To all commencing and returning students, on behalf of everyone at Southern Cross University, I would like to bid you a very sincere welcome.

From modest beginnings we have grown into an institution with a fast-growing reputation in niche areas such as plant genetics and biotechnology, complementary medicine, tourism, and exercise science. We have consolidated our teaching and research profiles in environmental and applied sciences, in business, in law, and in the arts. And we will continue to respond to the changing needs of the higher education sector by regularly reviewing all of our academic programmes to ensure that they not only reflect best-practice, but that they are also relevant to industry and employer demands, and community expectations and standards.

But at Southern Cross University we don't want to just give you an education, we want to give you an experience you can treasure. That's why we've developed an extensive network of student support services to help make student life a little easier. Our library, computing and IT facilities are among the most modern in the sector; and our health care, counselling, and residential services all help smooth the passage through your studies. Student Centres are also located on each campus and are the first point of contact for students seeking information on administrative, course, or other student matters.

Obtaining an education should not be a burden: it should be a valuable and memorable experience: Southern Cross will offer you this.

Professor John Rickard

2. Course information
3. General rules (including Fees and Charges)
4. Unit information
5. Student Services and Information

Students are advised to make full use of the many comprehensive tables of content and indexes at the beginning of each section.

**Do you want to find a course?**

If you know the name of the course you are interested in.. ➔ Turn to the first page of the Course Information section (page 17) where you will find an alphabetical listing of all courses

Course details include such important information as the course code, the campus where the course is taught, its duration, course rules, and the schedule of units which need to be studied.

**Do you want to find details of individual units that form part of a course?**

If you know the name of the unit you are interested in.. ➔ Turn to the Index of unit titles on page 294

If you know the unit code and want to find details of the unit.. ➔ Turn to the Unit Descriptions by Code on page 313

Unit details include such important information as the unit code, availability information, any pre-requisites, and unit description.

Students should always take account of course and unit availability when planning their studies. Students can check the availability of both courses and units by viewing the Schedule of Units on the website www.scu.edu.au/handbook.

**Tip:** Use the abbreviated index at the back of the Student Handbook to help you find everything you want!
Do you want to find out about a particular rule?

- If the issue is general in nature relating to University policy on admissions, enrolment, assessment rules, fees and charges, then...
  
  Turn to the General Rules section of the Student Handbook on page 251

- If the issue is more course specific, and therefore may not be applicable to all courses, then...
  
  Turn to the Course Details for your course (a Course Information index is provided on page 18) where you will find details of the specific course rules.

Students are advised to refer to both the General Rules section of the Student Handbook, in conjunction with the specific course rule detailed under the relevant course entry.

Further information about University governance and rules can be found in the 2002 Calendar. The Calendar is an on-line publication and can be found at the following world-wide-web address www.scu.edu.au/calendar.

STUDENT SERVICES AND INFORMATION

This section of the Student Handbook is a comprehensive summary of student services, study information, and more general information for students. The University recognises that students require clear and concise information about the services and facilities that are available on all campuses. Wherever possible you will also be directed to sources of further information and assistance including relevant websites. For some websites you will require a log-in for MySCU (study.scu.edu.au). Refer to MySCU entry (page 449) for more details.

Students are also encouraged to refer to the University’s rules – see General Rules section of the Student Handbook.

STUDENT SERVICES

Orientation Activities
Orientation Week runs from 18–22 February 2002. Orientation features a range of information, entertainment and social events to mark the start of the new University year. The Student Organisations on all campuses will be conducting various activities including band nights, movies, campus tours, sporting and recreational activities, live entertainment and trips to local areas.

Orientation Week is your chance to meet new friends, have a great time and learn a bit about University life in general, before lectures start and the workload really sets in!

Use the following web pages to find out more about ‘O Week’ and the services and facilities on offer at Southern Cross University

www.scu.edu.au/oweek/

Further information regarding Orientation Week and the start of semester activities is available from the various Student Organisations. See Student Organisations under General Information.

SCU Connect (Computer Access)
SCU Connect provides all Southern Cross University students with access to a range of Internet and computing services both on and off campus, including:

- MySCU (your University on-line)
- Library catalogues and electronic resources
- Your SCU email address
- Internet access
- Dial-up access via our modem banks
- On campus computing labs

Once you have returned your enrolment form, you will be advised by mail of your SCU Connect username and password. You will also be supplied with all the information you need to connect to Southern Cross University. Whilst waiting for your username and password, we encourage you to visit the SCU Connect website at www.scu.edu.au/services/scuconnect for more information on services available.

If you experience any difficulty using SCU Connect, you are encouraged to contact Southern Cross University’s IT Call Centre by phone on (02) 6620 3698 or email helpdesk@scu.edu.au

ID Card Services
It is important for all students to have a student identification card (ID card). All students should obtain an ID card by Friday 1 March 2002. This card should be carried with you at all times when on campus. The card is necessary for attendance at examinations, and is required to gain library borrowing rights. The card also entitles you to numerous student discounts and benefits.

If you are near to the Lismore or Coffs Harbour campuses, you may call in at the ID Card Unit to have your photograph taken and a card produced. The ID Card Unit at the Lismore campus is located at X Block, Goodman Plaza. The Coffs Harbour ID Card Unit is located at the Students Association, under the Cafeteria, F Block. After 26 February, Coffs Harbour students requiring an ID Card may call in at Administration (A Block) on Wednesdays from 10 am – 2 pm.

If you are not local to either the Lismore or Coffs Harbour campuses, you should complete the Request for Student ID Card form (this is a tear out form in the Enrolment Guide for new students), and return with two passport size photographs. Your Student ID Card will then be forwarded to you by mail.

Student Centres
Student Centres are located on each campus and are the first point of contact for students seeking information on administrative, course, or other student matters. You can find advice and the necessary forms to complete your enrolment and other administrative processes such as paying fees or checking transport concessions. There are computing facilities to check your timetable and other personal details, and a range of university publications and guides. Student Centres are also the place to obtain and lodge Student Administration application forms and other general forms.

If you are enrolled in a unit which is being fully or partially delivered on-line, MySCU is your ‘doorway’ to your course materials. One click on a unit title and you’re in!

To access MySCU, you will need to login using a valid username and password. More information about connecting is listed above under SCU Connect or available from www.scu.edu.au/services/scuconnect

Once you have your username and password, the website for MySCU is study.scu.edu.au

**MyEnrolment**

‘MyEnrolment’ is SCU’s new on-line enrolment system to be implemented during 2002. Students will be able to conduct transactions on-line including change of address, change examination centre details if applicable, change personal details and view results. Students will have complete control over the management of these details and can immediately view any changes made. All this can be done from any computer that has access to the Internet.

During 2002 the following functions are planned for introduction:

- Change of address, examination centre
- View study plan including past, present and planned units, grades, majors and completed credit points
- Add units, options and electives
- Withdraw from units
- Change unit attendance mode (internal – v – external)
- View financial details

Further advice about these enhancements will be mailed to you.

**Accommodation**

Outgoing calls however, can be made through public telephones variously located within Colleges or through Home-Link services from residential phones.

**IT Service**

All residential rooms are provided with data connection facilities for internet and E-mail access. A connection fee of $75 applies.

**Supervision**

The residential Colleges are well supervised by on-site residential staff.

**Collegial Life**

The Colleges provide a nurturing and supportive human environment for the development and maturity of their residents. For achieving social, cultural and civic maturity the Colleges provide pastoral care and opportunities to members to take responsibility for various aspects of residential life.

**Cost of On-Campus Accommodation**

The University has kept the cost of residential accommodation at a modest level. This is to provide educational opportunities to tertiary students from a wide range of socio-economic backgrounds. The 2002 charges vary from $73 per week (5–6 bedroom unit) to $85 per week (2–
3 bedroom unit) per person for an academic year. In addition an annual deposit is payable.

**Off-Campus Accommodation in Lismore**

University Residential Services also assist in providing contacts for off-campus accommodation in Lismore. A comprehensive listing of all available town accommodation is maintained at the offices for personal perusal of potential tenants. The office at Southern Cross University’s Lismore Campus is located at Goodman Plaza.

**Off-Campus Accommodation in Coffs Harbour**

A variety of accommodation is available in the local area. A comprehensive list of available accommodation is maintained by University Residential Services at Coffs Harbour (telephone: (02) 6659 3703, fax: (02) 6659 3733).

**The Library**

The Library provides a full range of library services: books, journals, databases and full-text electronic journals, interlibrary loans and document supply, access to the Internet, and professional staff to assist students to become independent learners.

Libraries are located at the Lismore and Coffs Harbour campuses. Library services can also be accessed from the Tweed and Port Macquarie campuses.

Please note that all students are required to abide by the University’s Library rules and procedures. A copy of the Library rules can be found in the University Calendar (www.scu.edu.au/calendar).

External students can access most services via our homepage or by contacting the Library. More information is contained in the Library’s booklet *Distance Education Student Guide*, which is mailed to all external students in the first few weeks of semester or trimester. This guide is also available from the Library’s website.

STUDY INFORMATION

Charges including Student Body Fees and HECS

Most Southern Cross University students are liable for student body fees, and the Higher Education Contribution Scheme (HECS). Some students are liable for tuition fees rather than HECS. The University will invoice you for student body fees and HECS or tuition fees early in each semester. Payment of fees must be made by the due date specified on the invoice (details regarding methods of payment will be included with the invoice).

Student Body Fees

All students are liable for student body fees, regardless of whether you are enrolling in a HECS course or tuition fee course. For further information concerning fee levels, please refer to the Rules relating to Student Fees and Charges in the General Rules section.

Higher Education Contribution Scheme (HECS)

HECS was introduced by the Commonwealth Government as a way of ensuring that all students contribute to the cost of their higher education. Almost all undergraduate students at Southern Cross University are liable for HECS. For more information on HECS please refer to the booklet ‘HECS: Your Questions Answered 2002’. It is important that you read and understand the information contained in this booklet. The booklet is provided to all new students and is available at all Student Centres.

PELS information may be viewed on-line at www.hecs.gov.au/pels.html

Tuition fees

Tuition fees for postgraduate units range from $1000 to $1500 per unit (for Australian students). Tuition fees for undergraduate miscellaneous units are $700 per unit. Tuition fees are listed in the schedules - refer to the Rules relating to Student Fees and Charges.

Postgraduate Education Loans Scheme (PELS)

PELS is an interest-free loan facility for eligible students who are enrolled in fee-paying, postgraduate non-research courses. It is similar to the deferred payment arrangements available under the HECS. PELS enables eligible postgraduate students (Australian citizens or permanent residents who meet certain eligibility requirements) to obtain a loan from the Commonwealth Government to pay their tuition fees incurred from 2002 onwards. It is available for both commencing and continuing students. Students repay their loan through the taxation system once their income reaches the minimum threshold for compulsory repayment.

For more information on PELS please refer to the booklet ‘PELS: Your Questions Answered 2002’. It is important that you read and understand the information contained in this booklet. The booklet is provided to all new students and is available at all Student Centres.

PELS information may be viewed on-line at www.hecs.gov.au/pels.html

Further information may also be obtained from Student Administration telephone (02) 6620 3444.

