/3) of the specified study period shall have a grade of Fail for that unit recorded on their academic record.

(d) If special circumstances require a student to withdraw from a unit after the expiration of two-thirds (2/3) of the specified study period, the student may apply in writing to the Head of School responsible for the unit to “withdraw without failure” from the unit. The application must be made to the Head of School within 12 calendar months of the last day of the study period to which the enrolment relates. Approval may be given by the Head of School for a notation of “withdrawn” to be recorded against that unit on the student’s academic record. A “Withdrawn without failure” authorisation from the Head of School does not reduce the student’s financial liability for the unit.

(e) The relevant Executive Dean may approve a “withdrawal without failure” older than 12 months if it can be demonstrated that special circumstances applied to prevent the student from applying for withdrawal without failure. The onus is on the student to demonstrate special circumstances. Special circumstances apply only if they were beyond the student’s control; impacted on the student’s ability to apply for “withdrawal without failure” within the specified time frame; were such
that it was impracticable for the student to apply for “withdrawal without failure” within the specified time frame.

Commonwealth Supported Students will incur the full financial liability for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Commonwealth Supported Students will have their Student Learning Entitlement reduced for the unit if the variation request to withdraw from the unit is submitted after the census date for the study period has passed. Fee Paying students will incur the financial liability applicable under the University tuition refund rules current at the time the variation request to withdraw from the unit is submitted.

Where special circumstances which were beyond the student’s control have forced a student to withdraw from a unit after the unit census date, the student may apply to the Director of Student Services for a remission/refund of the financial liability applicable associated with the unit subject to the following provisions:

(a) Remission/refund claims older than 12 months will not be considered.

(b) Remission/refund claims must be made on the proscribed form.

(d) Unit Swaps
Changing from one unit to another, also known as substituting a unit or swapping units requires two steps:

(1) a request to withdraw from one unit

(2) a request to add a replacement (different) unit

All standard Variation of Enrolment rules apply, including academic and financial penalties for both the unit withdrawal request and the unit addition request.

(e) Unit Cancellations
Where a Division cancels a unit offering, the Head of School responsible for the unit will advise any student enrolled in that unit availability of the unit cancellation. The School will ensure that any student withdrawn due to School cancellation is provided with an alternative unit offering where appropriate. The Head of School will provide the Director of Student Services with written authorisation to withdraw the availability of the unit and to process any associated withdrawal of students.

(f) Students on Sanctions
Students on student sanctions are not permitted to add units to their enrolment. Enrolment variation requests to add units, received from students currently on sanctions will be declined. The date used to calculate penalty and approval requirements will be the date that the student sanction is lifted. Students on sanctions may delete units from their enrolment in accordance with the standard rules for Variation of Enrolment.

(g) Changing Mode (Internal or External)
Changing from one mode of study (Internal or External) to another is a two-step variation request;

(1) a request to withdraw from the unit in one mode

(2) a request to add the same unit in a different mode

All standard Variation of Enrolment rules apply, including academic and financial penalties for both the unit withdrawal request and the unit addition request.

(h) Changing Location
Changing from one location of study (campus) is a two-step variation request;

(1) a request to withdraw from the unit at one location

(3) a request to add the same unit at a different location

All standard Variation of Enrolment rules apply, including academic and financial
penalties for both the unit withdrawal request and the unit addition request.

2.7 Leave of Absence for a Specified Period

(a) A student may, by giving notice in writing to the Director of Student Services, take leave of absence for a specified period of up to one (1) year. A student may be granted more than one period of leave of absence, but the total period of leave of absence shall not normally exceed two (2) years. Leave of absence for a period in excess of one (1) year, requires approval by the relevant Head of School.

(b) A student granted leave of absence for a specified period shall be treated as having withdrawn from the course and from any enrolled units of study in the study period in which the student commences the leave. The student's academic record shall be amended as appropriate (see Rule 2.6).

(c) Leave of absence shall not normally be granted until a student has completed the requirements for at least one unit.

(d) A student resuming studies after a period of approved leave of absence shall be subject to the award Rules in operation at the time of resumption and shall be required to re-enrol as directed by the Director of Student Services.

(e) A student who fails to re-enrol as directed after a period of approved leave of absence shall be treated as prescribed in Rule 2.9(a).

(f) Periods of leave of absence shall not be counted as part of the period for completion of a coursework award course (see Rule 2.15).

2.8 Withdrawal from a Course

(a) A student who does not wish to continue to be enrolled in a course may, by giving notice in writing to the Director of Student Services, withdraw from the course.

(b) A student who, having withdrawn from a course, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

2.9 Failure to Re-enrol

(a) A student who fails to re-enrol shall be regarded as having abandoned the course.

(b) A student who, having failed to re-enrol, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

2.10 Exclusion

(a) The grounds for exclusion shall normally be:

(i) failure in 50 per cent or more of unit load during each of the previous two (2) study periods in which the student was enrolled; or

(ii) failure to satisfy professional experience or compulsory fieldwork requirements affecting professional competency, such that the student is deemed by the relevant Head of School to be unsuitable to continue in the course.

