Business and tourism degrees take full advantage of this thriving city where a multitude of leisure and service industries offer work and placement opportunities.

Students also gain clinical experience providing health services to the public in the Southern Cross University Health Clinic.

The Gold Coast is also the perfect location for studying IT or digital business with close proximity to industry partners such as the Gold Coast Airport and to the University’s digital enterprise lab, where students develop innovative solutions to real-world problems.

Engineering management, arts, law and social welfare complete the wide range of disciplines taught at the Gold Coast.

ENGLISH LANGUAGE REQUIREMENTS

Most applications must include evidence of English language proficiency. Academic IELTS is the benchmark score indicated in the admission requirements for each course. All English language results must have been achieved in the last two years.

For undergraduate degrees the minimum score required is IELTS of 6.0 with no band less than 5.5 with the exception of health sciences, nursing and midwifery and social sciences degrees.

For most postgraduate degrees the minimum score required is IELTS of 6.5 overall.

The English language requirement may also be satisfied by completing an English for Academic Purposes or pathway program with SCU College (see page 21).

‘English language comparable to Academic IELTS 6.0 with no band less than 5.5’ means to meet the English requirement the minimum overall IELTS score is 6.0, and no band in reading, writing, speaking or listening can be below 5.5.

Southern Cross University also accepts comparable scores from CPE (Cambridge Certificate of Proficiency), CAE (Cambridge Certificate of Advanced English), TOEFL (Test of English as a Foreign Language - internet-based test), PTE (Pearson Test of English), ISPLR (International Second Language Proficiency Rating), CEFR (Common European Framework of Reference for Languages).

ACADEMIC REQUIREMENTS

The minimum academic requirement for undergraduate degrees is displayed in the ‘Academic Score by Country’ shown on the international tab for each course on the University website.

For postgraduate degrees, assessment is made on an equivalent Australian Bachelor degree plus any other course-specific requirements.

Advanced standing refers to previous study undertaken which may reduce the duration of your degree. You need to apply for advanced standing at the time of application.

When assessing applications against the relevant Academic Standards, the University will use accepted educational resources, including Australian Education International – National Office of Overseas Skills Recognition (NOOSR), United Kingdom National Recognition Information Centre (UK NARIC), University Admissions Centre Assessment of Qualifications Manual and the Queensland Tertiary Admissions Centre Schedule to establish the Australian equivalent of an applicant’s overseas qualifications.