Refund of Fees

It is important you read and understand the University Refund Policy as set out in the Rules Relating to Student Fees and Charges in the General Rules section of the Student Handbook.

Enrolling at SCU

It is the responsibility of all students to ensure that their current enrolment is accurate and completed on time. New students enrol prior to the start of semester by mail unless otherwise directed. Continuing students re-enrol for the following year in October of the current year. Re-enrolment information is generally provided to students via the mail unless otherwise directed.
Checklist for enrolment
Have you completed and returned the following:

☐ Your Enrolment Form (or Re-Enrolment Form)?

☐ Your HECS Payment Options Declaration Form? (HECS courses only)

☐ Your Request for Student ID Card form? (for students who are unable to visit the ID card unit at Lismore or Coffs Harbour campus).

You should lodge your forms by the due date specified in your enrolment package.

Changing Your Enrolment
Students who wish to change their original enrolment details (including change of name, address, or a change of units) must notify the Director, Student Administration by completing and lodging a variation form or other written advice. You may make a request to change enrolment details at any of the Student Centres. Note that deadlines apply for lodgement of Enrolment Variation and Course/Unit Withdrawal forms. These are set out in the principal dates section of the Student Handbook.

Withdrawing From a Course or Unit
Regulations relating to a course or unit withdrawal are set out in Enrolment Rules which are printed in the General Rules section of the Student Handbook (see Rules 2.6 – 2.8). All students should be familiar with these rules. Students withdrawing from a course or unit must complete a “Withdrawal Form” or provide written advice of withdrawal to avoid being automatically graded FAIL for currently enrolled unit(s). Forms are available from the Student Centre on each Campus and when completed, must be lodged at that Student Centre.

Students should take note that withdrawing from a unit or course after the designated final date for withdrawal without failure will result in an automatic grade of Fail.

Students enrolled in a HECS liable course who withdraw from a unit or units, or from a course, after the census date for a study period, will be liable for the HECS applicable for the unit/s, or course, for that study period.

Students enrolled in a fee paying course who withdraw from a unit or units, or from a course, after the start of the study period may be liable for a partial fee. Refer to the University Refund Policy set out in the Rules Relating to Student Fee and Charges.

Further Information about Enrolment Issues
– consult the relevant course and unit information in the Student Handbook;
– consult the relevant Enrolment Rules in the General Rules section of this Student Handbook;
– refer to your course summary sheets issued with enrolment packages;
– consult the appropriate Course Adviser in your School;
– consult the Enrolments Office in Student Administration, telephone (02) 6620 3444.

Attendance
Attendance at lectures and tutorials is normally a requirement for internal students. For example, some units require an eighty percent attendance in lectures and tutorials as well as a pass in assignments in order to pass the unit. Attendance at field trips and excursions may also contribute to a unit assessment. External students may need to attend an on-campus residential period as a requirement of their units. Attendance requirements are articulated in all detailed unit statements, alternatively your unit assessor can clarify.

If personal circumstances change through the semester to prevent class attendance, you should discuss the situation with your lecturer or Student Administration. Illness during semester can interfere not only with attendance at classes, but also on your capacity to study. When too much class contact is lost through protracted illness,
there may be no practical way of catching up in that semester. You should discuss your options with your School or College Office or Student Administration staff.

Text books
Text book lists are included in all unit statements and can be purchased from the Co-op Bookshop which is located at both Lismore and Coffs Harbour Campuses. Copies of required texts are also held in the University Library. Books of Readings are sometimes produced by Schools to either supplement or replace text books. Copies of these are also available in the University Library. The Co-Op Bookshop contact details are:

Advanced Standing (Credit For Previous Studies Or Experience)
Southern Cross University policy allows for the granting of advanced standing for previous post-secondary study (normally completed within the last ten years), relevant professional experience or demonstrable expertise. If you wish to apply for advanced standing towards your course, you should complete and return the Advanced Standing Application Form (available from Student Centres). It is important to apply for advanced standing as early as possible prior to the commencement of your studies. The amount of advanced standing you are granted may affect what units you can enrol in.

If you have already applied for advanced standing and have not yet been advised of the outcome, please contact the Admissions Team in Student Administration on (02) 6620 3444.

Change of Course
Students who are currently enrolled in a course at Southern Cross University may apply for a course transfer provided they have completed a minimum of one semester of full-time study, or equivalent, in their original course enrolment. However, it should be noted that course transfer is not automatic and in some instances students may be required to apply through Universities Admissions Centre (UAC) or Queensland Tertiary Admissions Centre (QTAC). Details are available from Student Administration.

Assessment
Assessment describes the various kinds of assignments, tests and examinations used at Southern Cross University. At the beginning of each semester the relevant lecturer or course coordinator will provide you with the objectives or goals of the course, the number and type of each item of work to be submitted, the assessment method(s) proposed for each item, date each item is to be submitted and other general assessment expectations and penalties. You should note the assessment requirements carefully as your success in any unit will depend upon your ability to meet the requirements of the various assessment items.

School/College policies including the conditions of and penalties for late submissions, granting of extensions, possibility of resubmission, violation of assessment specifications (eg: number of words), plagiarism and class participation (where it contributes to assessment) may be outlined in the course handout or will be available at the relevant Divisional, School or College office.

Your final grade in each unit, based upon the results of your assessment, will be posted to you at the end of each semester or trimester. The University’s rules concerning Student Assessment and Examinations are set out in the General Rules section of this Student Handbook.

Examinations
Examinations are held at the end of each semester and trimester. Not all units require examinations
so you should check carefully the assessment requirements of all the units in which you are enrolled. It is your responsibility to complete any required examinations. A draft examination timetable is normally available at least five weeks prior to the examination period. The final timetable is displayed on campus noticeboards and is mailed to external students at least two weeks before the examination period. It is your responsibility to check the details of all your examinations. Details will not be given out by telephone.

The University’s rules governing Student Assessment and Examinations are set out in the General Rules section of this Handbook.

Special Consideration and Special Examinations

The Student Assessment and Examination rules provide for students to be granted a special examination or special consideration in appropriate circumstances. In general terms, the rules provide that where a student completes an assessment task, such as an examination or assignment, and believes his/her performance or preparation was adversely affected by medical or other circumstances, that student may apply for special consideration.

A student who is unable to sit for an examination because of medical or other exceptional circumstances may apply for a special examination. Except in exceptional circumstances, where a student sits for an examination, a special examination will not subsequently be granted. Misreading the exam timetable is not grounds for a special examination.

A student may also apply for special consideration to vary the deadline for an assessment task, other than an examination.

Application forms are available from the Student Centres on each campus or from your School or College.

Review of Grades

A student who wishes to query a final assessment grade in any unit should contact the relevant Head of School or College within fourteen days of formal notification of the grade being queried. A student not satisfied with the Head’s determination, may lodge a formal appeal with the Secretary Academic Board Appeals Committee. The grounds for lodging an appeal are outlined in the Student Assessment and Examination rules. A student may also query the mark or grade awarded for a piece of assessment submitted during the semester or trimester. For further details see the General Rules section of this Handbook.

Exclusion

The Exclusion Rules, set out in the General Rules section of this Student Handbook, provide for exclusion at the discretion of the Head, on the basis of unsatisfactory progress. Students may appeal a decision of the Head within fourteen (14) days of notification of exclusion. Students may appeal a decision of the Head within fourteen (14) days of notification of exclusion. A student not satisfied with the Head’s decision with respect to this appeal may submit a further appeal to Academic Board within ten (10) days. Any appeal under the Rules may only be made on the grounds that the Rules were inappropriate or unreasonably applied, or that there were exceptional circumstances not likely to continue which contributed to unsatisfactory progress.

Periods of exclusion shall not be displayed on any academic transcript issued by the University.

Graduation

Graduation is the ceremony in which graduands of the University receive their degree or diploma testamurs from the Chancellor. After graduation, graduates are entitled to use the title and origin of their degree after their name. Graduation ceremonies are held each year in Lismore and Coffs Harbour. For further information contact the Executive Director and Vice-President (Corporate Services) Office on (02) 6620 3730.

Academic Transcripts

An academic transcript (also called Statement of Academic Record) is a copy of your academic
record to date. The transcript lists the units you have studied and all grades, including fails. It is issued without alteration or erasure. All students are entitled to one academic transcript of their academic record, without charge, upon graduation. A fee of $5.00 will be charged for all other transcripts, and will be provided on receipt of written request and appropriate payment to Student Administration.

GENERAL INFORMATION

ABSTUDY (Education Access Program)

ABSTUDY provides assistance for Australian Aboriginal and Torres Strait Islander students in a range of full-time and part-time courses, including Masters and Doctorate level.

The maximum rates vary depending upon individual circumstances. Benefits for students also include the payment of an incidentals allowance to assist with text book and equipment costs. Part-time students may also be eligible for some financial assistance.

A voluntary option under ABSTUDY is the ABSTUDY Student Financial Supplement scheme. This allows students to exchange part of their ABSTUDY grant for a loan on a $1 for $2 basis, from a minimum loan of $500 to a maximum loan of $7,000. No real rate of interest is applied. The supplement is paid fortnightly as are ABSTUDY grant payments.

Application forms for ABSTUDY are available from any Centrelink Office. Submit your application for ABSTUDY as soon as possible.

The ABSTUDY Unit in Lismore is located at the Centrelink Office, at the corner of Conway and Keen Streets, and can be contacted on 13 2317, for the cost of a local call.

ABSTUDY Pensioner Education Supplement (PES)

The Pensioner Education Supplement (PES) is free of any income test. It may be paid to some students who are eligible for ABSTUDY and are receiving a pension or certain allowances from Centrelink (formerly Department of Social Security) or a full service pension from the Department of Veteran Affairs (DVA). To be eligible for PES students must be studying at least 25% of a full-time workload.

In 2002 the Pensioner Education Supplement is $62.40 per fortnight for new applicants and $124.80 per fortnight for “maintained” students continuing in their studies from 1999.

Students with a study load of less than 50% will be paid $31.20 per fortnight. Please note, customers receiving Disability Support Pension, Invalidity Service Pension or Income Support Supplement may be eligible for a workload concession.

All rates are subject to CPI adjustment.

Further information about ABSTUDY can be obtained from the Lismore Centrelink Office, corner of Conway and Keen Streets, Lismore. Telephone enquiries can be made on 13 2317.

Alcohol

The University has a policy on the consumption of alcohol. The aim of the policy is to ensure that alcohol consumption on University premises occurs within acceptable and legal limits. The policy restricts alcohol to certain venues under certain conditions. Details of this policy may be obtained from the Finance Directorate, or the Vice-Chancellor's Office.

Austudy Payment and Youth Allowance for Students

Austudy Payment is an income support payment available to qualifying students aged 25 or older. It provides income tested assistance to full-time students who are Australian citizens and some permanent residents of Australia studying in an approved tertiary course.

Youth Allowance is a similar support payment paid to eligible 16 to 24 year olds who are undertaking full-time study in approved courses, and/or are looking for work. These young people may be eligible for rent assistance and the rules regarding the activity test allow for more flexibility in the types of activities which are acceptable. Youth Allowance is means tested against parental and family income.

The eligibility provisions for Austudy Payment and Youth Allowance for full-time students are very similar. However there are some differences in terms of rates, parental means testing, and the activity test (academic requirements). All Austudy Payment recipients are deemed
independent and are therefore not means tested against their parents’ income.