(b) At the end of each year, upon notification of final grades, the Director of Student Services shall provide Heads of Schools with a list of those students whose academic performance provides grounds for exclusion. A Head of School may at any other time exercise discretion in seeking a list of students whose academic performance provides grounds for exclusion.

(c) A Head of School shall review the academic performance of those students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination that:
(i) the student be allowed to continue; or
(ii) the student be allowed to continue with specified conditions; or
(iii) the student be excluded for a specified period; or
(iv) the student be excluded permanently.

(d) The Head of School's decision shall within a further five (5) working days be notified in writing to the student by the Director of Student Services. The notification shall include:
(i) specification of the grounds for exclusion, or of any conditions placed upon continuing in the course,
(ii) an indication of the student's right of appeal against the decision, and
(iii) details of the appeals process.

(e) A student may request the Executive Dean to review the decision. This request, stating clearly the reasons for a review, must be submitted in writing to the Executive Dean within ten (10) working days of notification of exclusion. The Executive Dean shall review the decision and advise the student in writing of the outcome of this review within ten (10) working days of receipt of the request.

(f) Where a student is not satisfied with the outcome of the Executive Dean's decision, an appeal may be made to the Academic Board within ten (10) working days of the date on which the Executive Dean writes to the student about the outcome of the review. A late appeal may be received at the discretion of the Chair of the Academic Board.

(g) An appeal to the Academic Board may only be made on the grounds that Rule 2.10(c) was inappropriately or unreasonably applied, or that there were exceptional circumstances not likely to continue which contributed to poor academic performance. A decision of the Academic Board Appeals Committee shall be final.

(h) An application for readmission following exclusion must be made on the prescribed form to the Director of Student Services. An application may be made prior to expiration of a period of exclusion, but readmission will not be permitted until expiration of the period of exclusion. Readmission is not automatic, and applicants for readmission shall comply with the requirements for admission as prescribed in Rule 2.1.

(i) Where a student has been readmitted after having served a period of exclusion, only those units undertaken after readmission shall be taken into account when considering grounds for exclusion at any future date.

(j) Where a student has transferred from one course to another, only units taken as part of the new course shall be taken into account when considering grounds for exclusion.

(k) Periods of exclusion shall not be displayed on any academic transcript issued by the University.

2.11 Readmission after Expulsion from the University

A student who has been expelled from the University as a result of student conduct proceedings and who subsequently wishes to be readmitted to the University shall not be readmitted except with the permission of the University Council.

2.12 Internal Course Transfer

(b) The applicant shall be assessed on the basis of previous entry qualifications.

An applicant must normally obtain the rank required for selection to the preferred course in the most recent admission period in order to be eligible for consideration for an internal course transfer. In exceptional circumstances, any additional relevant supporting documentation may be taken into account.

3. Coursework Awards: Student Assessment and Examinations

3.1 Assessment Information in Unit Statements

(a) The unit assessor during the first two weeks of each study period shall make available to all students enrolled in that unit and shall lodge with the Library a unit statement which shall contain details of the aims, objectives, syllabus, prescribed texts and materials, recommended reference material, student assessment requirements and the intended distribution of student load.

(b) The unit statement shall normally include at least the following information about student assessment:

(i) a description of each assessment task, including information such as length and format;

(ii) the relation of each assessment task to the unit objectives;

(iii) the weighting of each assessment task towards the final grade;

(iv) whether a pass in the unit requires an overall mark of 50 per cent, or whether there are components of the assessment which must be completed at a specified level for the unit to be completed satisfactorily;

(v) whether contributions to tutorial or seminar discussions will be taken into account and, if so, how such contributions will be assessed;

(vi) identification of any assessment task that must be completed to pass the unit but which does not count towards the final grade;

(vii) in units where assessment tasks and requirements are negotiable between lecturers and students, the processes and timelines for the completion of negotiations;

(viii) due dates for submission or completion of each assessment task and penalties which may be applied for late submission;

(ix) the mode of grading (that is, whether graded or ungraded - see Rule 8(a));

(x) a statement concerning time-lines for the return of marked assignments.

(xi) a statement of the criteria against which performance in assessment tasks will be judged.

3.2 Amendments to Assessment Requirements

Any amendment to the assessment requirements presented to students in a unit statement shall be notified to all students by the relevant Head of School in a form and at a time determined by the Head of School. Unless the relevant Head of School approves otherwise, no such amendments, other than an extension of the due date of an assessment task, shall be made or notified after the conclusion of the sixth teaching week of a study period.

3.3 Assessment Provision for Students with Disabilities

(a) This Rule refers to the conditions under which variations to assessment tasks or requirements may be made to accommodate the needs of students with disabilities. Such variations may include, for example, the method of completing assignments or recording
answers, a lengthening of the time taken over a test or examination, the venue for tests or an examination, the provision of sound amplification or of large print for test or examination papers, and the provision of particular furniture requirements. The onus is on a student with a disability who wishes to seek variations to assessment tasks or requirements to bring this matter to the attention of the Disabilities Liaison Officer in accordance with the University's "Policy on Academic Adjustments for Students with Disabilities".