There is no away from home rate for Austudy Payment as all students over 25 years of age are deemed as independent. Rent Assistance is not available to single people who are receiving Austudy Payment. Those with children can access Rent Assistance through Family Allowance.

To be eligible for Austudy Payment or Youth Allowance, students normally need to be undertaking at least three-quarters of the normal amount of full-time study in respect of the course for the study period. Where a course is subject to HECS, students are required to have a HECS loading of at least 0.375 per semester. Where a student reduces and ceases to be undertaking a HECS load of 0.375 or more, he or she ceases to be eligible for Austudy Payment or Youth Allowance. Under very special circumstances some students are approved to study less than 75% of the full-time workload.

The maximum rates of payments vary depending on the age of the student, the level of the student’s personal and/or family income and assets, and the type of assistance applied for.

In addition, tertiary students may be eligible for a loan through the Financial Supplement Scheme of between $500 and $7000, which is paid by the Commonwealth Bank. This is a voluntary option involving the trade-in of some or all of the Austudy Payment or Youth Allowance in exchange for a loan on a $1 for $2 basis. No real rate of interest is applied and the loan is paid fortnightly like normal living allowance payments. Tertiary students ineligible for Youth Allowance due to the parental means test may be able to apply for up to $2000.

Dependent tertiary students may also be eligible for reimbursement for up to two return journeys between their parents’ and their term address if they live away from home to undertake their studies.

Students can apply for a lump sum advance loan of between $250 and $500 against their Austudy Payment or Youth Allowance entitlement. Application forms for Austudy Payment and Youth Allowance are available from any Centrelink office. Completed applications can be forwarded by mail to the following address or can be personally lodged at any Centrelink office:

Centrelink
PO Box 571
LISMORE NSW 2480

Telephone enquiries can be made on 13 2490.

Centrelink also provides a visiting service to Southern Cross University’s Lismore Campus. This service is provided during the regular teaching periods of each semester and is located within the Student Administration Office in Goodman Plaza. You can lodge application forms and carry out your other business with Centrelink at the visiting service.

**Austudy Pensioner Education Supplement (PES)**

The Pensioner Education Supplement (PES) aims to assist pensioners with the ongoing costs associated with study and is available to full-time students and those approved to undertake at least 25% of a full study load.

Plagiarism
Plagiarism is defined as reproduction and presentation of the work of others without acknowledgment and includes copying (in whole or in part) the work or data of other persons, or presenting substantial extracts from books, articles, theses, computer software, lecture notes, assignments or tapes, without due acknowledgment. All students are advised against making assessable material (assignments, etc.) available to other students, as they could then be a party to plagiarism and, as such, may be penalised as if they themselves had committed an act of plagiarism.

All students are expected to be fully conversant with the various systems of referencing. Details on the preferred referencing system for the discipline you are studying will be provided by the unit assessor.

Students should be aware that poor referencing or poor presentation of cited material is NOT plagiarism. They constitute poor academic work and will be penalised as such.

Plagiarism in Computing
The University acknowledges that there are particular difficulties in establishing plagiarism in respect of computer-based work, particularly programming. The following guidelines are intended to provide advice on how plagiarism in this area will be established:

**Definition:** Substantial copying of work from some existing or recognisable source without acknowledgment: the use of work, partial or whole, generated by another student, past or present or an external person, constitutes plagiarism with reference to computing and computer programming.

**Detection:** Plagiarism in computing may be detected by one or more of the following:

(a) similarity to other students’ submissions;
(b) sudden improvement in a student’s output within the semester without evidence of effort;
(c) sudden change in coding style;
(d) report by other student(s) or member(s) of staff;
(e) the offending party was caught in the act of copying.

Verification: Plagiarism in computing may be verified by:
(a) similarity in submitted work, e.g. similar programme structure, similar identification names and labels;
(b) lack of ability of the student to explain key aspects of the programme, especially where intricate logic is involved in the success of the coding;
(c) lack of evidence with regard to intermediate output;
(d) inconsistency in coding style within the programme;
(e) witness to the act of copying.

The Rules governing Plagiarism will apply in all cases (see rule 3.17 within General Rules section of this Handbook).

Privacy
The University must meet the privacy standards introduced under the NSW Privacy and Personal Information Protection Act 1998 (the Privacy Act). These standards direct the way public sector agencies deal with personal information.

Personal information is any information that relates to an identifiable person. As well as information that can readily identify an individual, it also includes genetic material, electronic records, video recordings and photographs.

There are twelve general principles that deal with the collection, storage, access, use and disclosure of personal information. These principles are designed to reduce the risk of misuse of personal information. They also allow individuals a reasonable degree of control about what happens to their personal information.

These principles are outlined in the brochure Privacy and Personal Information Protection NEED TO KNOW, produced by the University and available from the Student Centres on all campuses or via the University’s web site at www.scu.edu.au/policy/privacy

(b) The thesis shall consist of the candidate's own account of the work, except that in special cases work done conjointly with other persons may be accepted provided the Higher Degrees Committee (Research) is satisfied in respect of the candidate's part in the joint work.

(c) On submitting a thesis the candidate shall adduce sufficient evidence of its authenticity and originality, and to this end shall submit a written statement at the front of the thesis:
   (i) indicating which portions are original and which are not; and
   (ii) giving the sources of information if these are not adequately indicated in the thesis; and
   (iii) indicating whether, and if so to what extent, any of the material submitted, or work on which it is based, has been used in seeking another degree in the University or elsewhere.

(d) A candidate shall submit with, but separately from, the thesis a short abstract of the thesis comprising not more than 400 words and written in a form suitable for publication.

(e) A candidate may not submit as the main content of the thesis any work or material which has previously been accepted for a degree or other similar award but shall not be precluded from incorporating such work or material in the thesis, provided that the candidate indicates, generally in the preface and specifically in the notes, the work or material which has been so incorporated.

(f) The candidate may submit as supporting documents any work published by the candidate, but only if it bears on the subject of the thesis.

7.7 Thesis Submission
(a) A candidate shall, through the Principal Supervisor and School Director of Postgraduate Studies and Research, give the Graduate Research College two (2) months' written notice of intention to submit a thesis and such notice shall be accompanied by the appropriate fee, if any.

(h) Three (3) copies of the thesis for which the candidate is admitted to a Master's degree shall be deposited with the Graduate Research College in a permanent form of binding prescribed by the College. Additionally, one unbound copy shall be deposited with the University Library.

(i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.

(j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

(k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an
appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work, which in the opinion of the examiner requires clarification. Any questions and answers shall be sent to the other examiners.

(b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:

(i) The copy of the thesis deposited with the University Library will be available for consultation, loan, or copying at the discretion of the University Librarian, unless the University on the application of the candidate determines that it shall not be available until after the expiry of a period, which period shall not normally exceed two (2) years. The University Librarian shall require each user and recipient of a copy of a thesis to undertake in writing to respect the author's rights under the law relating to copyright.

(j) A candidate may, when lodging a thesis, state that the thesis contains restricted or confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, and which may be released to other persons only on the authorisation of the Pro Vice-Chancellor (Research), after consultation with the candidate and the relevant School Director of Postgraduate Studies and Research. Where the thesis contains material which the candidate considers should have restricted distribution, the Principal Supervisor, the relevant School Director of Postgraduate Studies and Research and the examiners shall be informed which parts are classified. If further precautions are required, for example, more secure transmission than registered post, costs shall be borne by the candidate.

(k) Where a candidate states that a thesis contains confidential information which the candidate does not desire to be disclosed freely, or which the candidate is not at liberty to disclose freely, the candidate may, to the extent that it is possible, place that information in an appendix to the thesis. The copy of the thesis deposited in the University Library shall have a notation, authorised by the Pro Vice-Chancellor (Research), indicating which parts of the thesis are not included because they contain confidential information, and informing the reader to contact the candidate for further information.

9.10 Examination of Thesis

(a) The Higher Degrees Committee (Research) shall appoint at least three (3) examiners of whom at least two (2) shall be external to the University. A supervisor of a thesis shall not also be an examiner. The examiners may consult with each other, but each examiner shall make a separate report and recommendation on the merit of the thesis and any other work submitted for examination. An examiner may question the candidate, through the Pro Vice-Chancellor (Research), in relation to any aspect of the work which, in the opinion of the examiner, requires clarification. Any questions and answers shall be sent to the other examiners.

(b) The examiners' reports on a thesis shall be forwarded to the School Director of Postgraduate Studies and Research for comment, who in turn shall forward them to the Principal Supervisor and the candidate for comment. The examiners' reports, together with any written comments received from the Principal Supervisor and the candidate, shall then be considered by the School Director of Postgraduate Studies and Research, who shall make a recommendation to the Higher Degrees Committee (Research).

(c) The recommendation of the School Director of Postgraduate Studies and Research, together with the reports of the
examiners and any written comments received from the Principal Supervisor and candidate, shall be considered by the Higher Degrees Committee (Research), which shall have broad discretion to seek additional input as appropriate, and which shall:

(i) recommend to the Academic Board that the candidate be admitted to a PhD degree; or

(ii) recommend to the Academic Board that candidature be terminated.

(d) Before making a recommendation to the Academic Board, the Higher Degrees Committee (Research) may require:

(i) a candidate to address any matters raised in the examiners’ reports,

(ii) a candidate to address additional issues in the thesis,

(iii) additional input to the examination process, for example, the candidate may be required to undertake a written or an oral examination of the thesis under such reasonable conditions as determined by the Higher Degrees Committee (Research); or

(iv) re-examination of the thesis within six months if full-time, or within one year if part-time.

(e) A candidate whose thesis fails re-examination, as conducted under conditions prescribed by the Higher Degrees Committee (Research), shall have candidature terminated by the Academic Board and shall not be eligible for re-enrolment in the degree in the same topic area.

9.11 Maximum Tenure, Extension, Interruption and Cancellation

(a) A candidate shall present a thesis for examination:

(i) in the case of full-time candidature, not later than four (4) years from the date of enrolment as a candidate; or

(ii) in the case of part-time candidature, not later than eight (8) years from the date of enrolment as a candidate; unless special permission for an extension of time has been granted by the Pro Vice-Chancellor (Research). Maximum time allowed to complete a course shall not include periods of approved leave of absence.

(b) The Pro Vice-Chancellor (Research), on the recommendation of the Principal Supervisor and School Director of Postgraduate Studies, may permit an extension or interruption of candidature for a period totalling no more than one (1) year.

(c) The Graduate Research Committee may on behalf of the Academic Board permit interruption beyond one year, at its discretion and on the recommendation of the Higher Degrees Committee (Research).

(d) Unless the Pro Vice-Chancellor (Research), or the Graduate Research Committee otherwise determines, a candidate shall maintain continuous enrolment until all requirements for admission to the degree have been met.

(e) A candidate or PhD qualifying student may cancel enrolment at any time by giving written notice to the Graduate Research College.

9.12 Discontinuation of Enrolment and Appeal Processes

(a) Notwithstanding other provisions in these Rules, the Graduate Research Committee may, on the recommendation of the Higher Degrees Committee (Research), and on behalf of the Academic Board, discontinue the enrolment of a candidate
in less than the maximum time allowed if the Graduate Research Committee is dissatisfied with the progress being made by the candidate.

(b) A candidate whose enrolment is discontinued under Rule 9.12(a) may appeal to the Academic Board against the discontinuation of enrolment.

(c) An appeal to the Academic Board against discontinuation of enrolment must reach the University within three (3) months of the date of notification.

(d) Candidature shall be reinstated if the appeal is successful. A maximum period of time to complete a PhD course will be determined by the Higher Degrees Committee (Research).

(e) A candidate whose appeal is unsuccessful shall have discontinuation of enrolment confirmed.

9.13 Readmission

(a) A candidate whose candidature is discontinued shall not be eligible to be readmitted until the lapse of one (1) year.

(b) A candidate readmitted shall have determined by the Higher Degrees Committee (Research) the maximum period of time in which the candidate shall be permitted to complete the course.

(c) An applicant refused readmission after a period of discontinuation of enrolment may appeal to the Academic Board against that decision.

(d) An appeal against refusal to be readmitted must reach the University within three (3) months of the date of notification.
Terminology Guide

The University reserves the right to change the content of, or withdraw, any unit which it offers. Candidates should also note that limitations on enrolment may be imposed on some units.

Information given regarding unit descriptions is correct as at 1st September, 2001. Any changes made after that date will be published from time to time. Candidates should enquire with the Academic Co-ordinator for the course in which they are enrolled for further information on unit availability.

The information provided in the unit descriptions is in the following categories.

Unit Number and Name
An individual code has been allocated to each unit or subject. This code is the key element for use in all academic documentation and records.

Pre-requisite
This indicates units which must be completed or requirements which must be satisfied before a candidate may enrol in the unit named.

The Head of the School or Director of the College offering the unit may waive a pre-requisite where it can be satisfactorily demonstrated a candidate has a background of study sufficient to undertake the unit successfully. Any candidate who considers sufficient grounds can be presented for a waiver of pre-requisite should present the case to the Head of School/Director of College concerned or nominee.

Co-requisite
Co-requisites must be completed in conjunction with or prior to the unit named. Any candidate who feels sufficient grounds can be presented for a waiver of a co-requisite should present the case to the Head of School/Director of College concerned or nominee.

Anti-requisite
Means a specified unit that is deemed to have content that is too much in common with another unit, thereby prohibiting enrolment in the other unit either concurrently with the specified unit, or where the specified unit has been successfully completed.

Semester/Term When Unit Offered
Indicates the semester, trimester or term when a unit is offered (see also, Principal Dates entry in this Handbook).

S1 Autumn, or first semester of the year
S2 Spring, or second semester of the year
FY (Full Year) An enrolment across both S1 and S2
ST (Summer Term) An enrolment period between S2 and S1 of the following year
T1 Trimester 1
T2 Trimester 2
T3 Trimester 3

Attendance Mode
“Internal” means enrolment in at least one internal unit in the current year.
“External” means enrolment in only an external unit or units in the current year.
“Online” means enrolment in a unit offered largely or entirely over the Web.

Annual Course Load

Most units offered by Southern Cross University are of equal value, a full-time study load for one year being eight (8) units. However, some variations to this policy exist in terms of full-year units, units taught in courses offered on a trimester basis, and some units in the Bachelor of Laws.

Students requiring the exact weighting for any unit should contact their School Office or the Student Administration Directorate for advice.

*S2* ♦ *Int* ♦ *CH* ♦ *MIT*  
*Pre-requisite/s: ISY00300 Principles of Educational Multimedia*  
Introduces the importance of design as the foundation of successful software products. In the field of educational multimedia, the essential elements of design are based on the processes of Instructional Systems Design (ISD). This unit examines both traditional and modern theories of ISD in relation to the essential characteristics of effective educational multimedia product.
Creating successful educational multimedia products depends largely on the integrity of project management, linked to the utilisation of traditional management tools and practices in association with conditions specific to multimedia environments. This unit examines both traditional and current practices of software development and management in relation to the requirements determined through Instructional Systems Development (ISD) methods. Students will examine factors such as financing of projects, costing of projects, project activities and setting milestones as well as reviewing progress and reporting.

Evaluation of education multimedia is critical in terms of both the operational integrity and instructional effectiveness of the application. This unit examines the definition and analysis of evaluation criteria in the context of educational multimedia, with students actively participating in the evaluation process.

Creating functional educational multimedia products requires that the processing structures of the software are both efficient and maintainable. This unit provides students with an introduction to the essential elements of logic diagrams, structured design, reusable objects and efficient development in the context of software to promote teaching and learning. Students will use state-of-the-art web development tools to create a range of multimedia projects.

With the increased demand for quality educational products for presentation, desktop and Internet delivery, this unit extends the skills of students to incorporate standard software development techniques into the creation of multimedia applications. The unit will also require students to work in teams to create multimedia products through problem-based approaches to teaching and learning.

Interactivity is often touted as a fundamental component of successful educational multimedia applications, however it is complex to design and can be difficult to implement. This unit provides students with the skills to analyse different levels of interactivity in educational multimedia applications and introduces a method by which to design and implement a highly interactive educational multimedia application. The unit also provides an introduction to the various delivery options available for educational multimedia products.

The University will not accept responsibility if official correspondence fails to reach a student who has not notified the Director of Student Administration of a change of address.

2.6 Variation of Enrolment

(a) A student may, by giving notice in writing to the Director of Student Administration, and with the approval of the relevant Head of School, vary an enrolment by adding or deleting units on the student's study plan.

(b) Except in special circumstances approved by the relevant Head of School, a student may not add a unit to an approved study plan after the end of the second week of a study period. Final approval of any additions permitted after that date will be subject to the payment of a prescribed administrative charge.

(c) A student who withdraws from a unit before the relevant census date shall have the enrolment in that unit deleted from the student's academic record.

(d) A student who withdraws from a unit after the census date but before the expiration of two-thirds (2/3) of the specified study period shall have a Withdrawn notation for that unit recorded on the student's academic record.

(e) Unless the relevant Head of School approves otherwise, a student who withdraws from a unit after the expiration of two-thirds (2/3) of the specified study period shall have a
grade of Fail for that unit recorded on the student's academic record.

2.7 Leave of Absence for a Specified Period
(a) A student may, by giving notice in writing to the Director of Student Administration, take leave of absence for a specified period of up to one (1) year. A student may be granted more than one period of leave of absence, but the total period of leave of absence shall not normally exceed two (2) years. Leave of absence for a period in excess of one (1) year, requires approval by the relevant Head of School.

(b) A student granted leave of absence for a specified period shall be treated as having withdrawn from the course and from any enrolled units of study in the study period in which the student commences the leave. The student's academic record shall be amended as appropriate (see Rule 2.6).

(c) Leave of absence shall not normally be granted until a student has completed the requirements for at least one unit.

(d) A student resuming studies after a period of approved leave of absence shall be subject to the award Rules in operation at the time of resumption and shall be required to re-enrol as directed by the Director of Student Administration.

(e) A student who fails to re-enrol as directed after a period of approved leave of absence shall be treated as prescribed in Rule 2.9(a).

(f) Periods of leave of absence shall not be counted as part of the period for completion of a coursework award course (see Rule 2.15).

2.8 Withdrawal from a Course
(a) A student who does not wish to continue to be enrolled in a course may, by giving notice in writing to the Director of Student Administration, withdraw from the course.

(b) A student who, having withdrawn from a course, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

2.9 Failure to Re-enrol
(a) A student who fails to re-enrol shall be regarded as having abandoned the course.

(b) A student who, having failed to re-enrol, subsequently wishes to be readmitted to the course shall comply with the requirements for admission as prescribed in Rule 2.1.

2.10 Exclusion
(a) The grounds for exclusion shall normally be:

(i) failure in 50 per cent or more of unit load during each of the previous two (2) study periods in which the student was enrolled; or

(ii) failure to satisfy professional experience or compulsory fieldwork requirements affecting professional competency, such that the student is deemed by the relevant Head of School to be unsuitable to continue in the course.

(b) At the end of each year, upon notification of final grades, the Director of Student Administration shall provide Heads of Schools with a list of those students whose academic performance provides grounds for exclusion. A Head of School may at any other time exercise discretion in seeking a list of students whose academic performance provides grounds for exclusion.

(c) A Head of School shall review the academic performance of those students who meet any of the grounds for exclusion, and shall within five (5) working days make a determination that:

(i) the student be allowed to continue; or
(ii) the student be allowed to continue with specified conditions; or
(iii) the student be excluded for a specified period; or
(iv) the student be excluded permanently.

(d) The Head of School's decision shall within a further five (5) working days be notified in writing to the student by the Director of Student Administration. The notification shall include:

(i) specification of the grounds for exclusion, or of any conditions placed upon continuing in the course,
(ii) an indication of the student's right of appeal against the decision, and
(iii) details of the appeals process.

(e) A student may request the Head of School to review the decision. This request, stating clearly the reasons for a review, must be submitted in writing to the Head within ten (10) working days of notification of exclusion. The Head shall review the decision and advise the student in writing of the outcome of this review within ten (10) working days of receipt of the request.

(f) Where a student is not satisfied with the outcome of the Head's decision, an appeal may be made to the Academic Board within ten (10) working days of the date on which the Head writes to the student about the outcome of the review. A late appeal may be received at the discretion of the Chair of the Academic Board.

(g) An appeal to the Academic Board may only be made on the grounds that Rule 2.10(c) was inappropriately or unreasonably applied, or that there were exceptional circumstances not likely to continue which contributed to poor academic performance. A decision of the Academic Board Appeals Committee shall be final.

(h) An application for readmission following exclusion must be made on the prescribed form to the Director of Student Administration. An application may be made prior to expiration of a period of exclusion, but readmission will not be permitted until expiration of the period of exclusion. Readmission is not automatic, and applicants for readmission shall comply with the requirements for admission as prescribed in Rule 2.1.

(i) Where a student has been readmitted after having served a period of exclusion, only those units undertaken after readmission shall be taken into account when considering grounds for exclusion at any future date.

(j) Where a student has transferred from one course to another, only units taken as part of the new course shall be taken into account when considering grounds for exclusion.

(k) Periods of exclusion shall not be displayed on any academic transcript issued by the University.
2.11 Readmission after Expulsion from the University
A student who has been expelled from the University as a result of student conduct proceedings and who subsequently wishes to be readmitted to the University shall not be readmitted except with the permission of the University Council.

2.12 Internal Course Transfer
(a) A student who is currently enrolled and who has completed at least the equivalent of one full-time study period may apply in writing to the Director of Student Administration for an internal course transfer.

(b) The applicant shall be assessed on the basis of previous entry qualifications and performance in University studies. An applicant must normally obtain the rank required for selection to the preferred course in the most recent admission period in order to be eligible for consideration for an internal course transfer. In exceptional circumstances, any additional relevant supporting documentation may be taken into account.

(c) An internal course transfer shall require the approval of the Head of School to which the student seeks to transfer.

2.13 Requirements for Coursework Awards
(a) Unless the Academic Board determines otherwise:
   (i) a candidate for a Master's degree by coursework shall complete the equivalent of either twelve (12) or eight (8) units, as detailed in the specific award Rules;

(b) Additional requirements may be prescribed in the specific award Rules.