(b) Procedures for students registered under the "Policy on Academic Adjustments for Students with Disabilities" as having a disability shall be those specified in that Policy. Once a determination is made under the Policy concerning variations to assessment tasks or requirements for a student with a disability, these variations shall be available throughout the period of enrolment unless changed in accordance with the Policy.

(c) All students with disabilities who are not registered under the Policy and who seek accommodation for a disability must contact the Disabilities Liaison Officer. An application for a special examination or special consideration in a unit does not relieve the student of this onus.

3.4 Grounds for Special Consideration

(a) Requests for special consideration in relation to assessment tasks shall only be considered on the following grounds: health, compassionate circumstances, serious unforeseen personal events, selection in State, national or international sporting or cultural events.

(b) For consideration on health grounds, the following information in relation to a student's condition shall be required from a registered health practitioner: (i) the date or dates on which the student was examined; and (ii) a specific statement of the practitioner's opinion of the effect of the complaint or treatment on the student's ability to complete the assessment task. Requests that do not contain this information will not be considered. The unit assessor, or Head of School, as appropriate under Rule 3.5, may, with written permission by the student, seek further clarification from the relevant registered health practitioner concerning the extent to which a complaint or treatment may affect the student's ability to complete the assessment task. A registered health practitioner means a health practitioner registered as a provider under Medicare or a private health fund, together with such other health practitioners as the University may determine from time to time.

(c) For consideration on grounds of compassionate circumstances or serious unforeseen personal events, a student shall provide factual details of the circumstances or events, together with such corroborative evidence as may support the student's application. In this context "serious unforeseen personal events" refer normally to events which are outside the student's control to prevent or overcome.

(d) For consideration on grounds of selection in State, national or international sporting or cultural events, a student shall provide a statement signed by an authorised officer of the appropriate organisation which validates a conflict with the University's timetable.

(e) Misreading the due date for any assessment task, including misreading the examination timetable, is not a ground for special consideration.
3.5 Types of Special Consideration

(a) Variation of the due date for an assessment task, other than an examination

(i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.

(ii) Requests shall be submitted to the unit assessor as soon as possible before the due date of the submission of the assessment task.

(iii) Requests to bring forward the due date for an assessment task, other than an examination, shall be submitted to the unit assessor in sufficient time for alternative arrangements to be made.

(iv) Requests for variation of the due date for an assessment task, other than an examination, on the grounds of selection in State, national or international sporting, educational or cultural events shall be submitted to the unit assessor at least one (1) month in advance of the starting date of the activity.

(v) With respect to Rules 3.5(a)(ii), (iii) and (iv), the relevant Head of School may approve a later date for submission of a request if exceptional circumstances can be demonstrated by a student.

(vi) The unit assessor, on the evidence available and after consultation with other academic staff responsible for student assessment in the task in question, shall determine whether or not to grant a variation and advise the student accordingly within five (5) working days of receipt of the student's completed application form. If a variation is not granted, the student shall be informed in writing of the reasons. If a variation is granted, the student shall be informed in writing of the new due date for the assessment task.

(vii) With respect to Rule 3.5(a)(vi), the relevant Head of School may approve a later date for response to the student if exceptional circumstances for delay can be demonstrated by the unit assessor.

(viii) Where extensions have been granted beyond the due date of the finalisation of grades for the semester or trimester, the student shall receive an interim notation of Incomplete.

(b) Special consideration in the end-of-unit examination

(i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.

(ii) Requests shall be submitted to the relevant Head of School.

(iii) Except where otherwise approved by the relevant Head of School, the timing of the submission of requests shall be as follows: (i) on grounds of health, compassionate circumstances or serious unforeseen personal events, as soon as possible before the due date of the examination; (ii) on grounds of event conflict resulting from selection in State, national or international sporting or cultural events, at least one (1) month in advance of the starting date of the activity.

(iv) The relevant Head of School, after consultation with the relevant unit assessor, shall make a
determination and advise the student, the unit assessor and the Director of Student Services of the outcome. A student shall not normally be granted special consideration in an end-of-unit examination unless the student has complied with all other compulsory assessment requirements in that unit.

(v) Where a student has been granted special consideration in relation to an end-of-unit examination, the student may choose to:

1. sit the end-of-unit examination and be considered under the provision in Rule 3.5(c)(iv), or
2. not sit the end-of-unit examination and be granted a special examination.

(vi) Where a student has been granted a special examination, a notation of Special Examination shall be entered on the student's record.

(c) Consideration in relation to a completed assessment task

(i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.

(ii) Requests shall be submitted to the unit assessor no later than two (2) working days after completion of the assessment task.

(iii) The relevant Head of School may approve a later date for submission of an application if exceptional circumstances can be demonstrated by the student.