2.14 Completion of a Unit
A student shall be deemed to have completed a unit when either:
(a) a grade indicating satisfactory completion of the unit has been attained as prescribed in Rule 3.8(b), or
(b) advanced standing has been granted in that unit.

2.15 Duration of Coursework Award Courses
Unless a School Board otherwise determines, a candidate for a:
(a) forty (40) unit or thirty-six (36) unit award shall normally complete the course in not more than 15 years;
(b) thirty-two (32) unit award shall normally complete the course in not more than 10 years;
(c) twenty-four (24) unit award shall normally complete the course in not more than 8 years;
(d) sixteen (16) unit award shall normally complete the course in not more than 6 years;

3. Coursework Awards: Student Assessment and Examinations

3.1 Assessment Information in Unit Statements

(a) The unit assessor during the first two weeks of each study period shall make available to all students enrolled in that unit and shall lodge with the Library a unit statement which shall contain details of the aims, objectives, syllabus, prescribed texts and materials, recommended reference material, student assessment requirements and the intended distribution of student load.

(b) The unit statement shall normally include at least the following information about student assessment:

(i) a description of each assessment task, including information such as length and format;
(ii) the relation of each assessment task to the unit objectives;
(iii) the weighting of each assessment task towards the final grade;
(iv) whether a pass in the unit requires an overall mark of 50 per cent, or whether there are components of the assessment which must be completed at a specified level for the unit to be completed satisfactorily;
(v) whether contributions to tutorial or seminar discussions will be taken into account and, if so, how such contributions will be assessed;
(vi) identification of any assessment task that must be completed to pass the unit but which does not count towards the final grade;
(vii) in units where assessment tasks and requirements are negotiable between lecturers and students, the processes and timelines for the completion of negotiations;
(viii) due dates for submission or completion of each assessment task and penalties which may be applied for late submission;
(ix) the mode of grading (that is, whether graded or ungraded - see Rule 8(a));
(x) a statement concerning time-lines for the return of marked assignments.
(xi) a statement of the criteria against which performance in assessment tasks will be judged.

3.2 Amendments to Assessment Requirements

Any amendment to the assessment requirements presented to students in a unit statement shall be announced in class sessions, displayed on noticeboards designated by the relevant School and sent in writing to external students. Unless the relevant Head of School approves otherwise, no such amendments, other than an extension of the due date of an assessment task, shall be made or notified after the conclusion of the sixth teaching week of a semester or trimester.

3.3 Assessment Provision for Students with Disabilities

(a) This Rule refers to the conditions under which variations to assessment tasks or
requirements may be made to accommodate the needs of students with disabilities. Such variations may include, for example, the method of completing assignments or recording answers, a lengthening of the time taken over a test or examination, the venue for tests or an examination, the provision of sound amplification or of large print for test or examination papers, and the provision of particular furniture requirements. The onus is on a student with a disability who wishes to seek variations to assessment tasks or requirements to bring this matter to the attention of the Disabilities Liaison Officer in accordance with the University's "Policy on Academic Adjustments for Students with Disabilities".

(b) Procedures for students registered under the "Policy on Academic Adjustments for Students with Disabilities" as having a disability shall be those specified in that Policy. Once a determination is made under the Policy concerning variations to assessment tasks or requirements for a student with a disability, these variations shall be available throughout the period of enrolment unless changed in accordance with the Policy.

(c) All students with disabilities who are not registered under the Policy and who seek accommodation for a disability must contact the Disabilities Liaison Officer. An application for a special examination or special consideration in a unit does not relieve the student of this onus.

3.4 Grounds for Special Consideration

(a) Requests for special consideration in relation to assessment tasks shall only be considered on the following grounds: health, compassionate circumstances, serious unforeseen personal events, selection in State, national or international sporting or cultural events.

(b) For consideration on health grounds, the following information in relation to a student's condition shall be required from a registered health practitioner: (i) the date or dates on which the student was examined; and (ii) a specific statement of the practitioner's opinion of the effect of the complaint or treatment on the student's ability to complete the assessment task. Requests that do not contain this information will not be considered. The unit assessor, or Head of School, as appropriate under Rule 3.5, may, with written permission by the student, seek further clarification from the relevant registered health practitioner concerning the extent to which a complaint or treatment may affect the student's ability to complete the assessment task. A registered health practitioner means a health practitioner registered as a provider under Medicare or a private health fund, together with such other health practitioners as the University may determine from time to time.

(c) For consideration on grounds of compassionate circumstances or serious unforeseen personal events, a student shall provide factual details of the circumstances or events, together with such corroborative evidence as may support the student's application. In this context "serious unforeseen personal events" refer normally to events which are outside the student's control to prevent or overcome.

(d) For consideration on grounds of selection in State, national or international sporting or cultural events, a student shall provide a statement signed by an authorised officer of the appropriate organisation which validates a conflict with the University's timetable.

(e) Misreading the due date for any assessment task, including misreading
the examination timetable, is not a
ground for special consideration.

3.5 Types of Special Consideration

(a) Variation of the due date for an
assessment task, other than an
examination

(i) Requests for this type of special
consideration shall comply with
the conditions and requirements
as set out in Rule 3.4 and shall be
submitted on the University's
prescribed form of application.

(ii) Requests shall be submitted to the
unit assessor as soon as possible
before the due date of the
submission of the assessment
task.

(iii) Requests to bring forward the due
date for an assessment task, other
than an examination, shall be
submitted to the unit assessor in
sufficient time for alternative
arrangements to be made.

(iv) Requests for variation of the due
date for an assessment task, other
than an examination, on the
grounds of selection in State,
national or international sporting,
educational or cultural events
shall be submitted to the unit
assessor at least one (1) month in
advance of the starting date of the
activity.

(v) With respect to Rules 3.5(a)(ii),
(iii) and (iv), the relevant Head of
School may approve a later date
for submission of a request if
exceptional circumstances can be
demonstrated by a student.

(vi) The unit assessor, on the evidence
available and after consultation
with other academic staff
responsible for student assessment
in the task in question, shall
determine whether or not to grant
a variation and advise the student
accordingly within five (5)
working days of receipt of the
student's completed application
form. If a variation is not granted,
the student shall be informed in
writing of the reasons. If a
variation is granted, the student
shall be informed in writing of the
new due date for the assessment
task.

(vii) With respect to Rule 3.5(a)(vi),
the relevant Head of School may
approve a later date for response
to the student if exceptional
circumstances for delay can be
demonstrated by the unit assessor.

(viii) Where extensions have been
granted beyond the due date of the
finalisation of grades for the
semester or trimester, the student
shall receive an interim notation
of Incomplete.

(b) Special consideration in the end-of-unit
examination

(i) Requests for this type of special
consideration shall comply with
the conditions and requirements
as set out in Rule 3.4 and shall be
submitted on the University's
prescribed form of application.

(ii) Requests shall be submitted to the
relevant Head of School.

(iii) Except where otherwise ap
proved by the relevant Head of School,
the timing of the submission of
requests shall be as follows: (i) on
grounds of health, compassionate
circumstances or serious
unforeseen personal events, as
soon as possible before the due
date of the examination; (ii) on
grounds of event conflict resulting
from selection in State, national or
international sporting or cultural
events, at least one (1) month in
advance of the starting date of the
activity.

(iv) The relevant Head of School, after
consultation with the relevant unit
assessor, shall make a
determination and advise the
student, the unit assessor and the Director of Student Administration of the outcome. A student shall not normally be granted special consideration in an end-of-unit examination unless the student has complied with all other compulsory assessment requirements in that unit.

(v) Where a student has been granted special consideration in relation to an end-of-unit examination, the student may choose to:

1. sit the end-of-unit examination and be considered under the provision in Rule 3.5(c)(iv), or
2. not sit the end-of-unit examination and be granted a special examination.

(vi) Where a student has been granted a special examination, a notation of Special Examination shall be entered on the student's record.

c) Consideration in relation to a completed assessment task

(i) Requests for this type of special consideration shall comply with the conditions and requirements as set out in Rule 3.4 and shall be submitted on the University's prescribed form of application.

(ii) Requests shall be submitted to the unit assessor no later than two (2) working days after completion of the assessment task.

(iii) The relevant Head of School may approve a later date for submission of an application if exceptional circumstances can be demonstrated by the student.

(iv) The unit assessor shall retain all applications until the time of the determination of final grades for the unit. At that time, the unit assessor, taking into account the student's application, and, after consultation with any other staff member responsible for the assessment task related to the application, shall either decide the student's final grade or, in exceptional circumstances, recommend to the Board of Assessors that the student be granted further assessment prior to determination of the final grade. The Head of School shall ensure that all applications are retained for a period of six (6) months.

3.6 Examination and Special Examination Periods

(a) Examination periods shall be those periods as determined by the Vice-Chancellor and approved by Council.

(b) A student who wishes to obtain a change of examination venue within ten (10) working days prior to the commencement of an examination period shall be required to pay a prescribed administrative charge.

(c) Special examinations shall be held no later than the third teaching week of the following study period, unless determined otherwise by the relevant Head of School.

(d) Students granted a special examination within ten (10) working days prior to commencement of the special examinations period may be required by the Director of Student Administration to sit the special examination in the subsequent examination period.

(e) Internal students are required to return to the University to sit a special examination, unless prior arrangements for an alternative venue have been approved in writing by the Director of Student Administration.

3.7 Conduct of Examinations

(a) Timetables for examinations shall be prepared and posted on the appropriate notice boards, or due notice of examinations shall be given to students by other means as determined by the University. Such notice shall be given
not less than ten (10) working days prior to the commencement of the examination.

(b) A person other than a student, a supervisor, a unit assessor or other authorised person may not, except with the permission of a supervisor, enter or remain in an examination room during an examination session.

(c) A student may not enter an examination room before being given permission to do so by a supervisor, or thirty (30) minutes after the commencement of the writing time for the examination.

(d) No student may leave the examination room before the expiry of thirty (30) minutes from the commencement of writing time or after the ten-minute warning given by a supervisor before the end of the examination.

(e) A person, whether a student or not, who is given permission to enter or leave an examination room shall comply with all conditions on which the permission is given.

(f) A student shall not, except with the explicit permission of the unit assessor, bring into an examination room anything whatsoever which conveys or is capable of conveying information concerning or otherwise has reference to any unit, or is such that it may reasonably give rise to suspicion that it is capable of conveying information concerning or of having reference to any unit or that it was intended by the student so to do. It is immaterial that the subject matter of the material is not one to which the examination relates. It shall be sufficient answer to any alleged breach of this Rule if the student establishes that anything brought into an examination room was brought in with the permission of the supervisor, or, forthwith upon entering the room, deposited with a supervisor or at a place designated for the deposit of such things.

(g) A student whose first language is not English, with the written approval of the relevant Head of School, may use a standard translation dictionary where the examination is set in English. The written approval and the dictionary must be shown to the supervisor prior to commencement of the examination.

(h) Except with the approval of the supervisor, a student shall not during an examination session communicate with any other person except a supervisor, the unit assessor or other person authorised by the relevant Head of School, or assist any other person to communicate with another person, or willingly receive a communication from any person other than a supervisor, the unit assessor or the relevant Head of School.

(i) Students shall bring into the examination room their student identification card or any other photo identification card.

(j) A student for an examination shall, upon entering an examination room, proceed without delay to the place the student is directed to occupy for that examination by a supervisor or by notice or other means, and shall not leave that place except with the permission or by the direction of a supervisor. A supervisor may at any time direct a student to leave any such place and to occupy another place specified by the supervisor, and a student shall without delay comply with such direction.

(k) A student shall comply with all directions to students set forth on a writing book or other examination material supplied or set out on any notice displayed in the examination room, and shall without delay comply with directions given by a supervisor. A supervisor need not give a student a reason for any direction or requirements given or made to the student.
(l) A student shall not remove from the examination room any worked script or paper provided for use during the course of the examination, or other material the property of the University unless permitted by the supervisor.

(m) A supervisor may:

(i) require any person present in the examination room to show by such means as the supervisor may specify and as are appropriate to the circumstances, that the person is not in possession of any unauthorised material as specified in Rule 3.7(f) or that the person is not committing or attempting to commit or has not committed a breach of any other Rule relating to the conduct of examinations;

(ii) if the supervisor considers that unauthorised material has been brought into the examination room, confiscate such material and submit it with a report to the Director of Student Administration;

(iii) ask any person in the examination room any question relating to the conduct of the examination or to that or another person's behaviour while in the examination room.

(n) A person present in the examination room shall comply with any such requirements or answer any question so asked. If the person fails so to do, the supervisor may require the person to leave the examination room.

(o) If, in the opinion of a supervisor, a student's behaviour is such as to disturb or distract any other student, the supervisor may require the person to leave the examination room. A supervisor shall have and may exercise all such powers as are reasonably necessary to ensure the proper and efficient conduct of the examination.

(p) If a person who is required by a supervisor to leave the examination room fails to do so forthwith, the permission given to be on the premises of which the examination room forms part shall be deemed to be withdrawn and the person may be dealt with accordingly.

(q) A student of the University who commits a breach of any part contained within Rule 3.7 shall be guilty of misconduct for the purposes of the Student Conduct Rules and shall be liable accordingly. If not a student of the University, the examination result may be cancelled by the Chair of the Academic Board after such inquiry as the Chair deems appropriate to the case.

(r) A student shall not cheat nor attempt to cheat in an examination. Cheating is defined as any behaviour by a student in relation to an examination that is intended to defeat the purposes of the examination.

(s) A person, whether a student or not, shall not do anything intended to assist any other person sitting for an examination to cheat or otherwise defeat the purposes of the examination.

(t) A supervisor who suspects a student of cheating or acting dishonestly or unfairly, or of assisting another student to cheat or act dishonestly or unfairly, in connection with an examination, may require the student to surrender any book, paper or other material which the supervisor suspects has been or is being used by the student for such purpose and the student shall comply with any such requirement.

(u) After surrender of any book, paper or other material in accordance with Rule 3.7(t), the student may be permitted to continue the examination.

(v) A supervisor who suspects a student of a breach of Rule 3.7(r) and/or Rule 3.7(s) shall, as soon as practicable, submit a written report of the circumstances of the alleged breach, together with any book, paper or other material surrendered in accordance
with Rule 3.7(t), to the Director of Student Administration who shall either;

(i) in the case of a student of the University, advise the relevant Head of School who shall deal with the matter in accordance with the Student Conduct Rules and advise the outcome to the Director of Student Administration; or

(ii) in the case of other persons, determine the action to be taken.

3.8 Grading Categories

(a) The assessment mode for a unit may be either graded or ungraded, as specified in the unit statement.

(b) A student who satisfactorily completes a graded unit shall be awarded a grade of High Distinction, Distinction, Credit, Pass or Terminating Pass. A student who satisfactorily completes an ungraded unit shall be given a notation of Satisfied Requirements. A student who does not satisfactorily complete either a graded or an ungraded unit shall be given the grade of Fail or the interim notation of Incomplete or Special Examination or Not Available.

(c) For year-long units, the assessment notation applicable in the first study period shall be Continuing Unit. The assessment grade or notation applicable in the second study period shall be as specified in Rule 3.8(b).

(d) For Thesis/Project units, the assessment notation at the end of each study period, until such time as the unit is successfully completed, is Continuing Unit. A Thesis Submitted notation shall be given when the student has submitted a thesis for assessment. Upon completion of the assessment process, an appropriate grade will be entered on the student's record.

3.9 Use of Terminating Pass and the Interim Notations of "Incomplete" and "Not Available"

(a) Terminating Pass may be used where a unit assessor judges that a student fulfils the requirements of a unit but is not capable of progressing further in units for which that unit is a prerequisite.

(b) Incomplete may be used:

(i) where the unit assessor requires further evidence to award a grade;

(ii) where a student's final grade, submitted by the unit assessor, was questioned at the Board of Assessor's review of assessment and the required clarification was not available by the time of issuing of results;

(iii) where special consideration has been awarded and where an extension has been granted beyond the due date of finalisation of grades (refer to Rule 3.5(a) (viii)).

(c) An Incomplete notation shall be converted to a grade as soon as possible, and by no later than two (2) years of being recorded. If the Incomplete is not converted by that time, a Fail shall be recorded.

(d) Not Available may be used either where a student has completed a practicum but the report has not been returned to the unit assessor from the school, hospital or supervisor, or where the student has submitted or completed all assessment tasks but a grade has not been determined in time for the submission of final assessment results. Grades for students awarded Not Available should be provided by the end of the second week of the following semester or trimester. If the grade of Not Available is re-awarded, then an explanation should be forwarded to the Chair of the School Board.

3.10 Graded Units - Percentages and Distribution
(a) The following scale of equivalence of grades to percentage marks shall normally apply:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>High Distinction</td>
<td>85 and above</td>
</tr>
<tr>
<td>Distinction</td>
<td>75-84</td>
</tr>
<tr>
<td>Credit</td>
<td>65-74</td>
</tr>
<tr>
<td>Pass</td>
<td>50-64</td>
</tr>
<tr>
<td>Fail</td>
<td>Below 50</td>
</tr>
</tbody>
</table>

(b) In determining the final grades for students in a unit, a Board of Assessors shall seek justification from the unit assessor in such instances as where the percentage of High Distinctions and Distinctions combined for the unit exceeds 20 per cent or where the percentage of Fails exceeds 20 per cent.

3.11 Grade Point Average

The Grade Point Average (GPA) is a simple numerical index which summarises a student's academic performance in a course in a single study period or over the duration of the student's enrolment in the course. The GPA is recorded on a student's Statement of Academic Record/Transcript and Notification of Assessment. The GPA is determined by dividing the total numeric value of grades by the number of units taken. The numeric value of grades is as follows: High Distinction = 4, Distinction = 3, Credit = 2, Pass = 1, Terminating Pass = 1, Fail = 0.

3.12 Processing of Assessment Schedules for Final Assessment Grades

(a) By the first day of each study period, the relevant Head of School shall supply to the Director of Student Administration a schedule of units for which a result is to be submitted, together with the names of the unit assessors.

(b) As soon as possible after the final date for withdrawal without fail, the Director of Student Administration shall supply to each unit assessor a list of students' names for whom a final assessment grade is required in each unit.

(c) Recommended final assessment grades shall be entered on the list referred to in 3.12(b) and submitted to the Director of Student Administration in a sealed envelope or handed in personally.

(d) Following receipt of recommended final assessment grades by the Director of Student Administration, unit lists showing each student's grade shall be produced and distributed to unit assessors before meetings of Boards of Assessors. Unit assessors shall check that the grades shown are correct. Any incorrect grades shall be corrected at the Board of Assessors meeting.

(e) The Board of Assessors shall consider the grades recommended for each student and shall determine the student's final grade in each unit, provided always that:

(i) the Board of Assessors, before determining such final grades, may refer for advice the recommended grades to a meeting of such assessors as the Board may determine;

(ii) the Board of Assessors may determine a grade different from that recommended by a unit assessor after advice to that unit assessor of the intended variation and after consideration of any matters which that unit assessor may wish to place before the Board;

(iii) with the approval of the Board of Assessors, the relevant Head of School may confirm grades executively.

(f) A grade determined by the Board of Assessors may be altered by the relevant Head of School after consultation with the unit assessor concerned:

(i) to correct a patent error; or

(ii) to make a grade accord with the grade which the Head of School and unit assessor are satisfied
would have been confirmed or made by the Board of Assessors if it had considered relevant circumstances which were not considered by it;

(iii) any such variation shall be notified to the Director of Student Administration for forwarding to the student and such variation shall be reported with reasons to the School Board for noting at its next meeting.

(g) The relevant Head of School shall certify to the Director of Student Administration:

(i) the final grades in respect of each student after all authorities have carried out and exercised any power given to them under these Rules;

(ii) the names of any students who have qualified for Honours and the class of Honours for which they have qualified.

(h) After certification of final grades, the grades shall be released to the student by the Director of Student Administration in a form and at a time determined by the Director of Student Administration.

(i) Where a student has taken a special examination, the unit assessor concerned shall normally submit to the relevant Head of School within ten (10) working days of receiving the examination script a grade for the unit, which the Head of School may confirm executively.

3.13 Student Query of Assessment Results other than Final Assessment Grades

pa = per annum fees (per year)

### Notes:

Fees quoted are in Australian Dollars, are for tuition fees only and were correct at time of publication for the 2002 academic year. The fees quoted are fixed at the amount shown for the normal duration of the course and are calculated on a pro-rata basis where enrolment varies from a normal full-time load.

In addition to the fees above, students are required to pay annually compulsory overseas student health insurance and Student Association fees.

Students who are not enrolled in a Southern Cross University course but who enrol in individual subject units will be charged $1,875 per subject unit.

* Courses are taught on a trimester basis (3 academic sessions per year). All other courses are offered on a semester basis.

- An Honours year is available at the end of most Bachelor courses for students who meet the entry criteria. The course fee for the Honours year is the annual course fee for the Bachelor course.

† The course fee for the Study Abroad program includes a non-refundable administrative fee of $1,500 per semester.

# A qualifying year may be required for some students before commencement of a Masters by Research or a Doctorate of Philosophy. The course fee for the qualifying year is the annual course fee for the Masters or Doctorate.

° Admission to external and online courses (off-shore) is at the discretion of the Head of School. Admission is not available to overseas students on a student visa studying in Australia.

### Refunds: Tuition Fees – Overseas Students

If the event described occurs, the student concerned shall be entitled to the refund of fees indicated:

(a) Full refund of fees paid if an offer of a place is withdrawn or the University is unable to provide the course. If, however, the offer was made on the basis of incorrect or incomplete information supplied by the applicant, the University
shall retain 10% of the fee in respect of one study period as well as any cost incurred by the University’s agent in recruiting the student.

(b) Full refund of fees paid if a student is excluded before the start of the study period.