(iv) The unit assessor shall retain all applications until the time of the determination of final grades for the unit. At that time, the unit assessor, taking into account the student's application, and, after consultation with any other staff member responsible for the assessment task related to the application, shall either decide the student's final grade or, in exceptional circumstances, recommend to the Board of Assessors that the student be granted further assessment prior to determination of the final grade. The Head of School shall ensure that all applications are retained for a period of six (6) months.

3.6 Examination and Special Examination Periods

(a) Examination periods shall be those periods as determined by the Vice-Chancellor and approved by Council.

(b) A student who wishes to obtain a change of examination venue within ten (10) working days prior to the commencement of an examination period shall be required to pay a prescribed administrative charge.

(c) Special examinations shall be held in the next available exam period, unless determined otherwise by the Head of School.

(d) Students granted a special examination within ten (10) working days prior to commencement of the special examinations period may be required by the Director of Student Services to sit the special examination in the subsequent examination period.

(e) Internal students are required to return to the University to sit a special examination, unless prior arrangements for an alternative venue have been approved in writing by the Director of Student Services.

3.7 Conduct of Examinations

(a) Timetables for examinations shall be prepared and posted on the appropriate notice boards, or due notice of examinations shall be given to students
by other means as determined by the University. Such notice shall be given not less than ten (10) working days prior to the commencement of the examination.

(b) A person other than a student, a supervisor, a unit assessor or other authorised person may not, except with the permission of a supervisor, enter or remain in an examination room during an examination session.

(c) A student may not enter an examination room before being given permission to do so by a supervisor, or thirty (30) minutes after the commencement of the writing time for the examination.

(d) No student may leave the examination room before the expiry of thirty (30) minutes from the commencement of writing time or after the ten-minute warning given by a supervisor before the end of the examination.

(e) A person, whether a student or not, who is given permission to enter or leave an examination room shall comply with all conditions on which the permission is given.

(f) A student shall not, except with the explicit permission of the unit assessor, bring into an examination room anything whatsoever which conveys or is capable of conveying information concerning or otherwise has reference to any unit, or is such that it may reasonably give rise to suspicion that it is capable of conveying information concerning or of having reference to any unit or that it was intended by the student so to do. It is immaterial that the subject matter of the material is not one to which the examination relates. It shall be sufficient answer to any alleged breach of this Rule if the student establishes that anything brought into an examination room was brought in with the permission of the supervisor, or, forthwith upon entering the room, deposited with a supervisor or at a place designated for the deposit of such things.

(g) A student whose first language is not English, with the written approval of the relevant Head of School, may use a standard translation dictionary where the examination is set in English. The written approval and the dictionary must be shown to the supervisor prior to commencement of the examination.

(h) Except with the approval of the supervisor, a student shall not during an examination session communicate with any other person except a supervisor, the unit assessor or other person authorised by the relevant Head of School, or assist any other person to communicate with another person, or willingly receive a communication from any person other than a supervisor, the unit assessor or the relevant Head of School.

(i) Students shall bring into the examination room their student identification card or any other photo identification card.

(j) A student for an examination shall, upon entering an examination room, proceed without delay to the place the student is directed to occupy for that examination by a supervisor or by notice or other means, and shall not leave that place except with the permission or by the direction of a supervisor. A supervisor may at any time direct a student to leave any such place and to occupy another place specified by the supervisor, and a student shall without delay comply with any such direction.

(k) A student shall comply with all directions to students set forth on a writing book or other examination material supplied or set out on any notice displayed in the examination room, and shall without delay comply with directions given by a supervisor.
A supervisor need not give a student a reason for any direction or requirements given or made to the student.

(l) All examinations must be answered during the examination session in the student’s own handwriting, unless alternative arrangements have been made through registration and consultation with the Disability Liaison Officer.

(m) A student shall not remove from the examination room any worked script or paper provided for use during the course of the examination, or other material the property of the University unless permitted by the supervisor.

(n) A supervisor may:

(i) require any person present in the examination room to show by such means as the supervisor may specify and as are appropriate to the circumstances, that the person is not in possession of any unauthorised material as specified in Rule 3.7(f) or that the person is not committing or attempting to commit or has not committed a breach of any other Rule relating to the conduct of examinations;

(ii) if the supervisor considers that unauthorised material has been brought into the examination room, confiscate such material and submit it with a report to the Director of Student Services;

(iii) ask any person in the examination room any question relating to the conduct of the examination or to that or another person’s behaviour while in the examination room.

(o) A person present in the examination room shall comply with any such requirements or answer any question so asked. If the person fails so to do, the supervisor may require the person to leave the examination room.

(p) If, in the opinion of a supervisor, a student’s behaviour is such as to disturb or distract any other student, the supervisor may require the person to leave the examination room. A supervisor shall have and may exercise all such powers as are reasonably necessary to ensure the proper and efficient conduct of the examination.

(q) If a person who is required by a supervisor to leave the examination room fails to do so forthwith, the permission given to be on the premises of which the examination room forms part shall be deemed to be withdrawn and the person may be dealt with accordingly.

(r) A student of the University who commits a breach of any part contained within Rule 3.7 shall be guilty of misconduct for the purposes of the Student Conduct Rules and shall be liable accordingly. If not a student of the University, the examination result may be cancelled by the Chair of the Academic Board after such inquiry as the Chair deems appropriate to the case.

(s) A student shall not cheat nor attempt to cheat in an examination. Cheating is defined as any behaviour by a student in relation to an examination that is intended to defeat the purposes of the examination.

(t) A person, whether a student or not, shall not do anything intended to assist any other person sitting for an examination to cheat or otherwise defeat the purposes of the examination.

(u) A supervisor who suspects a student of cheating or acting dishonestly or unfairly, or of assisting another student to cheat or act dishonestly or unfairly, in connection with an examination, may require the student to surrender any book, paper or other material which the supervisor suspects has been or is being used by the student for such purpose.
purpose and the student shall comply with any such requirement.

(v) After surrender of any book, paper or other material in accordance with Rule 3.7(t), the student may be permitted to continue the examination.

(w) A supervisor who suspects a student of a breach of Rule 3.7(r) and/or Rule 3.7(s) shall, as soon as practicable, submit a written report of the circumstances of the alleged breach, together with any book, paper or other material surrendered in accordance with Rule 3.7(t), to the Director of Student Services who shall either:

(i) in the case of a student of the University, advise the relevant Head of School who shall deal with the matter in accordance with the Student Conduct Rules and advise the outcome to the Director of Student Services; or

(ii) in the case of other persons, determine the action to be taken.

3.8 Grading Categories

(a) The assessment mode for a unit may be either graded or ungraded, as specified in the unit statement.

(b) A student who satisfactorily completes a graded unit shall be awarded a grade of High Distinction, Distinction, Credit, Pass or Terminating Pass. A student who satisfactorily completes an ungraded unit shall be given a notation of Satisfied Requirements. A student who does not satisfactorily complete either a graded or an ungraded unit shall be given the grade of Fail or the interim notation of Incomplete or Special Examination or Not Available.

(c) For year-long units, the assessment notation applicable in the first study period shall be Continuing Unit. The assessment grade or notation applicable in the second study period shall be as specified in Rule 3.8(b).

(d) For Thesis/Project units, the assessment notation at the end of each study period, until such time as the unit is successfully completed, is Continuing Unit. A Thesis Submitted notation shall be given when the student has submitted a thesis for assessment. Upon completion of the assessment process, an appropriate grade will be entered on the student's record.

3.9 Use of Terminating Pass and the Interim Notations of "Incomplete" and "Not Available"

(a) Terminating Pass may be used where a unit assessor judges that a student fulfils the requirements of a unit but is not capable of progressing further in units for which that unit is a pre-requisite.

(b) Incomplete may be used:

(i) where the unit assessor requires further evidence to award a grade;

(ii) where a student's final grade, submitted by the unit assessor, was questioned at the Board of Assessor's review of assessment and the required clarification was not available by the time of issuing of results;

(iii) where special consideration has been awarded and where an extension has been granted beyond the due date of finalisation of grades (refer to Rule 3.5(a) (viii)).

(c) Not Available may be used either where a student has completed a practicum but the report has not been returned to the unit assessor from the school, hospital or supervisor, or where the student has submitted or completed all assessment tasks but a grade has not been determined in time for the submission of final grades.

(d) An Interim Notation (Incomplete or Not Available) shall be converted to a grade as soon as possible, and by no
later than the next relevant Board of Assessors meeting. If the interim notation is not converted by that time, a Fail shall be recorded unless recommended otherwise by the Executive Dean.

3.10 Graded Units - Percentages and Distribution
(a) The following scale of equivalence of grades to percentage marks shall normally apply:

- High Distinction 85 and above
- Distinction 75-84
- Credit 65-74
- Pass 50-64
- Fail Below 50

(b) In determining the final grades for students in a unit, a Board of Assessors shall seek justification from the unit assessor in such instances as where the percentage of High Distinctions and Distinctions combined for the unit exceeds 20 per cent or where the percentage of Fails exceeds 20 per cent.

3.11 Grade Point Average
The Grade Point Average (GPA) is a simple numerical index which summarises a student's academic performance in a course in a single study period or over the duration of the student's enrolment in the course. The GPA is recorded on a student's Statement of Academic Record/Transcript and Notification of Assessment. The GPA is calculated as:

\[
\frac{\sum (\text{Grade Point} \times \text{Credit Value})}{\sum \text{(Credit Value)}}
\]

Grade points are assigned to graded units where High Distinction = 7, Distinction = 6, Credit = 5, Pass = 4, Terminating Pass = 3, Fail = 0. Non-graded units, interim notations and advanced standing are not included in grade point average calculations.

Credit value is the number of points awarded for the completion of a study package.

3.12 Processing Schedules for Final Grades
(a) By the first day of each study period, the relevant Head of School shall supply to the Director of Student Services a schedule of units for which a grade is to be submitted, together with the names of the unit assessors.

(b) As soon as possible after the final date for withdrawal without fail, the Director of Student Services shall supply to each unit assessor a list of students' names for whom a final grade is required in each unit.

(c) Recommended final grades shall be entered on the list referred to in 3.12(b) and submitted to the Director of Student Services in a sealed envelope or handed in personally.

(d) Following receipt of recommended final grades by the Director of Student Services, unit lists showing each student's grade shall be produced and distributed to unit assessors before meetings of Boards of Assessors. Unit assessors shall check that the grades shown are correct. Any incorrect grades shall be corrected at the Board of Assessors meeting.

(e) The Board of Assessors shall consider the grades recommended for each student and shall determine the student's final grade in each unit, provided always that:

(i) the Board of Assessors, before determining such final grades, may refer for advice the recommended grades to a meeting of such assessors as the Board may determine;

(ii) the Board of Assessors may determine a grade different from that recommended by a unit assessor after advice to that unit assessor of the intended variation and after consideration of any matters which that unit assessor
may wish to place before the Board;

(iii) with the approval of the Board of Assessors, the relevant Head of School may confirm grades executively.

(f) A grade determined by the Board of Assessors may be altered by the relevant Head of School after consultation with the unit assessor concerned:

(i) to correct a patent error; or

(ii) to make a grade accord with the grade which the Head of School and unit assessor are satisfied would have been confirmed or made by the Board of Assessors if it had considered relevant circumstances which were not considered by it;

(iii) any such variation shall be notified to the Director of Student Services for forwarding to the student and such variation shall be reported with reasons to the Divisional Board for noting at its next meeting.

(g) A final grade may be altered by the relevant Head of School, after consultation with the Unit Assessor, within 12 months of the last day of the study period in which a student was enrolled in the unit. The relevant Executive Dean may approve a variation to grade older than 12 months if it can be demonstrated that special circumstances applied to prevent completion of the unit requirements. Special circumstances apply if they:

(i) were such that it was impracticable for the student to complete the requirements within the specified time frame.

(h) The relevant Head of School shall certify to the Director of Student Services:

(i) the final grades in respect of each student after all authorities have carried out and exercised any power given to them under these Rules;

(ii) the names of any students who have qualified for Honours and the class of Honours for which they have qualified.

(i) After certification of final grades, the grades shall be released to the student by the Director of Student Services in a form and at a time determined by the Director of Student Services.

(j) Where a student has taken a special examination, the unit assessor concerned shall normally submit to the relevant Head of School within ten (10) working days of receiving the examination script a grade for the unit, which the Head of School may confirm executively.

3.13 Student Query of Assessment Results other than Final Grades

Where a student considers that the assessed work for an individual assessment task has been unfairly or inappropriately assessed, the student or nominee shall follow the process below, taking step (a) normally within five (5) working days of notification of the result in that assessment task:

(a) contact the unit assessor to discuss the matter;

(b) if dissatisfied with the result of the discussion in (a) above, contact the course coordinator for further discussion;
(c) if dissatisfied with the result of the discussion in (b) above, query the final grade under Rule 3.14.

A query of a grade shall be made in writing to the relevant Head of School within ten (10) working days of the date of formal notification of the grade to the student. If, as a result of such query, it is deemed appropriate to vary the grade, the Head of School may make such variation in accordance with Rule 3.12(f).

(b) The Head of School shall formally notify the Director of Student Services and the student in writing, normally within ten (10) working days of the outcome of the query of a final grade.

(vi) the assessment process as detailed in the unit statement, and any subsequent amendment made in accordance with Rule 3.2, not being followed;
(vii) where additional evidence for special consideration can be provided, or where procedures for consideration of an application for special consideration were not properly followed.

(b) An appeal made under this Rule shall be lodged with the Secretary, Academic Board Appeals Committee, within ten (10) working days of the date of formal notification of the Head of School’s determination.

(c) An appeal cannot be made on the basis of the absence of one or more items specified in Rule 3.1(b) from a unit statement.

3.16 Additional Detail on Student Performance

(a) After the final grades in a unit have been released, a student may request the unit assessor to provide more detail concerning the student’s performance. Any such request made within six (6) months of the release of the relevant grade shall be complied with by the relevant unit assessor.

(b) After a period of six (6) months following the release of the final grades in a unit, any piece of work related to assessment tasks for that unit, including examination scripts, which have not previously been returned to students may be destroyed and details on performance need not be provided.

3.17 Plagiarism

(a) Plagiarism is defined as the act of taking and using another’s work, including unattributed material in whatever form and from whatever source, as one’s own. For the purpose of this Rule, any of the following acts constitute plagiarism unless the work is acknowledged:

If satisfied that plagiarism has occurred the Head of School shall either impose a penalty or refer the matter to the Student Disciplinary Committee.
(e) The Head of School may impose a penalty of:
(i) the award of a mark of zero for the item of assessment in which the plagiarism occurred, or
(ii) failure or cancellation or refusal of credit for the unit in which the plagiarism occurred.
(f) An appeal against a penalty imposed by a Head of School shall be made in writing to the relevant Executive Dean of Division within 14 days after the student has been notified of the penalty. The decision of the Executive Dean shall be final in such a case.

(g) In the case of a serious offence, the Head of School shall report the matter as soon as practicable to the Student Disciplinary Committee.
(h) An appeal against a penalty imposed by the Student Disciplinary Committee shall be made in writing to the Appeals Committee of Council within 14 days after the decision appealed against has been notified to the student. The right of appeal shall lapse if not so exercised within that period.

3.18 Cancellation or Postponement of Assessment Tasks

If the Chair of the Academic Board is satisfied that by reason of exceptional circumstances it is necessary to cancel or postpone an assessment task of which notice has been duly given to students enrolled for a unit, the Chair of the Academic Board may cancel or postpone that assessment task and, in that event, may give such directions as the Chair considers necessary or desirable as a consequence of the cancellation or postponement.

‘Class’ includes a lecture, seminar, tutorial or other related activity.

‘Enrolment’ includes both the first enrolment of a student and all subsequent enrolments.

‘Full-time’ means a study load of at least 0.375 as at the census date for the relevant study period.

‘Part-time’ means a study load of less than 0.375 as at the census date for the relevant study period.

‘External’ means enrolment in only an external unit or units in the current study period.

‘Internal’ means enrolment in at least one internal unit in the current study period.

‘Reinstatement date’ has the same meaning as ‘Census Date’.

‘Study period’ means a semester, trimester, session or other period so designated.

2. Fees to be Paid

(a) All students shall pay the applicable fees and charges as set out in the Schedules.

(b) Fees and charges paid prior to due dates will be based on intended enrolment as stated in the enrolment instructions. The Director of Student Services shall calculate monies owing by the student or the University and require payment or authorise a refund, as necessary.

(c) Fees payable in accordance with Parts 1, 2 and 3 of the Schedule shall be levied each study period on the basis of the student’s enrolment, or intended enrolment, for that study period.

3. Time for Payment

(a) Unless the Director of Student Services otherwise directs, fees listed in Parts 1, 2 and 3 of the Schedule, shall be paid on or before the date, determined by the Director of Student Services, for the relevant study period.

(b) Payment of the prescribed fees is a pre-requisite to the confirmation of an enrolment by the University.

4. Director of Student Services Powers if Fees Unpaid

(a) If any fees (including special or administrative charges) payable by a student remain unpaid after the date determined in accordance with sub-clause 3(a), the Director of Student Services may sanction, cancel or refuse the student’s enrolment in a course or unit at any time thereafter.

(b) A student, whose enrolment has been cancelled or refused, may be reinstated or allowed upon payment of all outstanding fees and administrative charges before the final date for reinstatement.

(c) A student, whose enrolment remains cancelled or refused after the final date
for reinstatement, or whose enrolment is cancelled pursuant to Rule 6:

(i) shall not be enrolled for any unit or course, unless and until the Director of Student Services in special circumstances has otherwise permitted, and that person has complied with any condition which may in the absolute discretion of the Director of Student Services be imposed; and

(ii) shall not attend any class or be entitled to sit for any examinations or be awarded any assessment grade; and

(iii) shall, unless the Director of Student Services otherwise directs, remain liable for any administrative charges imposed prior to the date of the notice of cancellation, but may at the discretion of the Director of Student Services be granted a refund of any amount which may have been paid in excess thereof.

5. Refund of Fees

Subject to any relevant provisions in the schedules, where the Director of Student Services receives from the student proper written notice of withdrawal from a course or unit or variation of enrolment, a refund of fees, in whole or in part, may be authorised at the discretion of the Director of Student Services.

6. Special Cases to Be Determined by the Director of Student Services

In any case in which by reason of special circumstances the fee to be paid, the time when a fee is payable, or any other matter necessary to be determined in order to enable the application of these Rules to that case, is not specifically provided for in these Rules, the Director of Student Services shall have authority to decide any question necessary to be decided in order to determine the matter.

Welcome from the Chancellor

The Council of Southern Cross University is proud to present to you the 2005 Calendar. This publication provides comprehensive information about the University's structure, governance and legal framework.

Southern Cross University continues to provide opportunities for high quality university education. Our vision is to be a dynamic learning community recognised for distinctive achievements in teaching and research taking a leading role in supporting regional development, throughout Australia and internationally.

In its 10 years of operation, one of Southern Cross University's hallmarks has been its innovative and flexible approach in the delivery of quality educational courses and services to its students. We are a new University of a comparatively small size which means we offer a much lower student/lecturer ratio than most other institutions. Our research is regionally and internationally recognised.

The Council and the Executive of the University, through the major strategic planning process will continue to focus on research efforts; to strive for excellence in teaching and research; and to continue to develop distinctive programs relevant to the needs of the region in eastern Australia and our global location, particularly in the Asia/Pacific region.

On behalf of the Council of the University, I welcome you to our community.

The Honourable Justice John Dowd AO
Chancellor

Note:
The 2005 Calendar provides detailed information about the University's structure, governance, and legal framework. The Calendar has been compiled based on information available at the time of publication. The Calendar complements the 2005 Student Handbook that is made available to all staff and students. Research Scholarships and Research Support Scholarships

Conditions of Award

1. Eligibility for Scholarship

To qualify for a scholarship, applicants should hold or expect to complete, within two months of the closing date for applications, a degree or other qualification which, in the opinion of the Scholarships Sub-Committee, is equivalent to a degree.

2. Closing Date for Applications

Applications shall close with the Graduate Research College on 31st May and 31st October each year.

3. Duration of Scholarship

In the case of a Masters candidate the scholarship may be held for a maximum of one year; and in the case of a PhD candidate the scholarship may be held for a maximum of three years provided that, in the case of a Masters or PhD candidate, an extension of a scholarship for one further period of up to six months, to be sought before the end of the period of scholarship, may be granted at the discretion of the Scholarships Sub-Committee. Applications for an extension will only be considered:

   a) where the research has been delayed due to circumstances beyond the awardee's control and where the delay is related to the research rather than being of a personal nature, or
   b) where progress has been satisfactory and where, in the view of the Committee, it would serve the interests of the University better to commit funds to an extension of an existing scholarship rather than to a new scholarship. In this case the Committee will need particularly to be convinced that completion is achievable before the scholarship extension runs out.

The award will cease on expiry of the award or two weeks after submission of the thesis, whichever occurs first. However, if the award has not expired, it may be re-instated, upon the work being returned to the candidate for amendment, and continued until it either reaches that limit or the thesis is re-submitted, whichever occurs first. Periods of study already undertaken towards the degree or undertaken during suspension of the award will be deducted from the period of tenure.

4. Mode of Study

Scholarship holders will be required to pursue their course of study on a full-time basis, and may not engage in any academic course of study leading to a qualification which is not an essential part of their research programme.

5. Allowances

Research awards and research support awards shall carry a stipend and other allowances outlined in a schedule of benefits available from the Graduate Research College.

6. Other Awards

Scholarship holders may not hold a research award or support award concurrently with any other award, without the approval of the Pro Vice-Chancellor (Research).

7. Employment

(a) Scholarship holders may be appointed to undertake casual teaching or other duties equivalent to not more than 20% of the normal teaching load of a Level A academic.

(b) A scholarship holder must not undertake any further form of employment during the term of the scholarship except with the approval of the principal supervisor, the School Director of Postgraduate Studies and Research or College director and the Pro Vice-Chancellor (Research).

8. Leave

Scholars are entitled to 20 days paid recreation leave a year calculated on a pro-rata basis. No more than 20 days recreation leave may be accumulated and leave must be taken during the tenure of the scholarship. The principal supervisor's agreement must be obtained before leave is taken. Any other absence from studies in excess of 2 weeks must be reported to the Pro Vice-Chancellor (Research). A student who fails to do this and subsequently claims an extension to the period of scholarship as set out in Rule 3 on the grounds of unreported absence, cannot expect favourable consideration of such a request. At the discretion of the Chair of the Scholarships Sub-Committee, a scholar may have up to 3 months paid sick leave and up to 3 months paid maternity leave within the tenure of the scholarship.

9. Interruption of Scholarship

A scholar may apply for interruption to the scholarship for a period or periods of up to 12 months in total. During this period benefits are not payable and the period will be added to the tenure of the award*. Any further period of interruption will be subject to the approval of the Academic Board. Where permission for interruption is sought, scholarship holders must consult the Administrative Officer of the Graduate Research College.

* Where candidature continues part-time, the equivalent period will be deducted from the tenure of the scholarship.

10. Contact with Supervisor

A scholar is required to maintain regular contact with the supervisor. Details of supervisory provisions governing particular degrees are available from Graduate Research College.
11. Enrolment in Other Courses

A scholar who wishes to enrol in a course other than the one for which the scholarship was offered is required to submit a formal application for transfer of the scholarship to the other course through the principal supervisor and School Director of Postgraduate Studies and Research to the Chair of the Higher Degrees Committee (Research).

12. Progress Report and Renewal of Scholarship

Scholars will be required to submit two (2) progress reports each year. An unsatisfactory report may result in cancellation of the scholarship or the scholarship holder being placed on probation.

13. Conversion from Masters to PhD

Where a Masters candidature is converted to a PhD candidature, the scholarship awarded in respect of the Masters candidature will convert automatically to a PhD scholarship, from the date the Higher Degrees Committee (Research) agrees to the conversion, subject to the tenure of the upgraded scholarship being reduced by any period of candidature occurring between the commencement of the Masters tenure and the date of conversion. The total period of scholarship tenure for both Masters and PhD candidature combined will not exceed three years unless an extension is approved in accordance with the Conditions of Award.