(c) If the Director of Student Administration receives from the student written notice of withdrawal from course:

(i) Commencing Students
   more than four weeks before the start of the study period all tuition fees paid are refundable less an administrative fee of 10% of the tuition fee applicable to that study period and any agent’s fee that may have been incurred plus a full refund of fees paid in advance in respect of a following study period;

(ii) Continuing Students
   before the start of the study period the student shall be entitled to a full refund of tuition fees applicable to the study period and a full refund of fees paid in advance in respect of a following study period;

(iii) Commencing and Continuing Students
   1. on or before the last day of the fifth week of study period, the student shall be entitled to a refund of 50% of the fee applicable to that study period and a full refund of fees paid in advance in respect of a following study period;
   2. after the last day of the fifth teaching week of the study period, the student will not be eligible for any refund of the fee applicable to that study period but will be eligible for a full refund of fees paid in advance in respect of a following study period.

(d) If the Director of Student Administration receives from a student written notice of withdrawal from a unit or units representing less than withdrawal from course:

(i) on or before the last day of the second teaching week of the study period the student shall be entitled to a full refund of the tuition fee applicable to that/those unit/s;

(ii) on or before the last day of the fifth week of the study period the student shall be entitled to a refund of 50% of the fee applicable to that/those unit/s;

(iii) for whatever reason beyond the fifth teaching week of the study period, the student shall not be eligible for a refund of the fee paid for that/those unit/s.

(b) student sanctions be removed or varied; or
(c) conditions for discharging the student’s indebtedness to the University be renegotiated.

4.2 An application for special consideration, setting out the facts upon which the student relies and any corroborative evidence, shall be made in writing to the Director of Student Administration, normally within 10 working days of the date of formal notification to the student of the imposition of student sanctions.

4.3 The Director of Student Administration shall respond to the application for special consideration, normally within 10 working days of the receipt of the application.

RULES RELATING TO STUDENT DISCIPLINE

Discipline Rules

1. These Rules are made in accordance with the powers granted by, and are to be read in conjunction with, By-law No. 12.

1A. Transitional Provision

In these Rules:
(a) all references to “Head of School” should be read additionally as references to “Director of College”;
(b) all references to “School Board” should be read additionally as references to “College Board”.

1B. In these Rules “Head of School” means:
(a) for a candidate enrolled for a unit or units the Head of School responsible for that unit or units;
(b) for a candidate enrolled for a masters or doctoral degree the Head of School responsible for the supervision of that candidate.

2. Simple Breach of Discipline

Where it appears to an officer of the University empowered to take action under these Rules that in the circumstances the misconduct with which a student is charged is not so serious as to warrant its reference to the Disciplinary Committee, the officer may treat it as a simple breach of discipline, and may thereupon exercise the powers conferred by Rules 3 to 8 inclusive of these Rules.

3. Powers of Teaching Staff

Action may be taken under clause 3(1) sections (b), (c) and (h) of By-law No. 12, by a member of the teaching staff in relation to the staff member’s own teaching activities, provided that any suspension imposed shall be for a period of no longer than one day.

4. Report to Head of School

Any action taken under Rule 3 above shall be reported to the Head of the School who may:
(a) affirm or annul the suspension; or
(b) impose a fine not exceeding $50; or
(c) take other action in exercise of the powers conferred by these Rules.

5. Powers of Heads of Schools

A Head of a School in respect to the teaching and other activities and examinations conducted by or the facilities of the School and the Librarian in respect of the library facilities of the University may impose a fine not exceeding $50 or take action under clause 3(1) sections (a), (b), (c), (d), (g), and (h), of By-law No. 12, provided that any suspension imposed shall be for a specified period not exceeding one week.

6. Report to Executive Director and Vice-President (Corporate Services)

Any action taken under Rule 5 above shall be reported as soon as practicable to the Executive Director and Vice-President (Corporate Services). The Executive Dean may thereupon review the matter, and in particular may:
(a) affirm or annul the action taken;
(b) decrease a fine, or increase it to a sum not exceeding $50; or
(c) refer the matter to the Disciplinary Committee.

7. Powers of Executive Director and Vice-President (Corporate Services)

A fine not exceeding $50 may be imposed or action taken under clause 3(1) sections (a), (g), and (h) of By-law No. 12 by the Executive Director and Vice-President (Corporate Services) provided that any suspension order under section (g) shall be for a specific period not exceeding one week.
The Executive Dean may review any fine imposed or action taken under this Rule and in particular may:
(a) affirm or annul the action taken;
(b) decrease a fine, or increase it to a sum not exceeding $50; or
(c) refer the matter to the Disciplinary Committee.

Any suspension of a student during the currency of an examination shall be reported forthwith to the Executive Director and Vice-President (Corporate Services) who may impose a fine or take action in exercise of the powers conferred by these Rules or By-law No. 12 or initiate the convening of the Disciplinary Committee.

8. Powers of the Executive Dean
A fine not exceeding $100 may be imposed or action taken under clause 3(1) sections (a) to (i) inclusive of By-law No. 12 provided that any suspension ordered under sections (b), (c), (d) and (g) shall be for a specific period not exceeding one week.

9. Summary Fines
For a breach of any By-law or Rule which does not amount to misconduct or which an officer of the University is authorised by By-law or Rule to treat as not amounting to misconduct, an officer of the University empowered to impose a fine may notify a student in writing, either by delivering it personally to the student or by sending it by ordinary post to the student’s last known address, that a fine not exceeding $50 will be imposed unless the student by a date being not less than fourteen days subsequent to the issue of the notice shows cause why such fine should not be imposed. If the student fails to show cause satisfactory to the officer concerned within that period, the fine shall automatically be imposed and payable in terms of the notice issued to the student. A student fined under the provisions of this Rule may appeal to the Disciplinary Committee which may affirm or annul or reduce or increase up to $50 the fine imposed.

10. Reference to the Disciplinary Committee
An authority empowered to impose a fine or to take any action under By-law No. 12 or these Rules may, instead of or in addition to exercising such power other than imposition of a fine, report the matter to the Pro Vice-Chancellor (Academic and Quality) with a recommendation that it be referred to the Disciplinary Committee.

11. Disciplinary Committee
(a) There shall be a Disciplinary Committee consisting of the following members:
   (i) three members of the staff of Southern Cross University, at least one of whom shall be a member of the academic staff, at least one of whom shall be male and at least one of whom shall be female, appointed by the Pro Vice-Chancellor (Academic and Quality); and
   (ii) two students appointed by the Pro Vice-Chancellor (Academic and Quality) after consultation with the President of the Students Representative Council.
(b) The Pro Vice-Chancellor (Academic and Quality) shall appoint a secretary to the committee.

12. Term of Membership of the Disciplinary Committee
(a) Members of staff appointed to the Disciplinary Committee shall hold office for a term of two years.
(b) Students appointed to the Disciplinary Committee shall hold office for a term of one year.
13. Replacement of Members of Disciplinary Committee

(a) Where a member notifies the Pro Vice-Chancellor (Academic and Quality) that the member is unable or unwilling to attend to a matter pending before the Disciplinary Committee, or the Pro Vice-Chancellor (Academic and Quality) is of the opinion that the member’s participation is undesirable because of personal involvement in or connected with the matter and so notifies the member, the member shall not participate in the Disciplinary Committee’s consideration of the matter, and a replacement shall be made in accordance with Rule 13(b).

(b) Where a member is excused from participation in the consideration of a matter before the Disciplinary Committee as provided for in Rule 13(a) the Pro Vice-Chancellor (Academic and Quality) shall appoint a replacement from the constituency from which the excused member was selected.

14. Casual Vacancy

(a) If from any cause, other than the expiry of the term of appointment, a vacancy occurs that vacancy shall be a casual vacancy.

(b) A casual vacancy shall be filled in the manner prescribed in Rule 11(a) for the appointment of members and shall be filled from the constituency in which the vacancy occurred.

(c) A person appointed to fill a casual vacancy shall hold office for the remainder of the term of office of that person’s predecessor.

15. Functions of the Disciplinary Committee

The Disciplinary Committee shall hear and adjudicate upon:

(a) any charge of misconduct which is referred to it by the University Council, a Committee of the University Council, the Vice-

Chancellor, the Pro Vice-Chancellor (Academic and Quality) or other senior member of the University as defined in By-law No. 12;

(b) any appeal to it under By-law No. 12.

16. The Disciplinary Committee shall:

The Council of Southern Cross University is pleased to present to you the 2002 Calendar. This publication includes comprehensive information concerning the University’s structure, governance and legislative framework.

Southern Cross University continues to provide opportunities for high quality university education with a strong student focus. Our vision is to be a dynamic learning community recognised for distinctive achievements in teaching and research and a leading role in supporting regional development with an international presence.

In recent years, one of Southern Cross University's hallmarks has been its innovative and flexible approach in the delivery of quality educational courses and services to its students. We are a new University with a relatively small size which means we offer a lower student/lecturer ratio than most other institutions. Our research is regionally valued and internationally significant.

The Council of the University, through its major strategic planning processes will continue to focus our research efforts; to strive for excellence in teaching and research; and continue to develop distinctive programs relevant to the needs of the region in eastern Australia and our global location in the Asia/Pacific region.

On behalf of the Council of the University, I welcome you to our community.

Lionel Phelps

14. Schedule of dates for Council elections

In the conduct of an election, the Returning Officer must allow:

(4) An election is not invalid only because a person whose name is enrolled on the relevant roll of staff or students of the University did not receive a ballot paper.
In this clause, a reference to a person’s name being in a relevant roll of staff or students of the University is a reference to the person’s name being in the roll concerned at the close of nominations for the relevant election.

19. Notice to accompany ballot paper

With each ballot paper issued in respect of a Council election, there must also be issued:

(a) a notice setting out how the ballot paper is to be completed and specifying the date and time by which ballot papers for that election must reach the Returning Officer, and

20. Contents of ballot paper

Each ballot paper must contain the names of the candidates in the order drawn at random by the Returning Officer, or by a person appointed by the Returning Officer, for the purposes of the election and must be initialled by the Returning Officer or by a person appointed by the Returning Officer.

21. Method of voting

Each voter must mark a vote on the ballot paper by placing the figure “1” in the square opposite the name of the candidate to whom the voter desires to give a first preference vote, and may place consecutive figures (commencing with the figure “2”) in the squares opposite the names of any of the remaining candidates, so as to indicate by numerical sequence the order of the voter’s preference for them.

(1) In the case of an election of a staff member of the Council, each voter must:

(a) place the completed ballot paper in the envelope marked “Ballot Paper” and seal that envelope, and

(e) count the votes, and ascertain the result of the ballot, in the manner set out in clauses 26–30.

26. Informal ballot papers

(1) A ballot paper is informal if it has on it any mark or writing that, in the opinion of the Returning Officer, will enable any person to identify the voter.

(2) A ballot paper is informal if not initialled under clause 20.

(3) A ballot paper is informal if the voter has not indicated a clear preference for at least one candidate.

(4) Despite subclause (3), a ballot paper is not informal only because any figures placed on the ballot paper are not placed in, or entirely in, the squares opposite the candidates’ names, if the figures are placed on the ballot paper in such positions as, in the opinion of the Returning Officer, clearly indicate the order of the voter’s preference for the candidates.

27. Nomination of scrutineers

(1) Each candidate is entitled to nominate one scrutineer to be present at the count.

(2) A person is not to be a scrutineer in an election in which he or she is a candidate.

(2) The Returning Officer must count the total number of ballot papers and exclude any informal papers.

(3) The Returning Officer must count the number of first preference votes given for each candidate.

(4) The candidate who has received the largest number of first preference votes must, if that number constitutes an absolute majority of votes, be declared by the Returning Officer to be elected.

(5) If no candidate has received an absolute majority of first preference votes, the candidate who has received the fewest first preference votes must be excluded and each of the ballot papers counted to that candidate must be counted to the continuing candidate next in order of the voter’s preference.

(6) If on any count 2 or more candidates have an equal number of votes and one of them has to be excluded, the candidate to be excluded must be determined as follows:

(a) if the count is the first made in connection with the ballot, the Returning Officer must determine by lot which of those candidates is to be excluded,

(b) if the count is the second or subsequent count made in connection with the ballot:

(i) that candidate must be excluded who had the least number of votes at the last count at which one of those candidates received fewer votes than each of the others, or

(ii) the Returning Officer must determine by lot which of those candidates is to be excluded, if at all preceding counts no one of those candidates received fewer votes than each of the others.

(7) The process of excluding the candidate who has the fewest votes and counting each of the ballot papers counted to that candidate to the continuing candidate next in order of the voter’s preference must (subject to subclauses (8) and (9)) be continued:

(a) until one continuing candidate has an absolute majority of votes in which event that candidate must be declared by the Returning Officer to be elected; or

(b) until all candidates but one have been excluded in which event the remaining candidate must be declared elected.

(8) If at any point during any particular count after the first preference votes have been counted, the candidate next in order of a voter’s preference is not indicated or cannot be ascertained, that ballot paper must, from that point onwards, be excluded from that particular count and the total of the ballot papers counted must be amended accordingly. The ballot paper must, however, be reinstated in any later counts carried out in accordance with subclause (10).

(9) If any further positions remain to be filled, all excluded candidates must be reinstated with their first preference votes credited and each of the ballot papers counted to the elected candidate or candidates must be counted to the reinstated candidate next in order of the voter’s preference as if it were a first preference vote.

(10) The procedures described in subclauses (4) to (9) apply until all vacancies are filled.

Except in emergencies as determined by the Chancellor, notice of items for discussion shall be conveyed by letter to the Secretary to Council 14 days before a meeting. Such items received from members of the Council, shall form part of the Agenda. The Chancellor shall have discretion in determining whether or not submissions from elsewhere shall be accepted for consideration by the Council.

2. Distribution of Agenda

4. Postponement of Meetings
Any meeting of the Council shall be postponed if, one hour after the time set for the meeting, insufficient members are present to constitute a quorum. A time and place for the postponed meeting will be set at which meeting, if a quorum is not present within one hour after the time set for the meeting, the Chancellor may legally proceed without the necessary quorum.

5. Observers
(a) Council meetings are open to the public, except when matters are considered in committee, but shall not be filmed or otherwise electronically recorded.

(b) A person who is not a member of the Council shall not be permitted to address the Council unless application is made in writing and approved by the Chancellor. An application not made in writing may be accepted by the Chancellor or by the Council by resolution passed by a majority of the members present.

7. Motions
(a) The Chair has discretion regarding the acceptance of motions. The Chair’s discretionary ruling may be reversed if the majority of the members present support a motion to this effect.

(b) All notices of motion accepted by the Chair shall appear on the business paper for the meeting concerned. These motions shall be given to the Secretary to Council in writing and shall contain the signature of the proposer.

(c) A motion which is ruled by the Chair to have the effect of amending or rescinding a previous resolution of the Council or altering policy shall not normally be accepted except as a notice of motion for a subsequent meeting.

(d) Except for a motion from the Chair, a motion must be seconded before there may be any discussion.

(e) A point of order accepted by the Chair takes precedence over all other discussion.

(f) Amendments shall be considered prior to a vote on the substantive motion.

(g) All amendments must be relevant to the original motion and no amendment may directly negate the substantive motion or the original motion.

(h) Whenever an amendment is moved upon the original proposal, no further amendment shall be voted on until the first amendment has been disposed of.

(i) Motions or amendments may be withdrawn by the proposer with the approval of the seconder and with the consent of the members.

(j) Though there is a motion before the Council and whether or not there is an amendment to the motion before the Council, it may be moved and seconded by persons who have not hitherto participated in the motion or amendment:
(i) “That the Council does now adjourn”;
(ii) “That the Council proceed to the next business”;
(iii) “That the question be put”, provided that at least two people have spoken for and two people against the motion.

Such a motion shall not be moved while a member is speaking. It shall be put to the vote without discussion.

If (i) is carried the Council shall forthwith determine the time and place for the meeting to be resumed.

If (ii) is carried the matter may not be raised again except as a formal item of business at a subsequent meeting. If it is lost, discussion may continue and the same motion shall not be proposed again during the discussion until a period of 15 minutes has elapsed.

If (iii) is carried the question shall be put forthwith.

(k) The Chair may request the proposer of a motion to submit the motion in writing.

(l) A motion for making, rescinding or amending a standing order shall not be made except in pursuance of notice given at the previous meeting of the Council, or conveyed to the Secretary to Council in writing within 14 clear days before the meeting, and a resolution for any such purpose shall require a simple majority of the members present.

8. Right to Address the Chair

(a) Prior to the closure of a debate a right of reply shall be allowed only to a proposer of a substantive motion and such reply shall close the relevant debate.

(b) Except at the discretion of the Chair a member other than the proposer of a substantive motion may not speak more than once to a question before the meeting.

(c) At the discretion of the Chair a speaker may be asked to yield the floor on a point of information.

9. Voting

Voting will normally be on the voices except that any member may request a show of hands, and a majority of members present may request a secret ballot.

Elections for office bearers shall be by secret ballot. Voting shall be on a “first past the post” basis. Where more than one position is to be filled, the positions will be voted on seriatim.

A motion shall be declared carried, apart from motions for suspension of a standing order and continuation of a meeting after 5.00 pm, if it receives a simple majority of votes cast. The Chair shall have a deliberative vote and, in the event of a tie, the right of casting vote.

10. Decisions

Decisions of the Council shall be made on the result of a vote on:

(a) a motion prior notice of which has been given in the business paper; or

(b) a formal seconded motion arising from the business of the meeting.

11. Suspension of Standing Orders

In exceptional circumstances the Chair may move the suspension of Standing Orders.

A resolution for the suspension of a standing order shall require a two-thirds majority of the members present.

SCHOLARSHIPS, POSTGRADUATE

Scholarships are available competitively for students enrolling in postgraduate research degrees. Full details of these scholarships are set out below or refer to the University website at www.scu.edu.au/services/scholarships/ or contact the Graduate Research College on (02) 6620 3172.

Research Scholarships and Research Support Scholarships

Conditions of Award

1. Eligibility for Scholarship
   To qualify for a scholarship, applicants should hold or expect to complete, within two months of the closing date for applications, a degree or other qualification which, in the opinion of the Scholarships Sub-Committee, is equivalent to a degree.

2. Closing Date for Applications
   Applications shall close with the Graduate Research College on 31st May and 31st October each year.

3. Duration of Scholarship
   In the case of a Masters candidate the scholarship may be held for a maximum of one year; and in the case of a PhD candidate the scholarship may be held for a maximum of three years provided that, in the case of a Masters or PhD candidate, an extension of a scholarship for one further period of up to six months, to be sought before the end of the period of scholarship, may be granted at the discretion of the Scholarships Sub-Committee. Applications for an extension will only be considered where the research has been delayed due to circumstances beyond the awardee's control and where the delay is related to the research rather than being of a personal nature.

4. Mode of Study
   Scholarship holders will be required to pursue their course of study on a full-time basis, and may not engage in any academic course of study leading to a qualification which is not an essential part of their research programme.

5. Allowances
   Research awards and research support awards shall carry a stipend and other allowances outlined in a schedule of benefits available from the Graduate Research College.

6. Other Awards
   Scholars may not hold a research award or support award concurrently with any other award, without the approval of the Dean of the Graduate Research College.

7. Employment
   (a) Scholarship holders may be appointed to undertake casual teaching or other duties equivalent to not more than 20% of the normal teaching load of a Level A academic.

(b) A scholarship holder must not undertake any further form of employment during the term of the scholarship except with the approval of the principal supervisor, the School Director of Postgraduate Studies and Research or College director and the Dean of the Graduate Research College.

The award will cease on expiry of the award or two weeks after submission of the thesis, whichever occurs first. However, if the award has not expired, it may be re-instated, upon the work being returned to the candidate for amendment, and continued until it either reaches that limit or the thesis is re-submitted, whichever occurs first. Periods of study already undertaken towards the degree or undertaken during suspension of the award will be deducted from the period of tenure.
8. Leave
Scholars are entitled to 20 days paid recreation leave a year calculated on a pro-rata basis. No more than 20 days recreation leave may be accumulated and leave must be taken during the tenure of the scholarship. The principal supervisor's agreement must be obtained before leave is taken. Any other absence from studies in excess of 2 weeks must be reported to the Dean of the Graduate Research College. A student who fails to do this and subsequently claims an extension to the period of scholarship as set out in Rule 3 on the grounds of unreported absence, cannot expect favourable consideration of such a request. At the discretion of the Chair of the Scholarships Sub-Committee, a scholar may have up to 3 months paid sick leave and up to 3 months paid maternity leave within the tenure of the scholarship.

9. Interruption of Scholarship
A scholar may apply for interruption to the scholarship for a period or periods of up to 12 months in total. During this period benefits are not payable and the period will be added to the tenure of the award*. Any further period of interruption will be subject to the approval of the Academic Board. Where permission for interruption is sought, scholarship holders must consult the Administrative Officer of the Graduate Research College.

* Where candidature continues part-time, the equivalent period will be deducted from the tenure of the scholarship.

10. Contact with Supervisor
A scholar is required to maintain regular contact with the supervisor. Details of supervisory provisions governing particular degrees are available from School Secretaries and the Secretary of the Higher Degrees Committee (Research).

11. Enrolment in Other Courses
A scholar who wishes to enrol in a course other than the one for which the scholarship was offered is required to submit a formal application for transfer of the scholarship to the other course through the principal supervisor and School Director of Postgraduate Studies and Research or College director to the Chair of the Higher Degrees Committee (Research).

12. Progress Report and Renewal of Scholarship
Scholars will be required to submit two (2) progress reports each year. An unsatisfactory report may result in cancellation of the scholarship or the scholarship holder being placed on probation.

13 Conversion from Masters to PhD
Where a Masters candidature is converted to a PhD candidature, the scholarship awarded in respect of the Masters candidature will convert automatically to a PhD scholarship, from the date the Higher Degrees Committee (Research) agrees to the conversion, subject to the tenure of the upgraded scholarship being reduced by any period of candidature occurring between the commencement of the Masters tenure and the date of conversion. The total period of scholarship tenure for both Masters and PhD candidature combined will not exceed three years unless an extension is approved in accordance with the Conditions of Award.

SCHOLARSHIPS, UNDERGRADUATE
Vice-Chancellor’s Scholarships
Each year a number of scholarships, each to the value of $15,000 for a normal degree programme ($5,000 per year for three years of full-time study), will be offered to students studying the HSC or equivalent at either school or college. The scholarships will be granted to students of outstanding academic ability on the basis of the following selection criteria:
